INSTRUCTIONS FOR COMPLETION OF STANDARD FORM 135

FOR COMPLETION BY THE TRANSFERRING AGENCY

Items 1, 2, 3 and 5 are self-explanatory. Specific instructions for item 6 are as follows:

Col.

Accession Number. A separate accession number is required for each series of records listed on the form. A series consists of records having the same disposal authority and disposal date that are transferred together to the records center. The accession number is entered in three parts, consisting of:

- (a) The NARA record group number assigned to the records of the agency making the transfer;
- (b) The last two digits of the current fiscal year; and
- (c) A four digit sequential number obtained in advance from the records center. (Arrangements may be made with the center to have these numbers assigned by the agency records officer or other official.)
- (d) **Volume.** Enter the volume in cubic feet of each series of records being transferred.
- (e) **Agency Box Numbers.** Show the inclusive box numbers for each series of records being transferred. The agency shall number each carton sequentially as follows: 1 of 25, 2 of 25, 3 of 25, etc. (Each new series of records should begin with carton number 1.) To facilitate control of the records and future reference service, the agency also shall mark each container with the assigned accession number prior to shipment.
- (f) **Series Description.** Describe the records in sufficient detail to allow the records center to check for proper application of the disposal schedule. Inclusive dates of the records should be indicated. Show the organizational component that created the records when it is other than that shown in item 5.
- (g) **Restriction.** Enter one of the following codes to show a restriction on use of the records. Restrictions other than (or in addition to) security classifications, such as limiting access to certain agency officials, are to be specified by a statement in the Series Description column (f).

Code

Restrictions

Q	Q security classification
T	Top Secret security classification
S	Secret security classification.
C	Confidential security classification
R	Restricted use—witnessed disposal <i>not required</i> (specify in column (f))
W	Restricted use—witnessed disposal <i>required</i> (specify in column (f))
N	No restrictions

- (h) **Disposal Authority.** For each series of records, cite the agency schedule and specific item number authorizing disposal. Cite the NARA disposal job and item number if it has not been incorporated into an updated agency schedule.
- (i) **Disposal Date.** Applying the disposal authority previously cited in column (h), enter the month and year in which the records may be destroyed.

FOR COMPLETION BY THE RECORDS CENTER

Item 4 is self-explanatory. Specific instructions for item 6 are as follows:

Col.

- (j) **Location.** The records center annotates the shelf location of the first carton for each series of records.
- (k) **Shelving Plan.** The records center enters the appropriate code from Chap. 7-10e, HB, Records Center Operations (NAR P 1864.1A), to reflect the shelving system.
- (l) **Container Type.** The records center enters the appropriate code from Chap. 7-10h, NAR P 1864.1A, to reflect the type of container in which the records are retired.
- (m) **Automatic Disposal.** The records center enters either Y (yes) to indicate automatic disposal applies or N (no) indicating that the agency wishes to receive disposal concurrence notice prior to destruction of the records. Automatic disposal is applied only when previously agreed upon by the agency.

Use Standard Form 135-A, Records Transmittal and Receipt Continuation, when additional space is required for listing records data.

Standard Form 135 Back (Rev. 7-85)

RECEIPT

Complete and send original and two copies of this form to the appropriate Federal Records Center for approval prior to shipment of records. See specific instructions on reverse.

INSTRUCTIONS FOR COMPLETION OF STANDARD FORM 135

FOR COMPLETION BY THE TRANSFERRING AGENCY

Items 1, 2, 3 and 5 are self-explanatory. Specific instructions for item 6 are as follows:

Col.

Accession Number. A separate accession number is required for each series of records listed on the form. A series consists of records having the same disposal authority and disposal date that are transferred together to the records center. The accession number is entered in three parts, consisting of:

- (a) The NARA record group number assigned to the records of the agency making the transfer;
- (b) The last two digits of the current fiscal year; and
- (c) A four digit sequential number obtained in advance from the records center. (Arrangements may be made with the center to have these numbers assigned by the agency records officer or other official.)
- (d) *Volume.* Enter the volume in cubic feet of each series of records being transferred.
- (e) *Agency Box Numbers.* Show the inclusive box numbers for each series of records being transferred. The agency shall number each carton sequentially as follows: 1 of 25, 2 of 25, 3 of 25, etc. (Each new series of records should begin with carton number 1.) To facilitate control of the records and future reference service, the agency also shall mark each container with the assigned accession number prior to shipment.
- (f) *Series Description.* Describe the records in sufficient detail to allow the records center to check for proper application of the disposal schedule. Inclusive dates of the records should be indicated. Show the organizational component that created the records when it is other than that shown in item 5.
- (g) *Restriction.* Enter one of the following codes to show a restriction on use of the records. Restrictions other than (or in addition to) security classifications, such as limiting access to certain agency officials, are to be specified by a statement in the Series Description column (f).

Code	Restrictions
Q	Q security classification
T	Top Secret security classification
S	Secret security classification.
C	Confidential security classification
R	Restricted use—witnessed disposal <i>not required</i> (specify in column (f))
W	Restricted use—witnessed disposal <i>required</i> (specify in column (f))
N	No restrictions

- (h) *Disposal Authority.* For each series of records, cite the agency schedule and specific item number authorizing disposal. Cite the NARA disposal job and item number if it has not been incorporated into an updated agency schedule.
- (i) *Disposal Date.* Applying the disposal authority previously cited in column (h), enter the month and year in which the records may be destroyed.

FOR COMPLETION BY THE RECORDS CENTER

Item 4 is self-explanatory. Specific instructions for item 6 are as follows:

Col.

- (j) *Location.* The records center annotates the shelf location of the first carton for each series of records.
- (k) *Shelving Plan.* The records center enters the appropriate code from Chap. 7-10e, HB, Records Center Operations (NAR P 1864.1A), to reflect the shelving system.
- (l) *Container Type.* The records center enters the appropriate code from Chap. 7-10h, NAR P 1864.1A, to reflect the type of container in which the records are retired.
- (m) *Automatic Disposal.* The records center enters either Y (yes) to indicate automatic disposal applies or N (no) indicating that the agency wishes to receive disposal concurrence notice prior to destruction of the records. Automatic disposal is applied only when previously agreed upon by the agency.

Use Standard Form 135-A, Records Transmittal and Receipt Continuation, when additional space is required for listing records data.

Jackson, California
October 20th, 1940.

United States Mint,
Duboce & Market Street,
San Francisco, California.

Dear Sir:-

We had a Dredger belonging to E. L. Lilly,
on the Consumnes River this county broken into by pry-
ing off the locks and about \$2000.00 worth of gold taken.
Looks to be an inside job.

They only work one shift from seven A. M. to
five P. M., the rest of the time no one is around the
works. The fineness of this gold is 860/1000th. We
suspect T. W. Apedaile. He quit his job the other day
and I learned this morning that he had gone to Salt Lake.
If he makes any shipments would you kindly wire us collect
and we will investigate. Thanking you in advance for your
courtesy, I am,

Yours most truly

SUPERINTENDENT,
UNITED STATES MINT,
DENVER, COLORADO.

DEAR SIR:

ON SEVERAL OCCASIONS THE BUREAU HAS REQUESTED THE ALMA SYNDICATE, 707 FIRST NATIONAL BANK BUILDING, DENVER, COLORADO TO SUBMIT CERTAIN SCHEDULES IN SUPPORT OF ITS TS-300 (REVISED) REPORTS. THESE SCHEDULES HAVE NEVER BEEN FILED, BUT A LETTER WAS RECEIVED FROM THE COMPANY WHICH STATES, AS FOLLOWS, "OUR PLANT CLOSED DOWN NOVEMBER 19, 1938 AND THERE WILL BE NO PRODUCTION BEFORE LATE SPRING".

AS YET THERE HAS BEEN NO INDICATION OF THE FACT THAT THE COMPANY HAS RESUMED PRODUCTION SINCE NO AFFIDAVITS HAVE BEEN RECEIVED SUBSEQUENT TO DECEMBER 1938.

IN VIEW OF THE FACT THAT THE COMPANY HAS DISREGARDED THE BUREAU'S REQUESTS FOR SCHEDULES AND DELINQUENT REPORTS, YOU ARE INSTRUCTED TO DECLINE ACCEPTANCE OR MAKE SETTLEMENT FOR ANY SILVER TENDERED FOR DEPOSIT UNDER THE ACT OF JULY 6, 1939.

VERY TRULY YOURS,

Dear Sir:

This office has advised Mr. Samuel Alzofon, 424 South Broadway, Los Angeles, California, holder of license No. SF-6R13-1301, that unless he submitted to this office certain delinquent TCR-13 reports his license would be subject to revocation.

Although this license was given a reasonable period of time within which to comply with our request, he has failed to do so. You are therefore authorized and instructed to revoke immediately the license of Samuel Alzofon and to instruct that licensee to surrender his license to you promptly. Your letter of revocation should, according to the provisions of section 6(2) of the Provisional Regulations issued under the Gold Reserve Act of 1934, be mailed to the address which is set out in such licensee's application for a license.

In your letter of revocation, you should instruct Samuel Alzofon that any gold which is being held under authority of the above license may be disposed of to persons authorized under the aforementioned Regulations to acquire such gold provided such disposition is made within fifteen days after the date of your letter.

Attention of the licensee should be directed to the penalties prescribed in section 4 of the Gold Reserve Act of 1934, for the acquisition, holding, melting and Treating, etc., of gold in violation of such Act, and the Regulations issued thereunder.

By direction of the Secretary of the TreasuryL

**GOLD BLACK MARKET
Is Laid to 4 Here**

**Diversion of \$2,500,000 in
Metal is Charged**

A Federal grand jury indicted four persons yesterday on charges of conspiracy to violate the gold reserve act of 1934 by purchasing \$2,500,000 worth of fine gold from refiners, ostensibly for the manufacture of jewelry, and diverting it into black-market channels.

The defendants are Achille Parrilla, forty-eight, of 801 Fifty-first Street, Brooklyn; Allen James Geist, twenty-four, of 1668 Seventy-second Street, Brooklyn, a messenger employed by Parrilla; Vincent Angeloni, forty-eight of Haines Falls, N.Y.; and Elwood Ward, thirty-two, a jewelry repair man of 299 Main Street, Northport, L.I.

According to Assistant United States Attorney William Koerner, Parrilla obtained a license from the Treasury Department in 1947 permitting him to buy gold from licensed gold refiners. He said Parrilla represented his address to be that of Angeloni's jewelry plant at 49 West Twenty-seventh Street and set forth that he planned to manufacture such jewelry items as rings and watch cases.

Mr. Koerner charged that the jewelry plant was not equipped for manufacture and that none of the gold bought at \$35.20 an ounce was used for that purpose.

**\$2,500,000 SWINDLE
IN GOLD LAID TO FOUR**

Four men, one an ex-convict free in \$10,000 bail on a grand larceny charge were accused by a Federal grand jury yesterday of violating the Gold Reserve Act of 1934 as part of a scheme that allegedly led to the diversion of \$2,500,000 in fine gold to the European black market.

Those named were Achille Parrilla, 48 years old, of 801 Fifty-first Street Brooklyn; Allen James Geist, 24, of 1668 Seventy-second Street, also Brooklyn; Vincent Angeloni, 48 of the Shady Grove Hotel, Haines Falls, N.Y. and Elwood Ward, 32, a jewelry repair man, of 299 Main Street, Northport, L.I.

William Koerner, assistant United States Attorney, said that Parrilla obtained a license to buy fine gold from the Treasury Department on his representation that he manufactured rings, bracelets and watch cases. Actually, he had taken over part of Angeloni's jewelry-manufacturing plant at 49 West Twenty-seventh Street, but did not have the equipment to make the items he named, Mr. Koerner said.

The prosecutor said that Parrilla used Angeloni, Ward and Geist, whom he employed as a messenger, to buy gold with the license at about \$35.20 an ounce. He charged that most of it was sold in the European black market at much higher prices.

Parrilla was arrested in April, 1948, in connection with the scheme, but was freed in \$2,000 bail while investigation continued. About three weeks ago he was arrested in Brooklyn on a charge of grand larceny when he allegedly netted \$33,000 in a swindle but was released in \$10,000 bail. Mr. Koerner said a date had not yet been set for the four men to plead to the indictment.

HUNT FOR L. I. 'FAMILY MAN' IN 2.5 MILLION GOLD GYP

NORTHPORT -- HE WAS AN ORDINARY FAMILY MAN, A BIT CLOSE-MOUTED BUT OTHERWISE INDISTINGUISHABLE FROM OTHER COMMUTERS WHO QUEUED UP EACH MORNING TO CATCH THE 7:38 INTO PENN. STATION. THEN, AFTER TWO AND A HALF YEARS, ELWOOD WARD DROPPED FROM SIGHT LAST MONTH, LEAVING A WIFE AND TWO CHILDREN AT 299 MAIN ST. YESTERDAY HIS NEIGHBORS LEARNED WHY.

In New York City, a Federal grand jury yesterday indicted Ward and three other men for conspiracy to violate the Gold Reserve Act of 1934.

Assistant U.S. Attorney William Koerner, heading the prosecution, said evidence obtained by Treasury Department investigators of the Bureau of the Mint showed the men had "acquired and disposed of" a cool \$2,500,000 in gold during an 18-month period ending April 23, 1948.

A FORTUNE IN EUROPE

Much of the precious strictly regulated yellow stuff, the prosecutor said, has turned up on the black markets of Europe, where gold prices soar far beyond the official U.S. exchange rate of \$35 an ounce.

Named in the indictments were Ward, Allen G. Geist of Brooklyn, Vincent Angeloni of Haines Falls, N.Y., and Achille Parrilla of Brooklyn—the latter under arrest since April 23, 1948, when the T-men cracked down on the gold mob.

U.S. Attorney Koerner said Ward posing in Northport as an ordinary commuter and jewelry manufacturer's representative of the

Authentic Casting Co., 49 W. 27th St., Manhattan, actually was the contact man who bought gold which the mob smuggled out of the country, using fraudulently obtained licenses to buy the precious metal from legitimate refiners.

Parrilla, the T-men charged, was the head of the "Authentic Casting Co.," but he did no casting, nor was his company authentic. An additional indictment against him charges him with obtaining U.S. Treasury gold licenses by falsified statements indicating that he was a jewelry manufacturer who needed the gold for his business.

PROFIT "TREMENDOUS"

With these licenses, Parrilla and his boys, including Ward, bought up gold, bullion, ingots, chains, rings — at jeweler's wholesale rates far below the official exchange rate, then passed them through devious channels to an underground market which ferried them to Europe for what U.S. Attorney Koerner said must have been a "Tremendous" profit.

T-men said Parrilla's company was strictly a dummy which never made a sale or manufactured a bauble.

Ward's Northport neighbors told Newsday last night the thirty-ish quiet man who lived in the quiet, run-down two-family house on Main St., had lived conservatively, had never been known as a spender; had not, in fact, been known at all.

Ward came to Northport two and a half years ago, they said, but had never made a friend — or an enemy.

He was seen coming home from "work" in the evening; catching the Long Island in the morning, he sometimes went so far as to nod to a neighbor, but no farther. His wife and two young children kept to themselves.

FWED THE COOP.

One night a month ago, T-men and Northport police descended on the quiet home, pounded on the door. Ward had flown the coop, hours before. Simultaneous raids on the homes of other Parrilla henchmen were equally fruitless.

Parrilla, if convicted, faces penalties ranging as high as 23 years imprisonment and a \$10,000 fine. Ward and other Authentic Casting Co., employees face straight two-year sentences for conspiracy if convicted, the prosecutor said.

December 31, 1956

Joseph F. Irvin, President
Southwest National Bank of El Paso
305 Mills Street
El Paso, Texas

Dear Mr. Irvin:

Your inquiry of December 14, 1956 concerning gold, addressed to the United States Mint at Denver, Colorado, has been referred to me for reply.

The acquisition, possession, use and sale of gold in the United States are governed by the enclosed Gold Regulations, Section 54.40 of which pertains to the importation of gold. You will note that the mints are authorized to purchase only such gold imported into the United States as has been in customs custody throughout the period in which it shall have been situated within the customs limits of the continental United States and then only subject to the provisions as set forth in that section.

This office would have no jurisdiction over any laws or regulations concerning the exportation of gold from other countries, but you might be able to obtain such information from the Embassy of France, Washington, D. C.

I hope this information will be of assistance to you.

Very truly yours,

Director of the Mint

Superintendent, United States Mint, San Francisco, California
Superintendent, United States Assay Office, New York, New York
Superintendent, United States Mint, Philadelphia, Pennsylvania
Superintendent, United States Mint, Denver, Colorado
Assayer in Charge, United States Assay Office, Seattle, Washington

Dear Sir:

Reference is made to my letter of January 12, 1951, containing instructions for dealing with transactions affected by the Foreign Assets Control Regulations which became effective December 17, 1950.

We have been advised by the Division of Foreign Assets Control that the following list of firms have been made "specially designated nationals" as defined in Section 500.306 of the Foreign Assets Control Regulations:

- (1) Nam Sun Trading Corporation, Hong Kong
(Also known as Nn Hsin Trading Corporation)
- (2) Wu Yang Trading Corporation, Hong Kong
- (3) Szechuan (also spelled Szechuen) Animal By-Products Trading Co., Ltd., Hong Kong.
- (4) Universal Development Co., Ltd., Hong Kong
- (5) China Mutual Trading Co., Ltd., 15-21 Ice House Street, Hong, Kong.
- (6) China Mutual Trading Co., Inc., 120 Wall Street New York, N. Y. (in dissolution)
- (7) China Resources Co. (Also known as Wah Yun Co.)
506 Pedder Building, Hong Kong

In accordance with the instruction contained in the penultimate paragraph of my letter of January 12, 1951, you should not effect any transaction in which any of such specially blocked nations are involved or interested, except pursuant to a Foreign Assets Control license,

Very truly yours,

Signed:

Leland Howard
Acting Director of the Mint.

In re: F. BENNETT- Magdalena, NM.
Suspected high-grader from
Rosedale Gold Mines, Ltd.

Richard L. Jarvis, Esq.,
Operative in Charge,
Secret Service Division,
Los Angeles, California.

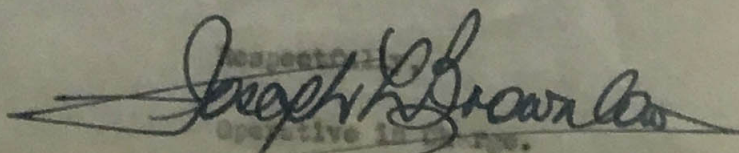

Dear Sir:

At 5:10 PM., today I received LD phone call from one Mr. H. R. BISSILL, Manager of the ROSEDALE GOLD MINES, Ltd., of Magdalena, NM., who reported to me that for the past few months this firm has been experiencing a steady series of thefts from the mine which has amounted to some \$5,000.00 more or less. Mr. BISSILL stated that he has every reason to believe, after investigation, that one F. BENNETT employed as the watchman for the company is responsible for these thefts. I am advised that at this time a large amount of what is known as a cyanide precipitate or "black precipitate" is missing and that BENNETT who left Magdalena, N.M., yesterday is presumed to have this in his possession. (possibly in brick form).

BENNETT is driving a 1932 or 1934 Chevrolet Sedan, dark blue or black, carrying New Mexico license plates and is accompanied by his wife. Both persons are reported as headed for the home of a Mrs. EATHER GRAY at 261 Grape Street, Montebello, Los Angeles County, California. The people at the mine state that every angle of their investigation points toward BENNETT as the thief and they are further of the opinion that he will attempt to dispose of his loot on arrival on the Pacific Coast. Insofar as can be ascertained BENNETT is headed out through the northern route via Flagstaff, Williams (Arizona) and will enter California through Needles, California and proceed toward his destination as given above. BENNETT is described as an American; age 60-65 years; height 5-8 or 5-9; weight 145 lbs; medium complexion; gray hair and clean shaven; attired in ordinary clothing. No definite description is available which will tend to identify his wife.

I am sending this information to you via air-mail for such investigation as you may deem advisable in the premises and am furnishing a copy of this letter (in duplicate) to Operatives FOSTER and GORDON for their information and that of the Mint officials in their respective Districts. Please keep me advised of any developments of interest in this matter.

Belshazzar Mine Washington

Nov. 28, 1940.

Superintendent
United States Mint
Denver, Colorado.

Dear Sir:

Reference is made to your letter dated September 23, 1940, enclosing a letter dated September 21, 1940, received by you from Fred H. Merritt, P. O. Box 464, Weiser, Idaho. On October 5, 1940, we forwarded to you a copy of our letter of that date to Mr. Merritt.

In connection with the matters mentioned by Mr. Merritt, there is enclosed a copy of a letter dated November 16, 1940, received by the United States Assay Office at Seattle from S. M. Ballard, 1119 - 23d Street, Boise, Idaho, together with a copy of a letter sent to Mr. Ballard today.

In view of the statements which have been made concerning the Belshazzar Mine, Placerville, Idaho, if you receive from any of the persons mentioned in the letters from Merritt or Ballard a deposit of gold which it appears has been recovered from the Belshazzar Mine, you should withhold action on such deposit and forward complete details concerning the same to this office.

Yours very truly

Nellie Tayloe Ross
Director of the Mint

Enclosures

Copy
Fred H. Merritt
Consulting Mining Engineer

P.O. Box 464,
Weiser, Idaho.
September 21st, 1940.

United States Mint,
Denver, Colorado.
Attention of the Manager.
Gentlemen:

In Re. Gold Bullion from the Belshazzer property in
Boise County, Idaho.

This property is owned by the Idawa Gold Mining Corp.,
of Bismarck, North Dakota.

On Jan. 15th, 1940, I obtained a long term mineral lease
on the property, with all equipment, free and clear of all incum-
brances.

During April, I transferred the lease to H. J. Casey
of 17 S. E. Union Street, Portland, Oregon, on which transfer there
is still due to me the sum of \$2200.

Neither the purchase nor his associates will render any
information relative to the operations.

I am informed by good authority, that a corporation has
been incorporated; that the lease has been transferred to it by
H. J. Casey, under the name of Belshazzer Mining Co., Inc., but have
not as yet learned under which state the corp was organized;
Am also informed and reasonably convinced that the current opera-
tions, ostensibly for operation of the mine in good faith, is, in
fact, a ruse, to cover illicit transactions in high grade gold bul-
lion, that is either taken from the mine by present workers, or
cleared thru the mine by old time high graders who reportedly have
much bullion cached, but, only thru this organization can they
liquidate their holding.

The gold may be shipped by H. J. Casey, H. M. Howton, or one
of this three brothers, or by Barrett D. Randall, Atty of Portland,
or by a Mr. Crawford, a reputed attorney of Portland, or by other
methods. I understand the Belshazzer Gold is capable of individ-
ual identification by metallurgists.

Please advise me as to name and location of the usual
receiving depot for gold produced from Boise County, and the names
of licensed gold merchants who might be handling this gold.

Also Please advise me as to how I can stop payment on
all such deliveries, until my legal claim of \$2200 is paid.

Thanking you kindly for prompt reply with desired infor-
mation, I am,

Respectfully,

Fred H. Merritt.

Copy 1119 - 23d. St., Boise, Idaho.
Nov. 16, '40.

Director of U. S. Mint,
Seattle, Wash.

Dear Sir:

I write you concerning a certain shipment of gold bullion (or high-grade) that was sold to your office recently by one Howton, (or Houghton)). The gold is supposed to have come from the Belshazzar mine. The Belshazzar mine is located about 3 miles west of Placerville, Idaho.

The mine is at present operated by a man by the name of H. J. Casy. He lives at #17-S.E.Union Ave., Portland, Ore. He has a lease on the property. Howton is working the mine at the present time and has this two brothers and two miners helping him. The work they have done at the mine is negligable and the mill is yet in shape from lack of repairs so that it would require about \$20,000. to put it in running order. When seen last, this had no been done, this was the sahpe in which it was two or three moths ago.

Howton came to me here in Boise and tried to get me to run a certain bunch of highgrade ore through in the summer of 1939. I did not do this for him. He told me that he had quite a lot of it but he did not show this to me.

I ran the mine in 1926-1930 and am familiar with the ore of the Belshazzar mine. Howton may attempt to put more ore through your office. Of course, howton has a pretty good alabi at the present time but he would have difficulty in showing where the ore came from if taken from the mine recently, he can't show where it came from. It depends upon whether you have a field man you wish to send to the mine to get the evidence.

Yours truly,

S. M. Ballard

Denver, Colorado.

Dear Sir:

What property? → This is to advise you that James H. Kennedy, U. U. Woodhouse and Lawrence L. Howe, also operating under the name of Universal Placer Mining Corporation, have been taking gold from property located in the Weaver Mining District, near Octave, Yavapai County, Arizona, owned by myself and associates. Said taking being without our authority or consent. Upon discovering their action I notified them to get off the property, which they did did.

This morning I am advised from Arizona that they are now operating on other property in the district owned by myself and associates and known by them to be our holdings. I have again notified them to move off.

To get quick action and to stop further 'hi-grading' of gold from our property, I hereby request you to notify the gold buyers in the District to refrain from buying gold from the above or any of them. Also, that should they ship any gold to your office, that you impound same until due process of law can be had and our ownership of same established.

Yours truly,

Ralph Bennett

Gentlemen:

I am representing Lucille Jensen and Anthony Skalabrin. These parties have contracts with W. A. Bondurant and R. W. Bondurant, under the terms of which the Bondurants agreed to pay to my clients a certain percentage of the gold and other precious metals derived from their placer mining operations on Cottonwood Creek, Shasta County, California. The operations have been conducted under the names of the William Stewart Placer and the William Henry Placer.

For some time the Bondurants used as their agents for the transmission of Bullion to the Mint the firm of Trautz & Green, and the Bank of America, at Redding, California.

No royalty payments have been made either to Miss Jensen or Mr. Skalabrin since about the 15th day of February, 1940, and our information is that the Bondurants are still mining and are still transmitting bullion, but no reports are being made to my clients.

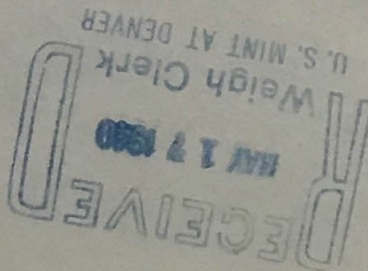

Is permissible under the Regulations of the Mint, could you advise how much has been paid to the Bondurants for bullion delivered to the Mint since the 15th day of February 1940?

Also, it is requested that no further payments be made to the Bondurants for bullion until further notice on behalf of Miss Jensen and Mr. Skalabrin.

Yours very truly,

Attention: Mark A. Skinner, Supt.

Gentlemen:

We have your letter of June 26. We wish to let you know that the name of the employee we have in mind is Maurice E. Bryson.

We appreciate your statement that this information will be kept confidential, since our evidence is not complete enough to bring charges directly against this man. We have the word of another employee that he saw the pilfering going on more than once, and the circumstantial evidence of amalgam spilled on the floor at the time this man was on shift, which circumstance brought up the inquiry and brought out the information from the other employee as mentioned above.

Bryson has been discharged from our employ, but we do not feel that we should do the man any definite harm until we have definite proof.

We wish to thank you for your cooperation.

Very truly yours,

PERRY-SCHROEDER MINING CO.

June 20, 1940

RECEIVED

JUN 24 1940

CHIEF CLERK
U. S. MINT AT DENVER

United States Mint
San Francisco, California

Gentlemen:

We have reason to believe that there has been some high-grading (or stealing of placer gold amalgam) from our gold dredging operation near Helena, Montana. The man who is suspected of having done this is just returning from a three weeks' vacation trip to San Francisco and other California points, where it is suspected he may have disposed of the stolen gold.

We are writing this information to you in case you may have some department looking after the enforcement of gold regulations to whom this might be of interest.

We have no hope of recovering any value, nor do we see any way at the moment of definitely convicting the man in question if our suspicions are true. In addition to this we have no way, of course, of knowing, nor of even estimating, the exact amount of gold involved.

The only information we have to offer is that our shipments have been going to the Denver Mint, and the fineness of the bricks as we pour them, since the first of the year, have run from a low of 882 in gold and 106.5 in silver up to 909.5 in gold and 89.5 in silver. Most of the shipments, however, have averaged approximately 106.5 in silver, and 889 in gold.

We have no way of knowing whether the fineness of our output could be used as a means of identifying a particular sale of gold or not. We are writing this only on the chance that it may be of some interest and of some use. If it is, we are glad to give you any further information that we can, and no doubt other information as to the character of the gold we ship can be got from the Denver Mint.

Yours very truly,

PERRY-SCHROEDER MINING CO.

Consulting Mining Engineer

United States Mint,
Denver, Colorado.
Attention of the Manager.
Gentlemen:

P.O.Box 464,
Weiser, Idaho.
September 21st, 1940.

In Re. Gold Bullion from the Belshazzer property in
Boise County, Idaho.

This property is owned by the Idawa Gold Mining Corp.,
of Bismarek, North Dakota.

On Jan. 15th, 1940, I obtained a long term mineral lease
on the property, with all equipment, free and clear of all incum-
brances.

During April, I transferred the lease to H. J. Casey
of 17 S. E. Union Street, Portland, Oregon, on which transfer there
is still due to me the sum of \$2200.

Neither the purchase nor his associates will render any
information relative to the operations.

I am informed by good authority, that a corporation has
been incorporated; that the lease has been transferred to it by
H. J. Casey, under the name of Belshazzer Mining Co., Inc., but have
not has yet learned under which state the corp was organized;
Am also informed and reasonably convinced that the current opera-
tions, ostensibly for opeparation of the mine in good faith, is, in
fact, a ruse, to cofer illicity transactions in high grade gold bul-
lion, that is either taken from the mine by present workers, or
cleared thru the mine by old time high graders who reportedly have
much bullion cached, but, only thru this organization can they
liquidate their holding.

The gold may be shipped by H. J. Casey, H. M. Howton, or one
of this three brothers, or by Barrett D. Randall, Atty of Portland,
or by a Mr. Crawford, a reputed attorney of Portland, or by other
methods. I understand the Belshazzer Gold is capable of individ-
ual identification by metallurgists.

Please advise me as to name and location of the usual
receiving depot for gold produced from Boise County, and the names
of licensed gold merchants who might be handling this gold.

Also Please advise me as to how I can stop payment on
all such deliveries, until my legal claim of \$2200 is paid.

Thanking you kindly for prompt reply with desired infor-
mation, I am,

Respectfully,

Fred H. Merritt.

Director of U. S. Mint,
Seattle, Wash.

Dear Sir:

I write you concerning a certain shipment of gold bullion (or high-grade) that was sold to your office recently by one Howton, (or Houghton)). The gold is supposed to have come from the Belshazzar mine. The Belshazzar mine is located about 3 miles west of Placerville, Idaho.

The mine is at present operated by a man by the name of H. J. Casy. He lives at #17-S.E. Union Ave., Portland, Ore. He has a lease on the property. Howton is working the mine at the present time and has this two brothers and two miners helping him. The work they have done at the mine is negligible and the mill is yet in shape from lack of repairs so that it would require about \$20,000. to put it in running order. When seen last, this had no been done, this was the shape in which it was two or three months ago.

Howton came to me here in Boise and tried to get me to run a certain bunch of highgrade ore through in the summer of 1939. I did not do this for him. He told me that he had quite a lot of it but he did not show this to me.

I ran the mine in 1926-1930 and am familiar with the ore of the Belshazzar mine. Howton may attempt to put more ore through your office. Of course, howton has a pretty good alibi at the present time but he would have difficulty in showing where the ore came from if taken from the mine recently, he can't show where it came from. It depends upon whether you have a field man you wish to send to the mine to get the evidence.

Yours truly,

S. M. Ballard

Dear Sir:

There is enclosed a copy of a letter dated April 23, 1939, addressed to the United States Assay Office at Seattle, Washington, by Mr. A. M. Hopkins, 2147 N. E. 15th Avenue, Portland, Oregon.

Until otherwise instructed you should hold all deposits of gold recovered from the south fork of the Salmon River, Idaho by Crowder and Hopkins or by Charles L. Crowder. You should advise this office via Air Mail of all such deposits, giving full information and transmitting copies of pertinent affidavits and correspondence.

Very truly yours,

Hellie Taylor Ross

Director of the Mint.

Dear Sir:-

The placer operation of Crowder and Hopkins, a partnership, located on the south fork of the Salmon River, Idaho, may be brought into production in the near future. Preparations for such production are being carried on by Chas. L. Crowder.

This letter is for the purpose of entering a protest against the payment to Chas. L. Crowder for any gold produced on the above properties, included in the partnership.

When pending litigation between us has been disposed of satisfactorily, my protest will be withdrawn.

Revoke license SF-3R13-957-
E.C. Cazier-
P.O. Box 263-
Randsburg, Calif.

JUL 26 1938

Superintendent,
United States Mint,
San Francisco, California.

Dear Sir:

On May 31, 1938, this office wrote to Mr. E. C. Cazier, P. O. Box 263, Randsburg, California, holder of license No. SF-3R13-957, advising such licensee that unless he submitted to this office the TGR-13 report for the quarter which ended January 31, 1938, and a satisfactory explanation of his failure to file such report, his license would be subject to revocation.

Although this licensee was given a reasonable time within which to comply with our request, he has failed to do so. You are, therefore, authorized and instructed to revoke immediately the license of E. C. Cazier, and to instruct that licensee to surrender his license to you promptly. Your letter of revocation should, according to the provisions of section 6(2) of the Provisional Regulations issued under the Gold Reserve Act of 1934, be mailed to the address which is set out in such licensee's application for a license.

In your letter of revocation, you should instruct E. C. Cazier that any gold which is being held under authority of the above license, may be disposed of to persons authorized under the aforementioned Regulations to acquire such gold provided such disposition is made within fifteen days after the date of your letter.

The attention of the licensee should be directed to the penalties prescribed in section 4 of the Gold Reserve Act of 1934, for the acquisition, holding, melting and treating, etc., of gold in violation of such Act, and the Regulations issued thereunder.

Dear Sir:

File
Please promptly advise this office by air mail whether since January 1, 1932 you have received any deposits of gold from Laura Preston Shepley Clark (or Laura Preston Shepley, or Laura Shepley Clark) who is understood to be now in Tucson, Arizona. If so, you should state with respect to each such deposit the following: the date, the amount, the form and condition, the exact name and address under which such deposit was made, the amount and date of settlement; and with whom settlement was made.

Nothing being held.
Please also state specifically whether you are holding any deposits received from such person, and, if so, submit full information with respect thereto, including copies of any pertinent correspondence or affidavits.

+
All deposits of gold received by you from such person should be held by you without making settlement therefor, and this office should be promptly advised of their receipt. In so advising this office, you should furnish full information relative to each such deposit, transmitting copies of any affidavits or correspondence in connection therewith.

Very truly yours,

Dear Sir:-

On December 12, 1935, this Bureau requested you to file reports in connection with silver deposited by you at the Mint. This request was repeated on April 30, June 13, and July 9, 1936. However, to date, we have received neither the reports nor your acknowledgment of our letters.

Until these reports are submitted by you in proper form, no further deposits of silver under the Presidential Proclamation of December 21, 1935, as amended, will be received from you by the United States Mints and Assay Offices.

Very truly yours,

M. M. O'Reilly

Acting Director of the Mint.

April 6, 1955

First National Bank in Dallas
Dallas, Texas

Attention Mr. Horace E. Moss
Vice President

Gentlemen:

We have your letter dated April 1, enclosing form TG-19 covering gold material belonging to the Caribou Mines, of Glacier Creek, Alaska.

It is noted that the form covers a total weight of 126.8 troy ounces, claiming a fine gold content of 96.2 troy ounces. In this connection, you state in your letter that this form covers gold in your bank which was not sent to the Mint. We do not understand why the statement to this institution should include material not shipped.

A copy of the Gold Regulations is enclosed, and we respectfully refer you to page 14, section 54.36 (1), from which you will note that a statement, form TG-19, shall be filed with each delivery of gold made at the Mint. You will also note from form TG-19, item 3, that the "net weight of shipment in troy ounces" is required to be shown.

We regret being unable to process this deposit as yet, but you will readily see that the Mint is bound by the provisions of the Gold Regulations.

If you will send a corrected form TG-19, for the material actually shipped to this institution, we will then be in a position to treat the deposit.

In answer to the last paragraph of your letter, the Mint requires a form TG-19 with an original signature, which is retained in our files in accordance with the section already quoted.

As to future shipments, as explained before, one form TG-19, showing the quantity shipped, must accompany each deposit made.

Very truly yours,

(Mrs.) Alma K. Schneider

Mrs. Alma K. Schneider, Superintendent
United States Mint
Denver, Colorado

Dear Madam:

Please refer to your letter of March 25 and our previous correspondence regarding a shipment of 33.43 troy ounces of gold dust which was made to you on March 18, 1955 for our good customer, Mr. John W. Murchison.

As outlined in your letter, we have now obtained execution of Form TG-19 by Mr. Glenn Carrington as partner in Caribou Mines which instructs that payment be made to this bank.

We trust that this will place ~~you~~^{you} in position to forward a check to cover. In this connection please be advised that the Form TG-19 enclosed herein covers 96.2 troy ounces which were recovered, and we have submitted of this shipment 33.43 troy ounces, leaving a remainder of 62.77 troy ounces in our vaults.

Since you are requiring the original Form TG-19 please advise us if this instrument will remain in your files and the balance of this shipment may be sent to you at a later date. If such is the case, also advise us the reference to make for future shipments.

Yours very truly,

H. E. Moss
Vice President

HEM:jd

80th year of dependable service

March 29, 1955

AIR MAIL

Mr. Albert Swanson, Assistant Cashier
Seattle-First National Bank
Seattle 14, Washington

Dear Mr. Swanson:

In 1950 one of our very good customers, Mr. J. W. Murchison, purchased through Mr. Glenn Carrington of your city through your Bank a substantial amount of gold dust for which payment was made through this Bank and through City National Bank of Plainview, Texas. At that time we were furnished with Form TG-19 of the Treasury Department which we understood was title to the gold, and copies of laboratory reports made by Laucks Laboratories, Inc. The shipments were identified under assay certificates Nos. 107354, 107281, 10754-1, 110754-2, 110754-3, 110755-1, 110755-2, 110755-3, 110756-1 and 110756-2.

Recently a portion of this gold dust was submitted to the United States Mint at Denver, Colorado for purchase, and we are now advised by them that Form TG-19, which was used at the time the gold was recovered, is no longer acceptable, and they are not authorized to make payment to anyone other than original depositor or to the bank designated by him on Form TG-19.

We are enclosing herewith revised Form TG-19 which has been completed as near as possible from the information on an old form held in our file, and if you are able to assist us in obtaining completion of these forms and signature, it will be greatly appreciated.

In view of our inexperience in handling a transaction of this nature, possibly you can give us further information which will enable us to deposit the gold for payment in the event of the

Mr. Albert Swanson
Assistant Cashier

March 25, 1955

AIR MAIL

First National Bank in Dallas
Dallas, Texas

Attention Mr. H. E. Moss
Vice President

Gentlemen:

We have your letter of March 23 pertaining to a deposit from the Caribou Mines of Glacier Creek, Alaska.

Your letter dated March 18 contained no reference to the depositor's name, and when we wrote you on March 21 we had no idea that the deposit was connected with the Caribou Mines. Form TG-19 received from you, was executed by Mr. Erickson on an obsolete form, as you may note by comparison with the forms which we sent you with our letter of March 21.

It will be necessary that we have an original copy, signed by Mr. Erickson, on one of the revised forms in order to process the deposit. If you wish to retain a copy in your files, may we suggest that you keep the photostatic copy and send the original one to this office.

Furthermore, we are not authorized to make payment to anyone other than the original depositor, or to the bank designated by him on form TG-19. Mr. Murchison, not being the miner of the gold, we are not in a position to make payment to him. However, if Mr. Erickson will indicate under item #8 that payment should be made to your bank, we will be pleased to comply with his instruction.

We regret the necessity for requesting this procedure but the Mint regulations make this procedure necessary. Please be assured that as soon as we receive the necessary document, this deposit, and any future deposits received from this property, will have our usual prompt attention.

Very truly yours,

being first duly sworn on oath, depose and say that I am the _____

(Title of officer executing affidavit), of _____

- (Name and address of depositor)

the depositor of the gold described below; that I have personal knowledge of all of
the facts concerning said gold as set forth in this affidavit:

A.- The name and address of the depositor is _____

B.- The description of the shipment of gold delivered is _____
(State whether bars, placer gold, retort sponge, etc.)

C.- The net weight of this shipment in Troy ounces is _____

D.- The assay or estimated fineness in parts per thousand is _____

E.- The content of fine gold in Troy ounces is _____

F.- The United States Mint or Assay Office to which shipped is _____ (Estimate if necessary)
DENVER COLO.

G.- The date shipped is _____

H.- The source of the gold is _____

(State whether ore, tailing, or placer, etc.)
I.- The tons of ore or tailing, or cubic yards of gravel from which this shipment

was recovered are _____

J.- The period within which the gold was taken from the mine or placer deposit is _____

_____, 193____, to _____, 193____.

K.- The name and location of mine or placer deposit from which the gold was recovered
ed is _____

(Name of mine) (District) (County) (State)

L.- The date such gold was first melted into crude metallic gold suitable for refin-

ing at a gold refinery is _____, 193____.

M.- The date such gold was converted into the form in which presented is _____

_____, 193____.

(OVER)

The gold referred to herein was recovered by this depositor by mining or panning and no part thereof has been held by this depositor, or to the best of my knowledge, information and belief, by any other person, at any time in noncompliance with the Act of March 9, 1933, and Executive Order or Orders of the Secretary of the Treasury issued thereunder, or in noncompliance with any Regulations prescribed under such Order or License issued pursuant thereto, or in noncompliance with the Gold Reserve Act of 1934, or any Regulations or Licenses issued thereunder. No part of such gold has ever entered into monetary or industrial use.

I make this affidavit for the purpose of inducing the purchase by a United States Mint or Assay Office of the gold described hereinunder and in accordance with the provisions of the Gold Reserve Act of 1934, and the Regulations issued thereunder.

Gentlemen:

In letters from this office dated February 1, March 7, and April 13, you were requested to forward reports on form TSA-3 for the months of August, September, October, 1939, January and February, 1940.

To date the reports requested have not been received.

In view of all the facts and circumstances, the United States Coinage Mints and Assay Offices, have been instructed to decline acceptance from you of deposits of newly-mined domestic silver.

It is necessary that you file immediately a report on form TSA-3 for the period from August 1, 1939 to and including May 31, 1940.

Upon the receipt of the report referred to above, consideration may be given to resuming acceptance of deposits of newly-mined domestic silver from you.

Very truly yours,

Dear Sir:

This office has advised W. G. Farrell, doing business as Colombo Mine, 2629 Ashby Avenue, Berkeley, California, holder of license No. SF-6R13-1744, that unless he submitted to this office certain delinquent TGR-13 reports his license would be subject to revocation.

Although this licensee was given a reasonable period of time within which to comply with out request, he has failed to do so. You are therefore authorized and instructed to revoke immediately the license of W. G. Farrell, doing business as Colombo Mine and to instruct that licensee to surrender his license to you promptly. Your letter of revocation should, according to the provisions of section 6(2) of the Provisional Regulations issued under the Gold Reserve Act of 1934, be mailed to the address which is set out in such licensee's application for a license.

In your letter of revocation you should instruct W. G. Farrell that any gold which is being held under authority of the above license may be disposed of to persons authorized under the abovementioned Regulations to acquire such gold provided such disposition is made within fifteen days after the date of your letter.

Attention of the licensee should be directed to the penalties prescribed in section 4 of the Gold Reserve Act of 1934, for the acquisition, holding, melting and treating, etc., of gold in violation of such Act, and the Regulations issued thereunder.

IN REPLYING QUOTE INITIALS

SEP 3 1935

Dear Sir:

Reference is made to your letter of July 18, 1935, enclosing copies of correspondence had with your office by N. F. Femling and S. Arnett Selig, both of Baggs, Wyoming.

There is enclosed a copy of a letter which has this day been sent to S. Arnett Selig in this connection. If you should receive any further deposits of gold bullion from N. F. Femling accompanied by affidavits indicating that the gold was produced from land owned by S. Arnett Selig, you should forward such affidavits and all other papers filed by the depositor in connection with the deposit, together with any comments which you think proper to make, to this office and payment for such deposit should be postponed pending receipt of instructions from the Treasury Department.

You should not, of course, make any settlement for any deposit of any bullion made by any person except S. Arnett Selig, if you have reason to believe that such bullion was recovered from the property owned by Mr. Selig. All such deposits should likewise be referred to this office for instructions.

Gentlemen:

We represent D.D. Seely, who is the owner of four mining claims situated some 19 miles southeast of Salome in Yuma County, Arizona, known as the Magic Mine Group. Early in 1959 Mr. Seely, together with his co-owner and one B.L. Gary entered into an agreement for the mining of the gold and silver ore therein, proposing to ship the same to the smelter. The ore did not prove as valuable as thought and mining operations were halted in March of 1959.

There was produced from the mine approximately 40 tons of ore, which is believed to have a value of \$35 per ton. Nothing was done with the ore until very recently when Gary made arrangements to have the ore hauled to Bouse to be processed there by a J. R. Schaffer, who has a mill and who is a resident of Cottonwood. It is my understanding that the ore is now being milled. This ore was removed from the mining claims without the consent or knowledge of Mr. Seely and is being processed without his consent. Mr. Gary has no interest in the mining claims and Mr. Seely is afraid that when it comes time to sell the gold that representations will be made as to its origins that may not be correct.

The original arrangements between Seely, his partner and Gary were that each was to have one-third of the proceeds from the ore after the payment of all expenses. All expenses were paid by Mr. Seely and his partner, none were paid by Gary.

Original under Westover

U. S. Treasury Department
Superintendent, Mint Service
Denver Mint Building
Colfax at Delaware
Denver, Colorado

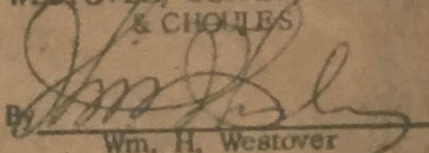

June 13, 1963
Page Two

No doubt application will be made shortly, either by Gary or by Schaffer for permit to sell the gold recovered from this ore, and we wish to place the Government on notice that neither Gary nor Schaffer have the title thereto, and would like to be kept advised of any effort on their part to sell the same.

Thanking you for your attention to this matter, I beg to remain

Respectfully,

WESTOVER, COPPLE, KEDDIE
& CHOLES

Dear Sir:

Mr. Reddish received a telephone call at his home Thursday evening, August 17, from a Mr. Walt Goddard, P. O. Box 3105, Durango, Colorado.

Mr. Goddard informed him that some parties in Durango were in possession of a quantity of gold bullion which they would like to deliver to the Government providing there was no criminal prosecution for not having delivered this bullion in accordance with the provisional gold regulations. However, he seemed to feel that the gold had been legitimately acquired. Mr. Goddard apparently would act as a broker for the parties involved.

Mr. Reddish suggested that he write and give all the information available.

This information is referred to your office for your attention.

Very truly yours,

Superintendent

ALP/cl

8/18/61

Walt Goddard
P. O. Box 3105
Durango, Colo.

above man telephoned me
last night at 10:30 P.M. from
Durango. He seems to think
that some people he knows
down there have gold
bullion they would like
to turn in to the Mint
if they can be paid for
it and not be prosecuted.
He thought the ownership
is clear, but that the
gold probably should have
been delivered to the Federal
Government previously.
Goddard's interest seems
to be in making a commission
on the sale. He says he doesn't
want to put anything in
writing at this time.

Sold!

Superintendent,
United States Mint,
San Francisco, California

Dear Sir:

On January 22, 1937, this office wrote to Gold Eagle Mining and Milling Company, P.O. Box 15, Camp Verde, Arizona, holder of license No. SF-2R13-1143, advising such licensee that unless it submitted to this office a TGR-13 report of its dealings in gold for the quarter which ended April 30, 1936, a corrected report for the quarter which ended July 31, 1936, and a report for the quarter which ended October 31, 1936, and a satisfactory explanation of its failure to file such reports, its license would be subject to revocation.

Although this licensee was given until February 17, 1937, to comply with our request, it has failed to do so. You are therefore authorized and directed to revoke immediately the license of the Gold Eagle Mining and Milling Company, and to instruct that licensee to surrender its license to you promptly. Your letter of revocation should, according to the provisions of section 6(2) of the Provisional Regulations issued under the Gold Reserve Act of 1934, as amended to January 1, 1936, be mailed to the address which is set out in such licensee's application for a license.

In your letter of revocation, you should instruct the Gold Eagle Mining and Milling Company that any gold which is being held under authority of the above license may be disposed of to persons authorized under the aforementioned Regulations to acquire such gold, provided such disposition is made within 15 days after the date of your letter.

The attention of the licensee should be directed to the penalties prescribed in section 4 of the Gold Reserve Act of 1934, for the acquisition, holding, melting and treating, etc., of gold in violation of such Act, and the Regulations issued thereunder.

Missing Man, Gold Link Told

ST. LOUIS — (AP) — John R. Harrell, missing southern Illinois religious sect leader, made large purchases of gold and silver, the St. Louis Globe-Democrat says.

The newspaper said Tuesday night that an Illinois state official, who declined use of his name, said Harrell's gold purchases are "up in six figures."

Harrell and six members of his family disappeared three weeks ago. His car was found abandoned 10 miles south of Springfield, Ill.

The Globe-Democrat said federal authorities confirmed past gold and silver purchases by Harrell, but both state and federal sources declined comment on a report that Harrell bought 220 ounces of gold in Canada shortly after his disappearance.

The price of gold is \$35 an ounce. Purchase of gold in forms other than nuggets and dust is illegal.

Harrell often has said he has no faith in American currency. One federal official, the Globe-Democrat said, reported Harrell has been buying gold and silver at least five years. The same official told the newspaper the government several years investigated Harrell's "large purchases" of gold coins in Chicago.

The federal source said the cashier's checks were from Canadian companies with franchises from Harrell's mausoleum firm in Louisville, Ill.

Carl G. Curry

Rita Nison or Nisson

If any deposits received from either of the above parties, please notify me.

Also, I would like to have a list of depositors who made deposits of Carborundum Grindings^{ings}, etc., since December 1963 from the Denver area. Probably around a few hundred dollars worth.

This material would not be what would normally be termed "filings" unless both carborundum grindings and filings are designated as filings.

A.L.P.

If any deposits from above, Mr. Smolka of Hersh Ernst says he thinks they have appropriated this gold, altho Curry is his partner. (Be cautious on this).

If call Mr. Smolka call him & he will return call, check with S/M first? May need court order - 3/30 informed him no dep. from either of above parties.

Gentlemen:

This Bureau has received a copy of the complaint filed in the Superior Court of the County of Imperial, State of California, in the case of Thomas Porter Neet, et al., Plaintiffs v. Kenneth A. Holmes, et al., Defendants.

It appears therefrom that the plaintiffs in such action are asserting rights to gold, or the proceeds thereof, recovered by you from the Padre, Madre, and Cargo Muchacho claims, and certain adjacent and contiguous claims, in the Cargo Muchacho Mining District, Imperial County, California.

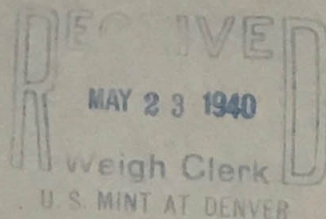

Accordingly, if you deposit gold which it appears has been recovered from any of such claims, such gold will not be accepted but will be returned to you or held until satisfactory arrangements have been made with respect thereto, or until you are able to satisfy this office of your authority to dispose of the gold and receive the full amount of payment therefor.

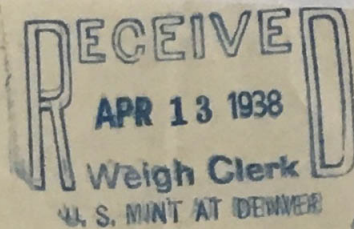

You are requested to acknowledge the receipt of this letter.

Very truly yours,

Enclosures

Copy
Fred H. Merritt
Consulting Mining Engineer

P.O.Box 464,
Weiser, Idaho.
September 21st, 1940.

United States Mint,
Denver, Colorado.
Attention of the Manager.
Gentlemen:

In Re. Gold Bullion from the Belshazzer property in
Boise County, Idaho.

This property is owned by the Idawa Gold Mining Corp.,
of Bismarek, North Dakota.

On Jan. 15th, 1940, I obtained a long term mineral lease
on the property, with all equipment, free and clear of all incum-
brances.

During April, I transferred the lease to H. J. Casey
of 17 S. E. Union Street, Portland, Oregon, on which transfer there
is still due to me the sum of \$2200.

Neither the purchase nor his associates will render any
information relative to the operations.

I am informed by good authority, that a corporation has
been incorporated; that the lease has been transferred to it by
H. J. Casey, under the name of Belshazzer Mining Co., Inc., but have
not has yet learned under which state the corp was organized;
Am also informed and reasonably convinced that the current opera-
tions, ostensibly for operation of the mine in good faith, is, in
fact, a ruse, to cover illicit transactions in high grade gold bul-
lion, that is either taken from the mine by present workers, or
cleared thru the mine by old time high graders who reportedly have
much bullion cached, but, only thru this organization can they
liquidate their holding.

The gold may be shipped by H. J. Casey, H. M. Howton, or one
of this three brothers, or by Barrett D. Randall, Atty of Portland,
or by a Mr. Crawford, a reputed attorney of Portland, or by other
methods. I understand the Belshazzer Gold is capable of individ-
ual identification by metallurgists.

Please advise me as to name and location of the usual
receiving depot for gold produced from Boise County, and the names
of licensed gold merchants who might be handling this gold.

Also Please advise me as to how I can stop payment on
all such deliveries, until my legal claim of \$2200 is paid.

Thanking you kindly for prompt reply with desired infor-
mation, I am,

Respectfully,

Fred H. Merritt.

Copy 1119 - 23d. St., Boise, Idaho.
Nov. 16, '40.

Director of U. S. Mint,
Seattle, Wash.

Dear Sir:

I write you concerning a certain shipment of gold bullion (or high-grade) that was sold to your office recently by one Howton, (or Houghton)). The gold is supposed to have come from the Belshazzar mine. The Belshazzar mine is located about 3 miles west of Placerville, Idaho.

The mine is at present operated by a man by the name of H. J. Casy. He lives at #17-S.E. Union Ave., Portland, Ore. He has a lease on the property. Howton is working the mine at the present time and has this two brothers and two miners helping him. The work they have done at the mine is negligable and the mill is yet in shape from lack of repairs so that it would require about \$20,000. to put it in running order. When seen last, this had no been done, this was the sahpe in which it was two or three moths ago.

Howton came to me here in Boise and tried to get me to run a certain bunch of highgrade ore through in the summer of 1939. I did not do this for him. He told me that he had quite a lot of it but he did not show this to me.

I ran the mine in 1926-1930 and am familiar with the ore of the Belshazzar mine. Howton may attempt to put more ore through your office. Of course, howton has a pretty good alabi at the present time but he would have difficulty in showing where the ore came from if taken from the mine recently, he can't show where it came from. It depends upon whether you have a field man you wish to send to the mine to get the evidence.

Yours truly,

Gentlemen:

We have just received word from the Treasury Department at Washington 25, D. C., in their letter of October 28th, 1954, that permission has been given to Mr. Ben Henry, 1042 Livingston Avenue, Helena, Montana, to dispose of his approximately 13.66 troy ounces of gold in melted form, to our company.

Will you please forward this material to us by express collect, declaring it at full value. We will pay the charges on the transportation.

Thanking you, we are

Very truly yours,

WILDBERG BROS. S. & R. CO.

Wildberg Brothers Smelting & Refining Co
742 Market Street
San Francisco 2, California

Gentlemen:

We have a copy of a letter written to you by the Bureau of the Mint dated October 28, 1954 pertaining to a gold bar held at this institution for Mr. Ben Henry.

Will you please advise us if you wish the bar shipped to your firm. If so, please send us \$1.82 in postage stamps. This sum is arrived at as follows: postage 57¢, registry charge \$1.25, total \$1.82.

The Mint is not in a position to cash money orders or checks with which to pay postage and we therefore ask that you please send us large denomination stamps. The bar, as you undoubtedly know, is very small, leaving very little room for stamps.

Very truly yours,

(Mrs.) Alma K. Schneider
Superintendent

Dear Mr. Henry:

This is in further reference to the disposition of a deposit of gold in melted form, weighing approximately 13.66 ounces, 840 fine, now being held for your account at the United States Mint, Denver 2, Colorado.

According to your request, Wildberg Brothers Smelting and Refining Company, 742 Market Street, San Francisco 2, California, has today been authorized to acquire the gold in question.

The Mint will forward the gold to the refiner for your account upon receipt of proper instructions and forwarding charges. The Superintendent will advise you as to the amount of such charges.

You are cautioned that you should not acquire, hold, melt or treat, or dispose of any gold which may not be acquired, held, melted or treated, or disposed of under the Gold Regulations without a Treasury Department gold license.

Very truly yours,

Leland Howard
Acting Director of the Mint

Dear Madam:

This is in reference to your letters of August 5 and 14, 1953, concerning a bar said to contain 13.66 troy ounces of gold, which was deposited for the account of Mr. Ben Henry by the First National Bank and Trust Company, Helena, Montana.

In view of the fact that Mr. Henry is not in possession of a Treasury Department gold license authorizing him to hold gold in melted form, the bar in question may not be returned to him; nor, for the same reason, may it be returned to Mr. Brunner who is mentioned in the correspondence.

Enclosed is a copy of a letter sent today to Mr. Henry, which is self-explanatory.

Very truly yours,

/s/ Leland Howard

July 23, 1953

Mr. Ben Henry
1042 Livingston Avenue
Helena, Montana

Dear Mr. Henry:

Under date of November 22, 1952 the First National Bank and Trust Company of Helena sent us a deposit which they advised had been left with them by you for deposit at the Mint.

Since it was necessary to support this deposit with the proper statement, two copies of Special Statement of Depositor of Gold in Melted Form were sent to you on November 25.

Nothing further was heard from you until May 12, 1953 when you advised us of the address of a Mr. Brunner. We see no reason to contact that gentleman as the deposit was made by you, and the statement which was mailed you will have to be completed by you.

Will you please give this your prompt attention as we wish to make disposition of this pending matter.

Very truly yours,

Superintendent

Dear Sir:

We have received a letter from the First National Bank and Trust Company, Helena, Montana, requesting that your gold bar weighing 13.66 troy ounces be returned.

On November 25, we wrote you a letter concerning this gold bar, and enclosed two copies of Special Statement of Depositor of Gold in Melted Form, which we requested you to execute and return to us. It will still be necessary for you to execute these forms in order that we may know the circumstances under which you melted or acquired the melted gold. Be sure to give the name and address of a refiner or other person authorized to acquire gold in melted form to whom you wish to sell the gold in case we are not permitted to return it to you or accept it for deposit. In case you are not acquainted with any such persons, we list below the names of two Denver assayers, either of whom hold gold licenses making them eligible to purchase your melted gold.

Important
Dear Sir:

There is attached a copy of a letter dated June 14, 1935, received from Clay Q. Williams of Mancos, Colorado, relative to gold being produced on the Golden Gate Placer Claim, West Mancos River, Montezuma County, Colorado.

If you should receive any deposits of bullion from William A. Johnson of Salt Lake City, Utah, accompanied by affidavits which indicate that the gold was produced from the Golden Gate Placer Claim, West Mancos River, Montezuma County, Colorado, you should forward such affidavits and all other papers filed by depositor in connection with the deposit, together with any comments which you think proper to make, to this office, and payment for such deposit should be postponed pending receipt of instructions from the Treasury Department.

You should not, of course, make any settlement for any deposit of any bullion made by any person except Clay Q. Williams, if you have reason to believe that such bullion was recovered from the claim owned by Mr. Williams. All such deposits should likewise be referred to this office for instructions.

Very truly yours,

Dear Sir:

Please note and advise -

There is enclosed a copy of a letter dated March 21, 1935, which this office received from Mr. R. T. Kirkham, 821 Hollingsworth Bldg., Los Angeles, California, relative to a suit instituted by himself and one Vera L. Knox for the purpose of having a trust declared in their favor with respect to certain lode and placer mining claims described therein.

If you should receive any deposits of bullion from Paul A. Fisher, A. J. Schmidt, S. B. Mosher, or C. LaV. Larzelere, all of whom are defendants in such action, you should forward the affidavit and all other papers filed by the depositor in connection with the deposit, together with any comments which you think proper to make, to this office and payment for such deposit should be postponed pending receipt of instructions from the Treasury Department.

I have written Mr. R. T. Kirkham, and have requested him to furnish me with the name of each of such lode and placer mining claims, and the names of all persons working such claims. As soon as this information is received, it will be forwarded to you. You should not, of course, make settlement for any deposit of any bullion regardless of by whom made if you have reason to believe that such bullion was recovered from any of

the lode or placer mining claims described in Mr. Kirkham's letter. All such deposits should likewise be referred to this office for instructions.

Attention:
MISS NELLIE TYLER ROSS

Gentlemen:

For your information, an action has been instituted in the Superior Court of the State of California in and for the County of Imperial, entitled R.T. Kirkham and Vera L. Knox v. Paul A. Fisher, A. J. Schmidt, S.B. Mosher, C. LaV. Larzelere, and some defendants designated by fictitious names. This action is to declare a trust in and to the following described mining property located in Imperial County:

LODE MINING CLAIMS:

Trio	Recorded in Book	127	Page	170
Trio #1	"	"	"	23
Trio #2	"	"	"	23
Trio #4	"	"	"	45

PLACER MINING CLAIMS:

Trio	Recorded in Book	174	Page	374
Trio #1	"	"	"	374
Trio #2	"	"	"	373
Trio #3	"	"	"	323

upon the grounds and for the reasons set forth in the complaint on file in said action, to which reference is hereby made for particulars.

It has come to the attention of the plaintiffs in said action, one of whom is the undersigned, that certain bullion has been shipped from said property to your plant, such shipment having probably been made by one or some of the defendants named in said action.

This is to advise that the plaintiffs in said action, to-wit, the undersigned and the said Vera L. Knox, claim to be owners of any and all bullion that may be taken from the above described property, and you are notified not to pay to anyone any moneys that may become due and payable on account of any bullion you may receive from said property unless you pay the same to the plaintiffs in said action, to-wit, the undersigned and the said Vera L. Knox. Please govern yourselves accordingly and advise what I may expect.

Yours truly,

RTK

Los Angeles, April 16, 1935.

Mr. M. M. O'Reilly,
Acting Director of the Mint,
Treasury Department,
Washington, D. C.

Dear Mr. O'Reilly:

Your letter of April 9th addressed to R. T. Kirkham at my office which refers to his letter to you of March 21st is before me and I note you ask him to inform you as to the name of each of the lode and placer mining claims described in his letter and as to the names of all persons known by him to be working such claims.

By reference to the letter you will observe that the mining claims in question are therein described and also that it is the belief on the part of Mr. Kirkham that the defendants in the action he brought as named in the letter are the ones who are shipping the bullion.

I think by an examination of the letter you will have all the information that you desire for your purposes.

Yours sincerely,

(Sgd.) Ellis Lady

Th. J. G. S.

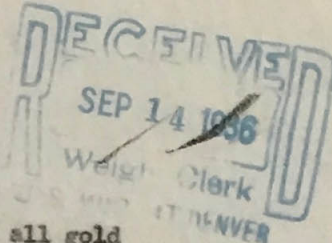

Dear Sir:

Information in the possession of this office indicates that since May 1, 1936, you acquired from Mr. George Magenheimer, Fairpoint, South Dakota, approximately one ounce of gold in melted form.

There is enclosed a copy of the Provisional Regulations issued under the Gold Reserve Act of 1934, as amended to January 1, 1935. Your attention is particularly invited to section 12 thereof.

Inasmuch as this office has no record of a Federal gold license being issued to you, authorizing you to acquire, hold, melt and treat, or dispose of gold in melted form, you are requested to submit to this office, within three days after the receipt of this letter, an affidavit, duly executed before an officer authorized to administer oaths, containing the following information:

1. The names and addresses of, and the nature of the businesses conducted by, all persons (including Mr. George Magenheimer) from whom you have acquired gold (other than unmelted scrap or fabricated gold) during the last 12 months. In each instance the amount, form, date and fineness of each acquisition should be indicated.
2. The names and addresses of, and the nature of the businesses conducted by, all persons to whom you have disposed of gold (other than unmelted scrap or fabricated gold) during the last 12 months. In each instance, the amount, form, date and fineness of each disposition should be included.

3. The amount, form, and fineness of all gold (other than unmelted scrap gold, and fabricated gold) which you have on hand at the present time.
4. Your reasons for acquiring, holding, and disposing of such gold in non-compliance with the Provisional Gold Regulations.
5. The name and address of a licensed refiner or other person licensed under the Provisional Gold Regulations to melt or treat gold, to whom you desire to dispose of the gold described in item 3, if any, and whom you desire the Treasury Department to authorize to acquire such gold in the event such gold is not eligible for purchase by the United States under Article VI of the Provisional Gold Regulations.
6. Whether you have at any time since August 28, 1935, acquired, or disposed of any gold coin; and, if so, the names and addresses of all persons from whom you have acquired, or to whom you have disposed of, gold coin; the date, denomination, country of issue, and condition of each coin acquired or disposed of; the date of each acquisition or disposition, and the amount paid or received for each coin acquired or disposed of by you.
7. Whether you are now holding any gold coin; and, if so, the date, denomination, country of issue, and condition of each such coin.

Pending the receipt of further advice from this office, you should continue to hold any gold (other than unmelted scrap or fabricated gold) which you may be holding at this time.

NOV. 29, 1963

Dear Sir,

OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER

I have been trying to locate certain records of gold shipments, and I wonder if you might have them there.

I have written to the Bureau of the Mint in Washington, and they think you may be of some help.

These records (if they exist) would show gold shipments from Phoenix, Florence or Tucson Arizona, By Jacob Walz or Walzger. They would be from 1880 to 1890. I am trying to establish the "Lost Dutchman" mine as fact or myth.

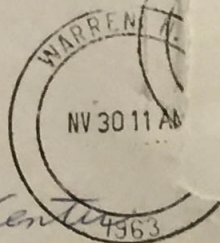

I would appreciate any information, or any records by anyone from that area between those years.

I have been to the Assay office in Tucson, and the Bureau of Mines at the University. Both referred me to the Mint. Thank you.

Sincerely

R.L. Carlson

Minerals Refining Company
Box 367
Murray, Utah

Attention: Mr. David M. Marquis, Vice President

Dear Sir:

We refer to your letter of April 15 regarding reported theft of gold from your operations in Nevada.

The Mint has no facilities for the classification of types of mineral specimens. Such work is the work of an expert mineralogist. The positive identification of different types of native gold, in such a manner as to establish that they came from a particular locality, would call for facilities and testimony on an expert basis that are beyond the function and responsibility of the Mint.

We will keep your letter on file for future reference.

Very truly yours,

(Mrs.) Alma K. Schneider
Superintendent

TREASURY DEPARTMENT

WASHINGTON 25

OFFICE OF
DIRECTOR OF THE MINT
1500 MARKET STREET, PHOENIX, ARIZONA

May 4, 1960

RECEIVED

MAY 6 - 1960

OFFICE OF
SUPERINTENDENT
U.S. MINT, 47 DENVER

Mrs. Alma R. Schneider,
Superintendent,
United States Mint,
Denver 4, Colorado.

Dear Mrs. Schneider:

Reference is made to your letter of April 19, 1960, enclosing a copy of a letter dated April 15, 1960, from the Minerals Refining Company of Murray, Utah, pertaining to 211 troy ounces of gold nuggets submitted to your mint. The Company states that they have called in the Federal Bureau of Investigation in connection with reported thefts of substantial amounts of gold nuggets from their operations in Nevada.

A theft of gold in its natural state, in interstate commerce, falls within the province of the F.B.I. Upon formal request by that agency, the Mint will cooperate to the extent of its facilities. Under the Gold Regulations, in the case of a deposit said to consist of nuggets or grains, the Mint is called upon to determine, prior to melting, that material in question is in fact in its native state. The Assayer makes this determination, and subsequently reports the fineness of the deposit bar resulting from the melting of all the nuggets or grains in the deposit.

The Mint has no facilities for the classification of types of mineral specimens; such is the work of expert mineralogists. The positive identification of different types of native gold, in such a manner as to establish that they came from a particular locality, would call for facilities and testimony on an expert basis that are beyond the function and responsibility of the Mint.

As a matter of practicality, if the F.B.I. so requests, the Deposit Receiving Clerk can be alerted to call to the attention of the Superintendent and Assayer, the receipt of any deposit of nuggets and grains having the general color, appearance, size, form, etc., as the nuggets in the subject deposit. If you concur with their findings, the receipt of the questioned deposit can be reported to

orig in stolen gold file

May 4, 1960

the F.B.I. and the nuggets held unmelted for appropriate action. The F.B.I. should be advised, of course, that deposits can only be held for a reasonable time.

Please keep this office informed concerning this matter.

Very truly yours,

Gentlemen:

In a letter from this Bureau dated November 14, 1942, you were requested to furnish this office with reports on form TSA-3 covering your transactions in newly-mined domestic silver under the Act of July 6, 1939.

Such reports have not been received at this office.

In view of all the facts and circumstances the United States coinage mints have been instructed to decline to accept all deposits of newly-mined domestic silver made by you.

It is necessary that you file immediately a consolidated report on form TSA-3 for the period from July, 1941 to and including February, 1942, and such reports for subsequent months.

Upon the receipt of the reports requested above, consideration will be given to resuming acceptance of deposits of silver from you.

Very truly yours,

BOISE, IDAHO

September 23, 1938

RECEIVED

SEP 26 1938

CHIEF CLERK
U. S. MINT AT DENVER

United States Mint
Denver, Colorado

Gentlemen:

On or about August 10, we sent you a shipment of bullion which amounted to \$459.35. On or about the first of September we had a piece of bullion stolen from us by a man and his wife named Gordon Manning and Bessie Manning, who were employed at the mine. This piece of bullion was not as large as the one we shipped to you on the tenth of August, but was from the same ore and was re-tarded and melted in the same casting that the other ore was we sent to you. I remember this piece of bullion was a little thinner on one end than on the other, but the length and the width were identically the same, but was a little thinner than the other brick. I melted this bullion up according to my license which was issued to me by the government, bearing number S-3R-13-557.

I thought the proper thing to do was to report this to you, and in case it should show up. I assume the gold from the Boise Basin section would naturally have a little different alloy in it than that from other gold bearing sections of the country, and if it is sent in before being melted in with some other gold you will be able to detect it as the fineness would naturally run about like the other gold we shipped in.

It will possibly be another thirty days before we will start shipping gold to you again as we had a defect in the Ball Mill which necessitated our returning it to the manufacturer at San Francisco to be replaced. After this equipment is reinstalled we will be making regular shipments of gold.

We will appreciate your being on the lookout for this stolen bullion, and hope to hear from you in case you pick up any information on this piece of gold.

Yours very truly,

BUCKHORN MINING COMPANY

July 30 - 35

I am writing you. This unusual letter because you might possibly be of some service to me. Here is my story:- Me and my brother has been panning here for a year and have saved up 187 (Pnyls) of gold and a would be friend of ours who recently left here found this gold & of course took it now he has no money to buy gold with & had no gold otherwise to amount to anything. Now if this gold is shipped to you in the way we had it we can both swear to it it was amalgamated some in big pieces & small & some block with lead. Now what I want to say if this fellow Frank Matthews ships you any gold whatever it is my gold he will probably use acids to clean it. now it would be a great proof to me if you would hold any gold he may ship as I am sure I can prove my right to it. We had this gold buried and he located it with a radio outfit he had. If I am given a chance I will prove my right to any gold he ships. I got 14 (Pny) weights of it down on Sanderson. he would ship from Wickburg or Hot Springs. junction

Thanking you Psp Thad Tubbs

Mr. P. J. Haggerty, Superintendent

Dear Sir:

This letter is a notice that any gold sold or offered for sale from the Hallujah Mine or Claim No. 3 situated in Marble Canyon Inyo County, California is gold that is stolen, bootlegged or highgraded and is being sold without my knowledge or consent.

I am the sole owner on record of this property.

I have proof of 15 to 20 ounces in the hands of a Mr. G. H. Mornway a former leaser that may be offered for sale also a 7 or 8 ounce nugget. This gold is not to be purchased without my consent.

If any gold from this claim or mine is offered for sale by any one I will take the necessary legal steps to prosecute the same if I can obtain such information.

Yours truly

Office Memorandum • UNITED STATES GOVERNMENT

TO : ~~All Concerned~~
All Concerned

DATE: May 19, 1961

FROM : Philippus,

SUBJECT: Deposit from Opie and Partner.

It is expected that a deposit may shortly be offered by one "Opie", consisting of a large quantity of material supposed to be gold.

If this deposit is presented, form TU-19 should be obtained and the deposit should NOT be accepted UNLESS every question is answered on both sides of the form, including full information as to source, etc.

Also not only Mr. Opie, but also his Partner, must sign such form TU-19.

Unless all information is furnished as required on the form, and unless both partners sign, the deposit should not be accepted. Name of the other partner is not known to the Denver Mint.

If the above conditions are met and the deposit is accepted, it must be held intact, as is, until instructions are received from the Bureau of the Mint.

Dear Mr. Smith:

Recently I talked to you about a parcel of 39,000 ounces of bar gold - 900 to 950 fine - now located in Mexico, which I want to buy and ship to the Denver mint and sell to the mint. All export papers are in order and the shipment will be insured by Lloyd's of London.

Associates of mine in this purchase have asked if the mint will buy this 39,000 ounces, and if so, at what price? Also, they have asked what the mint charges will be.

Will you kindly address a letter to Mr. Chas. M. Schayer, 203 Empire Bldg., 430 - 16th Street, Denver, Colorado, conveying to him the above information.

Thanking you for this favor, I am,

Dear Madam:

This is in reply to your inquiry of September 16, 1954, regarding a deposit of retort material weighing 48.33 troy ounces, received from Mr. G.D. Nedblake, Idaho Springs, Colorado.

In view of the fact that Mr. Nedblake cannot furnish the requested information as to its source, there is no provision in the regulations authorizing the Mints to purchase gold of this category other than from persons who can file the statements provided for in Section 54.36 of the Gold Regulations.

Accordingly, it would appear that the Mint cannot purchase this gold from Mr. Nedblake or any subsequent purchaser.

Gentlemen:

In a letter from this Bureau dated May 8, 1942, you were requested to obtain and forward to the Bureau, Miner's Affidavits representing silver delivered under the Act of July 6, 1939, for which affidavits on Form TBA-2 and TBA-2A were not received from the Miners.

No response has been received to such letter. In addition, your reports on Form TBA-3 have not been received for the months of June through December, 1942.

In view of all the facts and circumstances, the United States Coinage Mint has been instructed to decline acceptance of all deposits of newly-mined domestic silver made by you.

It is necessary that you forward a complete reply to the Bureau's letter of May 8, 1942, and file your delinquent TBA reports. Upon the receipt of the information and reports requested above, consideration will be given to resuming acceptance of deposits of silver from you.

Very truly yours,

HARRY J. SCHEIFELE
RULE INDUSTRIES, INC.
6435 Wilshire Boulevard
Los Angeles 48, California

RECEIVED

October 13, 1960

OCT 17 1960

OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER

The Superintendent of the United States Mint, Denver, Colorado has referred to this office a letter dated September 12, 1960, from RULE INDUSTRIES, INC., 6435 Wilshire Boulevard, Los Angeles 48, California signed by one HARRY J. SCHEIFELE, copies of which are enclosed.

The name of HARRY J. SCHEIFELE was first brought to the attention of this Bureau by your service in File No. 4-7-1854-S, title "Theft of Gold From Kennecott Copper Company" dated December 19, 1958. In this investigation one of your agents on December 10, 1958 at Sacramento, California was introduced to one HARRY J. SCHEIFELE as a buyer of gold. Later during the conversation it was determined that SCHEIFELE was from Denver, Colorado and a piece of his identification showed the address 1746 Welton Street, Denver, Colorado. However, at the time he claimed he was representing a company from New York City who would have any gold he could purchase refined and put into the legitimate market. It was SCHEIFELE's claim that he was legal and violated no laws in purchasing placer gold for such use.

Other pertinent information from the file is summarized as follows:

January 14, 1959

Telephone inquiry from John Street Refining Co., NYC to the New York Assay Office relative to a letter received this date from LITTLE BEAVER MINING and DEVELOPMENT CO., P.O.Box 774, Denver, Colorado offering to sell 400 to 500 ounces of placer gold per week signed by H. J. SCHEIFELE, President.

January 27, 1959

Letter from J. H. East, Jr., Regional Director, Region III, Bureau of Mines advising that a search of their records concerning the LITTLE BEAVER MINING and DEVELOPMENT COMPANY, P.O.Box 774, Denver, Colorado had been completely negative and that there was no record of any kind under the heading "Little Beaver" in the Colorado State Bureau of Mines. The Colorado Secretary of State's office was contacted and no record of incorporation of such company in Colorado was found.

February 2, 1959

The Director of the Mint requested the U.S. Secret Service to obtain information on LITTLE BEAVER MINING and DEVELOPMENT COMPANY, P.O. Box 774, Denver, Colorado through their Denver office.

February 11, 1959

Synopsis of a report (File No. CO-1-8874).

The investigation failed to develop that the LITTLE BEAVER MINING and DEVELOPMENT COMPANY is anything other than a company name being used by HARRY J. SCHEIFELE, a Denver mining promoter who bears a poor reputation. No evidence was found to indicate that this man has claim to any property which might produce gold ore. Previous contact with SCHEIFELE has shown that he has made efforts to obtain placer gold for resale. However, from all indication SCHEIFELE is a "promoter" without funds or financial backing and could be classified as a confidence type operator.

February 19, 1959

In the ACTON GRISCOM et al alleged GRA violation (File No. 4-4-7640) an individual whose last name is SCHEILELE is reported by an informant as a seller of gold. This name is more likely SCHEIFELE.

July 17, 1959

HARRY J. SCHEIFELE called at the Mint Offices in Washington, D. C. to discuss gold. He stated he was with the RENO ESCROW and MORTGAGE COMPANY in Reno, Nevada using Senator Bible's office and the law firm for advice. He was interested in selling gold in its natural state in the form of jewelry;

also the purchase of the NEVADA MINERALS LABORATORIES, Reno, Nevada which is being offered at a price less than \$5,000.

The provisions of Sections 54.19 and 54.21 of the Gold Regulations were explained to SCHEIFELE and he was given a copy of the cost formula covering the 90% rule.

OCTOBER 22, 1959

An application for a Treasury gold license to recover gold from low-grade tailings and concentrates on letter-head of the SIERRA NEVADA MINING, INC. 326 Gozette Building, Reno, Nevada signed by H. J. SCHEIFELE was received. Under date of October 27, 1959 SCHEIFELE was requested to furnish a listing of Federal income tax returns filed in each of the last five years by the officers of the company as indicated under Item No. 10 on page 3 of the application for a gold license. No further correspondence has been received from this source.

With particular reference to the letter of September 12th it is suggested that if this is a con game an interview of HARRY J. SCHEIFELE by your Los Angeles office might serve a useful purpose.

Attention: Mrs. Schneider.

Dear Mrs. Schneider:

We are representing several departments of the government of Mexico for the purchasing of material that they need from this country.

Recently we lost a large order for steel rails to Canada because they are in a position to barter cotton for their steel. We have now been in contact with the U.S. Steel Corporation for another order for steel rails and again, they offered cotton in exchange but I have just been informed that they are willing to pay for these rails with gold bullion.

Would you please be kind enough to advise me if it is possible for you to accept gold from the Mexican government and give credit to a firm in the United States against the purchase of material in this country.

I would appreciate an early reply, as we are expecting a visit of the head of the Export Division of the U.S. Steel Corporation this week.

Very truly yours,

OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER

Dear sir:

Did you ever have a mysterious robbery of a strong box that was supposed to be burglar proof that was shipped from the Denver Mint to Saint Louis or somewhere down there and mysteriously robbed? It seems that I once read of just such a robbery, I don't think it was ever solved. I had a man named Jim Phillips who rented a room from us on west 5th Street, here in North Platte, while the second world war was going full blast, he used to get drunk and talk some in his room and his sleep. I overheard him discussing with himself of opening this strong box somewhere below or beyond the seal and removing fifteen thousand or more dollars and he thought it a great joke that they could not figure how he stole the money from the box. I think it is high time I wrote in about this as it has been worrying me off and on all these years. He took precautions that I might have overheard him talking at some time or other and warned me he would kill if I turned him in for what he said in his sleep, I was afraid of him and let it ride for years. Did you have such a robbery? I certainly want to know if it was true all that talk he used to do. Mr. Jim Phillips lives at 10473 Cypress, Arlington, California. In God's name don't tell him I enquired about this robbery, he'll come gunning for me. Best wishes, I am

Sincerely

Mrs. C.F. Reams

Gentlemen:

In a letter from the Bureau dated April 11, 1940, you were requested to forward certain reports on forms TSA-3 and TS-300 (Revised) for the periods indicated in such letter relative to your transactions in newly-mined domestic silver.

To date the reports requested have not been received.

In view of all facts and circumstances, the United States Coinage mints have been instructed to decline acceptance from you of deposits of newly-mined domestic silver.

It is necessary that you file immediately a consolidated report on form TSA-3 for the period from July 2, 1939 through March 31, 1940, together with a consolidated report on form TS-300 (Revised) for the period from September 1, 1938 through December 31, 1939.

Also, you are requested to file a statement under oath setting forth the reason for your noncompliance with the request contained in the several communications from this Bureau.

Upon the receipt of the reports requested herein, consideration will be given to resuming acceptance of deposits of newly-mined domestic silver from you.

Very truly yours,

(Signed) Nellie Tayloe Ross

Director of the Mint.

Gentlemen:

The undersigned have been operating the Ruth Mine for the past thirty months under contract with one George H. Wyman, Jr. and N. W. Sweetser.

A controversy now exists regarding the ownership of the gold produced at the Ruth Mine near Trona, California and we are informed that said George H. Wyman, Jr. and N. W. Sweetser are about to sell gold bullion produced therefrom. The controversy is now in litigation and we ask you to hold proceeds from any such gold until further notice from us.

You will please govern yourself accordingly.

Dear Sirs:-

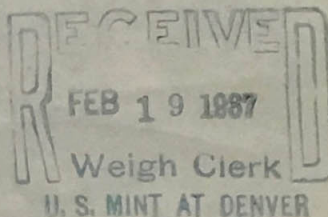

On February 28, 1936, this Bureau requested you to file a report in connection with silver deposited by you at the Mint. This request was repeated in letters from this Bureau dated June 2, July 9, and September 17, 1936. However, to date we have received neither the reports nor your acknowledgment of our letters.

Until these reports are submitted by you in proper form, no further deposits of silver, under the President's Proclamation of December 21, 1933, will be received from you by the United States Mints or Assay Offices.

Very truly yours,

Office of
DIRECTOR OF THE MINT

Dec. 7, 1936

Dear Sir:

Reference is made to your letters of November 19 and November 27, 1936 relative to a deposit of gold received by you on November 19, 1936 from Earl A. Alexander of Ouray, Colorado.

If you are satisfied that such gold complies in all respects with Article VI of the Provisional Gold Regulations you may make settlement for such gold at the rate prescribed in section 42 of such Regulations. It will no longer be necessary for you to advise this office of deposits of gold received by you from Earl A. Alexander or Herman Toller or to withhold settlement for any such gold provided you are satisfied such gold complies in all respects with Article VI of the Provisional Gold Regulations.

However, you should continue to advise this office by mail of any deposits of gold received by you from Henry Roner and withhold settlement therefor pending instructions from this office. In this connection there are enclosed for your information copies of Secret Service reports dated November 13 and November 14, 1936 relative to Roner. It is noted that in the report of November 13, 1936 the following is quoted from a statement made by Roner:

"I have been in Silverton and Ouray, Colorado since 1934. In the winter of 1934, while at Silverton, Colorado, I took a bunch of old jewelry, including chains and rings, and melted them into a gold ball. Sometime in the Spring of 1935, I melted another bunch of jewelry in Ouray, Colorado. I took all of this gold

that I had melted and mixed it with gold that I was mining at the Trust Ruby mine, which I had leased. This gold, which I got from melting old gold, when mixed with gold that I took from my leased mine, amounted to about twenty six ounces. About one half of this amount represented the old gold, and the other half represented the mined gold. When I sold this to the Mint, I made an affidavit saying that it all came from the Trust Ruby Mine. The Mint paid me about \$600.00 for this gold."

Any comments you may have relative to the purchase of melted gold from Roner, an unlicensed person, will be appreciated.

Very truly yours,

M. M.O'Reilly

Acting Director of the Mint.

Dear Sir:

Mr. J. W. Malcolm, 47 West 5th South, Salt Lake City, Utah, has called the attention of this office to paragraph 6 (a copy of which is enclosed) of a lease and option executed between J. W. Malcolm and Juanita Eddy, both of Salt Lake City, Utah, lessors, and J. F. Barnhill, Salt Lake City, Utah, trustee for himself and others, lessee, covering

File
"all of the following described mine and mining property situated in Rankin Gulch on the Yankee Fork in an unorganized mining district located in Custer County, State of Idaho, about five miles south of the mining town known as Bonanza, those certain unpatented placer mining claims known as Gold Lode Star #1, Gold Lode Star #2, Gold Lode Star #3, and Gold Lode Star #4."

According to Mr. Malcolm, said property is being operated under the name of Rankin Gulch Placer and under the supervision of one Mr. Brownfield or one J. W. Morris.

Settlement should be withheld with respect to any deposits received by you from J. F. Barnhill, J. W. Morris, H. Brownfield, the Rankin Gulch Placer, or any other person, which you have reason to believe contain gold or silver which was recovered from any of the above mentioned placer claims, and which are not accompanied by instructions for payment as provided by paragraph 6 of the lease and option executed between J. W. Malcolm and one Juanita Eddy, lessors, and J. F. Barnhill, trustee

for himself and others, lessee, and a full report should be made to this office in order that appropriate instructions may be given.

Mr. Malcolm has requested that all moneys in favor of the lessors be sent to the Walker Brothers Bank, Salt Lake City, Utah.

Very truly yours,

M. O'Reilly

Acting Director of the Mint.

Memorandum

RECEIVED

TO : Director of the Mint

JAN 29 1965

DATE: JAN 19 1965

FROM : Director, Office of Domestic U. S. MINT AT DENVER
Gold and Silver Operations

OFFICE OF
SUPERINTENDENT

SUBJECT:

On February 24, 1964, I sent you a memorandum requesting you to notify the Mints and Assay Offices that if any deposits of gold purporting to be gold in its natural state or gold derived from gold in its natural state were received from the Spiral Metal Co., South Amboy, New Jersey, we should be immediately notified and payment should be withheld until instructions were received.

On October 8, 1964, Spiral Metal Co. made a deposit with the New York Assay Office containing 1574.85 gross troy ounces, for which they executed a form TG-22, Certification of Depositor of Scrap Gold. On the front of the statement they checked "melted scrap" but on the back, under Item 15 in which the question is asked concerning the form and condition of such gold immediately before it was melted into its present form and condition, they stated that it was "scrap and Placer." The deposit was accepted and paid for.

Deposits of placer gold or gold derived from placer gold are eligible for purchase by the Mints and Assay Offices only if accompanied by statements on Form TG-19, 20 or 21 and TG-21 Supplemental, which show the origin of such gold. That portion of this deposit which was derived from placer gold was, therefore, not eligible for purchase by the Mint. We were aware of the fact that Spiral Metal Company had been contacted relative to the purchase of placer gold for which no certificates of origin were available. We had talked to Spiral and had informed them that the gold would not be purchased by the Mint unless the forms accompanied the deposit. Also, we knew it was part of a "bunco game" which we found out later cost the persons involved \$180,000.

By disregarding your instructions the New York Assay Office has been a party to an evasion of the Gold Regulations and by accepting this deposit has prevented us from taking action against Spiral Metal or has at any rate seriously jeopardized any action we may take.

It is requested that you notify all Mints and Assay Offices to scrutinize carefully the statements submitted with deposits in order to determine that the proper statements have been executed and that the material submitted is what it purports to be.

Edward Howard

February 27, 1964

Gentlemen:

Re: Silver Bullion- Ona Shehorn,
Fremont, Mo. Star Route.

RECEIVED

JUN 2 - 1964

OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER

The writer had permission from the owner of the land to work in a cave to find some Silver Bullion, about \$80,000 or more. which my grandfather told me about, and knew about it from the Indians and Spaniards, years ago. He found the cave and we tried to get it.

I found how to get to it and I made a deal with this man Ona Shehorn to go fifty-fifty on it, and neither to go to place without both of us going. He betrayed me and got it himself. I told him what I found and how to get it. I found the petrified wood, wooden logs or drums it was put away in which my grandfather said would be concrete or petrified, not wood like it was when put in, sealed up in a wall. Wood will petrify, about 90 years or more. This was. I found it broken up on top of the cave where he had gotten it out. So I am positive about it. He denies it of course. I told the owner about it. He understands it.

When he got it, he stored it and hid it in his home. I got after him about it and he is sleeping low. And I doubt if he has tried yet to do anything with it for things to cool off.

He may send it in part at a time to the mint, and it may send it in his name of in name of Briles, or Lewis, who are his brother in laws. He will no doubt say and tell he got it off of his land, BUT HE DID NOT. He took it off of L. S. Dennings land, who lives in St. Louis, Mo. I know his address. I talked to him about it.

I wrote you both a letter about a year ago, thinking since the Mints were minting silver coins now, and I want you to keep a watch on this silver coming in. They were dollars, not minted, but made on old mold forms by Indians and Spaniards years ago. larger than our regular silver dollar. There will be no engravings on them. I think it is nothing but right that you help us look out for this and advise us if anything shows up or they try to get it minted or changed at the mints. We are positive about what we say, and will appreciate letting me know if they try to mint or sell it to Government.

Am sending this and a copy to U.S. Mint in Philadelphia. Original to Mint in Denver. Any silver coming from here, or from names above will be this silver I mention. So please keep this letter on file so you will catch it. This silver is stolen.

Thanks very much.

J.L. Sipe.

Alton, Mo.

He got it some time ago, but had done nothing with it up to last year. Since mints are minting coins now he may try to do something with it. Of course he might have done it year or so ago.

Gentlemen:

Re: Silver Treasure.
Ona Shehorn, Fremont, Mo.

SEP 24 1963

OFFICE OF
SUPERINTENDENT
U.S. MINT AT DENVER

Above party betrayed me, and has stolen a large
Silver treasure from land owned by Louis S. Dennig,
20 Brentmoor, Clayton 5, Missouri.

I have the proof on it. It was in a cave on Mr.
Dennig's land, I knew about it, made a deal with
Ona Shehorn on it, fair and square, he betrayed me
got it, I had permission my father I to get it. He did
not. He denies it all, of course, but I have proof on it.

He now has it stored in a room wheree he lives, both
he and his wife want leave the house same time.

I notice the U.S. Mints will not buy it now, so he
is lying low until the thing dies down, and may sell
it later. I notice the Mints will start making silver
dollars in 1964. So be on the look out for it being
sent to one of the U.S. Mints. Keep it confidential
to all except proper officials.

Write me or the owner above if it is comes in.

He got it off of Mr Denning's land in Section 4 township
24 north Range 3 west, Oregon County, Missouri.

He will no doubt give it as getting it off of land he
owned at the time, has since sold, which will be
Section 18 township 24 north Range 2 west, or he had
some in Section 13 township 24 N Range 2 west, in Oregon
County Missouri. When it comes in if it does, wish you
would please check this.

We are writing the Government mints, at Washington, D.C.
and Philadelphia, and also San Francisco.

I have suggested that Mr. Dennig get out a search warrant
if he does he will find it.

Thanking you,

Yours very truly

J. L. Sipe. Alton, Mo.

J. L. Sipe

Should be near \$100.000 of it but he may send in part
at a time. He may send it in, in name of his brother
in laws. Bill Briles who lives in Madison, Illinois, bear
St. Louis, or Carl Lewis, who lives in Kansas City, Mo. or
near.

Gentlemen:

Thanks for your letter of Sept 12th, relative to silver treasure, that has been run in crude way years ago in form of sliver dollars.

That you have no authority to purchase silver of any kind, at present time.

I suppose the silver that is mined in the silver States if probably sold to Industrial Organizations.

If a person would have quiet a large amount of silver as mentioned above, whatwould he do with it ? Can a person take it to Governmint and have it smeltered and then get paid for it?

This partythat betrayed me will no doubt ship it to you, or take it, and may send it through some Bank.

He got it off of another parties land, will claim he got it off his land. We know for sure about it. He got it.

He has it stored around his home. I am positive of that.

Thanking you.

Yours truly

J.L.Sipe.

J.L.Sipe
Alton, Mo.

Am sending copy of this to Governmint at Washington D.C. to be on look out for it.

It is my understanding Silver and Gold belongs to Government, unless through a mining operation, That it is unlawful to store it . And not turn it over to Government, like treasure mentioned above.

Gentlemen:

Re: Silver = Treasure.

Be on look out for some old silver in dollar form that was run years ago.

Ona Shehorn, Fremont, Mo. Route and I made a deal and he betrayed me on it.

It was on L.S. Dennig's land in Oregon County, Missouri. in a cave, My father had permit to work and find it, he died, and I found how to get it, and told Ona Shehorn and had fair understanding with him, we go together and get it. We would go fifty fifty on it. He betrayed me on it. Lies out of it, but we saw the petrified wood, on top of cave. My grandfather told us how it was put away in wooden drums, and ceiled up in a room in a cave, the wood petrified, and I saw it on top of the cave, so I am sure of it. He also put off a shot in cave to make it fall in so I could not get to the room. I never could get him to go over and I got suspicious and went over and found out he had already gotten it. He told me once when talking to him, he was going to put off a case of dynamite and blow the hill off, in fact he had already done it when talking to me.

Now he is laying low because I got after him for it, and he lied out of it. He had not sent it to Mint at Washington, D.C. so he has it stored at his home. Mr. Dennig could get search warrant and find it. He knows about it. I told Mr. Dennig.

Later he may send it in, either by himself or through his brother in laws, their names are Bill Briles, Madison, Illinois. or Carl Lewis, who lives in or near Kansas City, Mo.

Here is what he has in mind to do, I have talked to him before this came up. He is going to send it to mint, as getting it off of his farm he owned on Eleven Points, river at the time, since has sold it. To cut owner out. His land description is

Section 13 township 24 Range 3 and

Section 13 township 24 Range 2, OREGON COUNTY, MISSOURI.

Wish you would watch for those names, who might send it, he is trying to cut owner out and of course me.

I am positive that he got it out of this certain cave on L.S. Dennig's land described as

Section 4 township 24 Range 3. Oregon County, Mo.

He is violating the Federal Land by hoarding silver. He has it on his premises I am sure, waiting to send it in to mint later. He may send in part at a time, either to mint at Denver or at Washington, or through some Bank, so Watch for it and let me know. L.S. Dennig's address is 20 Brentmoor, Clayton 5, Missouri. Will appreciate it if you will advise me should he send it to you. We can get this thing fixed right, as to owner and also my self. He just want tell the truth.

you can give me. This is confidential. will appreciate any help

Yours very truly, J.L. Sipe. Alton, Mo.

Gentlemen:

We represent D.D. Seely, who is the owner of four mining claims situated some 19 miles southeast of Salome in Yuma County, Arizona, known as the Magic Mine Group. Early in 1959 Mr. Seely, together with his co-owner and one B.L. Gary entered into an agreement for the mining of the gold and silver ore therein, proposing to ship the same to the smelter. The ore did not prove as valuable as thought and mining operations were halted in March of 1959.

There was produced from the mine approximately 40 tons of ore, which is believed to have a value of \$35 per ton. Nothing was done with the ore until very recently when Gary made arrangements to have the ore hauled to Bouse to be processed there by a J. R. Schaffer, who has a mill and who is a resident of Cottonwood. It is my understanding that the ore is now being milled. This ore was removed from the mining claims without the consent or knowledge of Mr. Seely and is being processed without his consent. Mr. Gary has no interest in the mining claims and Mr. Seely is afraid that when it comes time to sell the gold that representations will be made as to its origin that may not be correct.

The original arrangements between Seely, his partner and Gary were that each was to have one-third of the proceeds from the ore after the payment of all expenses. All expenses were paid by Mr. Seely and his partner, none were paid by Gary.

Orig under Westover

U. S. Treasury Department

Denver, Colorado

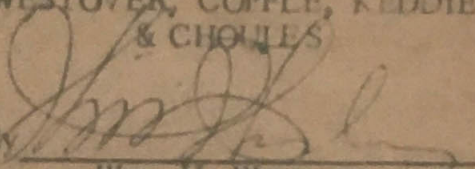

June 13, 1963
Page Two

No doubt application will be made shortly, either by Gary or by Schaffer for permit to sell the gold recovered from this ore, and we wish to place the Government on notice that neither Gary nor Schaffer have the title thereto, and would like to be kept advised of any effort on their part to sell the same.

Thanking you for your attention to this matter, I beg to remain

Respectfully,

WESTOVER, COPPLE, KEDDIE

Superintendent
United States Mint
Denver 4, Colorado

Dear Madam:

SUPERINTENDENT
U.S. MINT AT DENVER

This is in reply to your letter of February 8, 1962, regarding Mr. Henry A. Stillings and Dr. Mervyn McKenzie.

Mr. Stillings telephoned me on September 15, 1961, and also visited my office on September 20, 1961, in regards to certain individuals who had approached him to purchase and deliver to the United States Mint in Denver seven million ounces of gold bullion in bar form. The gold was alleged to be held outside the United States.

Mr. Stillings asked that I send him a wire stating we would accept this bullion for delivery at the Denver Mint, and also to list the conditions under which we would purchase this bullion. I told him that the Gold Regulations were clear as to the conditions under which gold could be imported for sale to the United States; that anyone who was holding gold legally could sell it to the Mint without any trouble; further, that it was not the practice of the Mint to furnish letters of the type requested by him because of their possible use in gold swindles, of which Mr. Stillings was warned.

Our records do not reveal a Dr. Mervyn McKenzie, although we do have a McKenzie (first name unknown) who was mentioned as an international character dealing in Mexican gold involving a possible confidence scheme in Oklahoma City in late 1950.

You should not deal with Mr. Stillings and Dr. McKenzie in any manner until they have either been cleared through this office or the Secret Service office in Denver.

Very truly yours,

Director, Office of Domestic
Gold and Silver Operations

February 8, 1962

Director, Office of Domestic
Gold and Silver Operations
Washington 25, D. C.

Dear Sir:

Mr. Henry A. Stillings and Dr. Mervyn McKennie called at this office yesterday regarding the importation of gold from Mexico.

Mr. Stillings stated that he had interviewed Messrs. Leland Howard and Howard Anderson regarding these transactions and that he had a copy of the Gold Regulations and other information pertaining thereto.

It was his understanding that the Mint would eventually advance 80% of the value of the gold on these deposits under Article VII of the Mint Regulations.

We would like to have confirmation of these conversations and any other information you may have which you feel may be of value to us in event these operations materialize.

Very truly yours,

Superintendent

ALP/el

9/20/55

Mr. Rodgers, attorney in with client, Mr. Roy Stott, whom he said was charged in Federal Court with making a false statement with regard to a deposit of gold ore, delivered to Golden Cycle. Wanted to know if the original form TG-20 by Roy Stott dated October 14, 1954 had been filed with the Mint. Conferred with Mr. Reddish, who called Mr. Braun and Mr. Bertram at Secret Service as to instructions for giving any information to them, or to refer to Director. Mr. Bertram said to handle it "in the usual manner".

Director:

I have a customer in Canada that wants to sell you some real Gold.

I am explaining some letters to you as follows:

My customer wish to inform that of this date he has approximately 500,000 ounces of Buooion Gold for sale, of 999.5 fines (more than 23 karat and not quite 24 carats).

It is a pleasure to have you write me your letter and let me know at once so I will write my letter to my customer in Canada by Air Mail. On our part we would like to knowon what basis you would do business, i.e. by cash or on a L/C Basis. The usual method is for the buyer to put up an L/C for the bull amount of the transaction. In this way the actual business would be done through banks, therefore it would not be necessary for either side to rely on one another. We would appreciate youradvising us as to whatabankton your sede., this business would be donethrough. For a deal of this size it is necessary to have a definite confirmation.

It should be pointed out that we have had several inquires for t his goldand that we are, naturally interested in obtaining the best price. Therefore we would like to know what price you would be prepared to pay.

On Our side we will supply all necessary legal invoices, export permits, and help to arrange transportation from our delivery point.

Upon receipt of your order we will immediately have my customer's bank confirm same, advising you of the quantityof gold available. The gold is covered by Lloyd's of London Certificate as to Weight, Quality (fines or carats), packaging, etc.

Any weights mentioned herein are understood to be Troy ounces w weight. The smallest amount availavle at one time is 16,000 ounces.

It should be understood that the 500,000 ounces of Bullion Gold offered herein for sale at the present time is subject to prior sales.

Looking forward to your early reply, with interest we remain,

Yours truly,

Francis W. Starbuck

Memorandum

TO : Director of the Mint

DATE: NOV 18 1964

FROM : Director, Office of Domestic
Gold and Silver Operations

SUBJECT: Mr. Otto A. Johnson, Jr.

Referring to your memorandum of November 9th, concerning Mr. Otto A. Johnson, Jr., his letter of March 3, 1964, addressed to the Philadelphia Mint and subsequently forwarded to the Denver Mint and this office, contained an inquiry on placer gold.

Since no gold was actually deposited with a Mint, we answered his letter directly. He was advised under what conditions the Mints purchase placer gold and since he obviously could not fill out the required form, we told him that we would authorize the Mint to purchase the gold if he would furnish us with a statement setting forth to the best of his knowledge and belief the name of the original miner and the name and address of the mine or place from which it was recovered. To date we have received no further word from Mr. Johnson.

Philadelphia, Pennsylvania

Gentlemen:

The undersigned represents the Administrator of the Estate of Paul H. Thompson, Deceased, Cause No. 33983 in the Probate Court of St. Louis County, Missouri. Included in this Estate is approximately 300 grams placer gold. The Deceased in his earlier days was a prospector.

We are unable to find the Government Bureau in St. Louis that would purchase this placer gold. The undersigned inquired at the Federal Reserve Bank here in St. Louis and they have suggested that we contact you.

Please inform us as to the Government Department here in St. Louis that would purchase this placer gold.

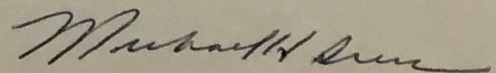

Very truly yours,

O. A. Johnson, Jr.

OAJ/bjd

Dear Madam:

This is in reply to your letter of December 26, 1961, concerning a deposit of dental scrap weighing approximately 4.46 troy ounces, received from Mr. Charles F. Templeman, 1313 Popular Street, Atlantic, Iowa.

You may accept this deposit under Form TG-22 as scrap gold.

Very truly yours,

Director, Office of Domestic
Gold and Silver Operations

Washington 25, D. C.

Dear Sir:

We have received a deposit of dental
scrap from Mr. Charles F. Templeman,
1313 Popular Street, Atlantic, Iowa,
weighing 4.46 troy ounces.

Mr. Templeman consulted a lawyer who
advised him to execute Form TG-22 to the
best of his ability. However, Mr. Templeman
is unable to fully execute this form. He
has advised us that he found this gold
while working on the furnace in his home.

In view of the circumstances, will you
please let us have your instructions regarding
this deposit.

Very truly yours,

Superintendent

ALP/cl

December 14, 1961

Mr. Charles F. Templeman

Gentlemen:

In a letter from the Bureau dated January 9, 1941, you were requested to furnish this office with reports on form TSA-3 of your transactions in newly-mined domestic silver under the Act of July 6, 1939.

Such reports have not been received at this office.

In view of all the facts and circumstances, the United States coinage Mints have been instructed to decline acceptance from you of deposits of newly-mined domestic silver.

It is necessary that you file immediately a consolidated report on form TSA-3 for the period from July 2, 1939 through November 30, 1940, as well as a report for the month of December, 1940. Such reports should be complete in every respect, and executed before an officer authorized to administer oaths.

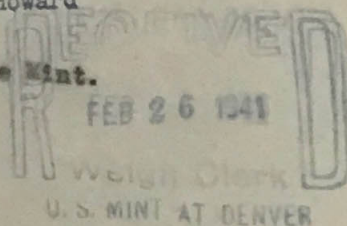

You are also requested to file a statement under oath setting forth the reason for your failure to comply with the request contained in the several letters from this office.

Upon the receipt of the information and reports requested above, consideration will be given to resuming acceptance of deposits of silver from you.

Very truly yours,

(Signed) Leland Howard

MY DEAR MADAM DIRECTOR:

ENCLOSED IS LETTER OF MAY 27, AND SKETCH RECEIVED FROM L. A. MARSHALL, FLOYDADA, TEXAS. YOU WILL NOTE THAT MR. MARSHALL IS OF THE OPINION THAT GOLD TAKEN FROM HIS PROPERTY IS BEING SOLD BY PERSONS NOT AUTHORIZED TO DO SO, AND THAT HE ASKS US TO REFUSE TO ACCEPT SUCH DEPOSITS.

WE HAVE RECEIVED NO DEPOSITS FROM W. C. HANSON, FRED SATTERTHWAITE, OR JIM PEARCE, AND HAVE RECEIVED NO SHIPMENTS FROM THE TEXAS PLACER COMPANY SINCE MARCH 11, 1940.

PLEASE GIVE US YOUR INSTRUCTIONS IN REGARD TO THIS MATTER.

RESPECTFULLY,

MARK A. SKINNER, SUPERINTENDENT

ENC.

- COPY -FLOYDADA, TEXAS
MAY 27, 1940.UNITED STATES MINT,
DENVER, COLORADO.

DEAR SIR:

YOURS OF MAY 21ST RECEIVED, I WISH, TOO, IF POSSIBLE TO STOP THE SALE OF GOLD FROM MY CLAIMS, RECORDED AT SILVER CITY, GRANT COUNTY, NEW MEXICO, UNDER THE NAME OF TEXAS NOS. ONE, TWO, THREE, AND FOUR. THESE PLACER GOLD CLAIMS ARE LOCATED ON BEAR CREEK IN THE PINOS ALTOS MINING DISTRICT, IN THE GILA NATIONAL FOREST. THE CLAIMS ARE OWNED BY MYSELF AND FAMILY, IRA J. MARSHALL, GEO. B. MARSHALL, L. A. MARSHALL AND W. C. MARSHALL.

CLAIM No. 1. BEGINNING AT THE S.E. CORNER NE $\frac{1}{4}$ SE $\frac{1}{4}$ SECTION 21, T16S R 14 W N.M.P.M. AND RUNNING THENCE, WEST ONE-HALF ($\frac{1}{2}$) MILE, THENCE NORTH ONE-HALF ($\frac{1}{2}$) MILE, THENCE EAST 1320 FEET, THENCE SOUTH 1320 FEET, THENCE EAST 1320 FEET, THENCE SOUTH 1320 FEET TO THE PLACE OF BEGINNING.

CLAIM No. 2. BEGINNING AT THE S.E. CORNER NW $\frac{1}{4}$ SECTION 21, T 16 S R 14 W N.M.P.M., AND RUNNING THENCE WEST ONE-HALF ($\frac{1}{2}$) MILE, THENCE NORTH 1320 FEET, THENCE EAST ONE-HALF ($\frac{1}{2}$) MILE, THENCE SOUTH 1320 FT. TO THE PLACE OF BEGINNING, SAID TRACT OF LAND BEING THE S $\frac{1}{2}$ NW $\frac{1}{4}$ SECTION 21, T 16 S R 14 W. N.M.P.M.

CLAIM No. 3. BEGINNING AT THE S.E. CORNER OF N.E. $\frac{1}{4}$ SECTION 20, T 16 S R 14 W N.M.P.M. AND RUNNING THENCE WEST ONE MILE, THENCE NORTH 1320 FT. THENCE EAST ONE MILE, THENCE SOUTH 1320 FEET TO THE PLACE OF BEGINNING, (ORIGINAL FILING CORRECTED BY LATER REVISION TO READ AS ABOVE)

CLAIM No. 4. BEGINNING AT THE S.E. CORNER OF THE NE $\frac{1}{4}$ SECTION 19, T 16 S R 14 W N.M.P.M., AND RUNNING THENCE WEST ONE HALF MILE, THENCE NORTH ONE HALF MILE, THENCE EAST ONE HALF MILE, THENCE SOUTH ONE HALF MILE TO THE PLACE OF BEGINNING, SAID TRACT OF LAND BEING THE NE $\frac{1}{4}$ Sec. 19, T16 S R 14 W N.M.P.M.

THE SITUATION IS AS FOLLOWS:

IN MARCH, 1939, WE LEASED THE ABOVE CLAIMS TO TEXAS PLACER COMPANY, COMPOSED OF SIX OTHER MEN AND MYSELF, WITH A STIPULATED ROYALTY AGREEMENT OF 10%. WE WERE REFINANCED AND I WAS MANAGER OF OPERATION UNTIL AUGUST 15, 1939. AT THAT TIME FOUR OF THE SEVEN DECIDED TO INSTALL W. C. HANSON AS MANAGER OF OPERATIONS. SINCE THAT TIME HE HAS BEEN SHIPPING THE GOLD BUT HAS FAILED TO DEPOSIT THE TEN PERCENT ROYALTY IN BANK AT SILVER CITY, AS PER CONTRACT. ABOUT APRIL 8TH, 1940, WE GAVE HANSON AND THE OTHERS NOTICE, (WRITTEN) THAT LEASE CONTRACT WAS CANCELLED BECAUSE OF FAILURE TO COMPLY, NO ROYALTY HAD BEEN PAID. NAMES OF PARTIES WHO MIGHT SHIP GOLD FROM THESE CLAIMS, ARE: TEXAS PLACER COMPANY, W. C. HANSON, FRED SATTERTHWAITE, OR JIM PEARCE. WE FEEL SURE THIS GOLD IS BEING SOLD UNDER SOME OTHER NAME AND PROBABLY SHIPPED TO THE OTHER MINT. ANY HELP WOULD REALLY BE APPRECIATED.

ADVISE. YOURS

(SIGNED) L. A. MARSHALL.

Mr. Spencer:

Will you see whether
we have received
anything from the

Superintendent,
United States Mint,
San Francisco, California

Dear Sir:

On January 13, 1937, this office wrote to Mr. R. H. Tume, 3218 Glendale Boulevard, Los Angeles, California, holder of license No. SF-2213-1126, advising such licensee that unless he submitted to this office a corrected TGR-13 report of his dealings in gold for the quarter which ended July 31, 1936, and a TGR-13 report for the quarter which ended October 31, 1936, and a satisfactory explanation for his failure to file such reports, his license would be subject to revocation.

Although this licensee was given until February 10, 1937, to comply with our request, he has failed to do so. You are therefore authorized and directed to revoke immediately the license issued to Mr. R. H. Tume, and to instruct the licensee to surrender the license to you promptly. Your letter of revocation should, according to the provisions of section 6(2) of the Provisional Regulations, issued under the Gold Reserve Act of 1934, as amended to January 1, 1936, be mailed to the address which is set out in such licensee's application for a license.

In your letter of revocation, you should instruct Mr. Tume that any gold which is being held under authority of the above license may be disposed of to persons authorized under the aforementioned Regulations to acquire such gold, provided such disposition is made within 15 days after the date of your letter.

The attention of the licensee should be directed to the penalties prescribed in section 4 of the Gold Reserve Act of 1934, for the acquisition, holding, melting and treating, etc., of gold in violation of such Act, and the Regulations issued thereunder.

By direction of the Secretary:

September 29, 1954

Silver Cell Mining Company
Turnerville, New Mexico

Gentlemen:

Reference is made to our letters of March 5 and June 2, 1954, in which you were requested to furnish this Bureau with a consolidated report on Form TSA-30 (partially completed copies of which were sent to you) reflecting transactions in newly-mined domestic silver for the period July 2, 1946, to and including May 31, 1954.

Such report has not been received.

Inasmuch as you have failed to comply with Section 80.11 of the Newly-Mined Domestic Silver Regulations of July 31, 1946, it will be necessary to instruct the United States mints to decline to accept any further deposits of newly-mined domestic silver made by you, either directly or through a smelting or refining company.

Reports on Form TSA-30 for the months of June, July and August 1954, are now also due.

Upon receipt of the above-mentioned reports, together with a statement from you evidencing your desire to comply fully with the Newly-Mined Domestic Silver Regulations, consideration will be given to resuming acceptance of deposits of silver from you.

Very truly yours,
(Signed) WM. H. BRETT

Director of the Mint

December 2, 1953

Mr. E. H. Simons, Manager
Simons and Padilla
Silver Cell Mining Company
Turnerville, New Mexico

Dear Sir:

Reference is made to your deposit shipped October 31 and the affidavit received November 16.

Our assay shows this deposit to contain less than one-fourth thousandth gold and a silver fineness of 996½ which makes it unacceptable as a gold deposit as shown on form TG-19 revised.

In order for the Mint to accept this as a newly mined silver deposit it will be necessary for you to execute one each of forms TSA-10 and TSA-20, duly signed and notaried, a small supply of which are enclosed.

The price for newly mined silver when accompanied by the above mentioned forms is 90½ cents per fine ounce.

Very truly yours,

Superintendent

*Cancelled License.
John Ulin - Oakland Calif.*

Dear Sir:

On June 15, 1938, this office wrote to Mr. John Ulin, 2720 - 11th Avenue, Oakland, California, holder of License No. SP-3815-372, advising such licensee that unless he submitted to this office TGR-13 reports for the quarters which ended July 31, 1937 and January 31, 1938, and a satisfactory explanation of his failure to file such reports, his license would be subject to revocation.

Although this licensee was given 25 days after the date of such letter to comply with our request, he has failed to do so. You are, therefore, authorized and instructed to revoke immediately the license of John Ulin and to instruct that licensee to surrender his license to you promptly. Your letter of revocation should, according to the provisions of section 6 (2) of the Provisional Regulations issued under the Gold Reserve Act of 1934, be mailed to the address which is set out in such licensee's application for a license.

In your letter of revocation, you should instruct John Ulin that any gold which is being held under authority of the above license, may be disposed of to persons authorized under the aforementioned Regulations to acquire such gold provided such disposition is made within fifteen days after the date of your letter.

The attention of the licensee should be directed to the penalties prescribed in section 4 of the Gold Reserve Act of 1934, for the acquisition, holding, melting and treating, etc., of gold in violation of such Act, and the Regulations issued thereunder.

Gentlemen:

We represent D.D. Seely, who is the owner of four mining claims situated some 19 miles southeast of Salome in Yuma County, Arizona, known as the Magic Mine Group. Early in 1959 Mr. Seely, together with his co-owner and one B.L. Gary entered into an agreement for the mining of the gold and silver ore therein, proposing to ship the same to the smelter. The ore did not prove as valuable as thought and mining operations were halted in March of 1959.

There was produced from the mine approximately 40 tons of ore, which is believed to have a value of \$35 per ton. Nothing was done with the ore until very recently when Gary made arrangements to have the ore hauled to Bouse to be processed there by a J. R. Schaffer, who has a mill and who is a resident of Cottonwood. It is my understanding that the ore is now being milled. This ore was removed from the mining claims without the consent or knowledge of Mr. Seely and is being processed without his consent. Mr. Gary has no interest in the mining claims and Mr. Seely is afraid that when it comes time to sell the gold that representations will be made as to its originality that may not be correct.

The original arrangements between Seely, his partner and Gary were that each was to have one-third of the proceeds from the ore after the payment of all expenses. All expenses were paid by Mr. Seely and his partner, none were paid by Gary.

U. S. Treasury Department
Superintendent, Mint Service
Denver Mint Building
Colfax at Delaware
Denver, Colorado

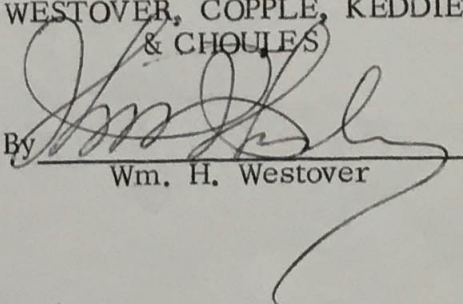

June 13, 1963
Page Two

No doubt application will be made shortly, either by Gary or by Schaffer for permit to sell the gold recovered from this ore, and we wish to place the Government on notice that neither Gary nor Schaffer have the title thereto, and would like to be kept advised of any effort on their part to sell the same.

Thanking you for your attention to this matter, I beg to remain

Respectfully,

ENCLOSURE.

MAY 11, 1937

WARD P. WYMAN,
c/o ODELL S. McCONNELL,
935 VAN NUYS BUILDING,
LOS ANGELES, CALIFORNIA.

DEAR SIR:-

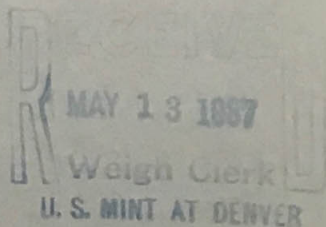

ON SEPTEMBER 15, 1936, THIS BUREAU REQUESTED YOU TO FILE REPORTS IN CONNECTION WITH SILVER DEPOSIT-ED BY YOU AT THE MINT. THIS REQUEST WAS REPEATED IN LETTERS FROM THIS BUREAU DATED FEBRUARY 11 AND APRIL 19, 1937. HOWEVER, TO DATE, WE HAVE RECEIVED NEITHER THE REPORTS NOR YOUR ACKNOWLEDGMENT OF OUR LETTERS.

UNTIL THESE REPORTS ARE SUBMITTED BY YOU IN PROPER FORM, NO FUTHER DEPOSITS OF SILVER, UNDER THE PRESIDENT'S PROCLAMATION OF DECEMBER 21, 1933, AS AMENDED, WILL BE RECEIVED FROM YOU BY THE UNITED STATES MINTS OR ASSAY OFFICES.

VERY TRULY YOURS,

M. M. O'REILLY

Sold!

Dear Sir:

On January 28, 1937, this office wrote to Mr. Ward P. Wyman, Darwin, California, holder of license No. SF-2H13-193, advising such licensee that unless he submitted to this office a corrected TGR-13 report of his dealings in gold for the quarter which ended April 30, 1936, and a TGR-13 report for the quarter which ended July 31, 1936, and a satisfactory explanation for his failure to file such reports, his license would be subject to revocation.

Although this licensee was given until February 25, 1937, to comply with our request, he has failed to do so. You are therefore authorized and directed to revoke immediately the license issued to Mr. Ward P. Wyman, and to instruct the licensee to surrender the license to you promptly. Your letter of revocation should, according to the provisions of section 6(2) of the Provisional Regulations, issued under the Gold Reserve Act of 1934, as amended to January 1, 1936, be mailed to the address which is set out in such licensee's application for a license.

In your letter of revocation, you should instruct Mr. Wyman that any gold which is being held under authority of the above license may be disposed of to persons authorized under the aforementioned Regulations to acquire such gold, provided such disposition is made within 15 days after the date of your letter.

The attention of the licensee should be directed to the penalties prescribed in section 4 of the Gold Reserve Act of 1934, for the acquisition, holding, melting and treating, etc., of gold in violation of such Act and the Regulations issued thereunder.

By direction of the Secretary:

Very truly yours,

CC: All Mints and
Assay Offices

Walter Taylor Ross.

Director of the Mint.

AMENDMENT No. 1 to the Regulations for the Transaction of Business at
the Mints, Assay Office, and Bullion Depositories of the United States,
Effective March 1, 1956.

Article V, section 5, is hereby amended to read as follows:

"Uncurrent and mutilated coins received at a mint shall be reviewed in the Cash and Deposits Division in accordance with procedures established by the Director. Coins shall not be reviewed for any possible numismatic value. Coins which are found to show contamination shall be melted and cast into recovery bars."

This amendment will be effective immediately.

Director of the Mint.

TREASURY DEPARTMENT

WASHINGTON 25

Indy. Prov. file - 4-4
RECEIVED
APR 11 1957
OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER
April 8, 1957

Superintendent
United States Mint
Denver, Colorado

Dear Madam:

Reference is made to your letter dated March 26, 1957, concerning disposal of contaminated material received with uncurrent and mutilated coins.

Since this material is not suitable for refinery operations, you are authorized to have the Cash and Deposits Division melt and cast it into recovery bars. This material should be advertised for sale along with deposit melting and weigh room sweeps. Mint regulations are being revised to provide for this procedure.

Very truly yours,

Director of the Mint

March 26, 1957

Director of the Mint
Washington, D. C.

Dear Sir:

In receiving uncurrent and mutilated coin the Cashier's division accumulates considerable quantities of material which cannot be purchased, such as foreign coins, mutilated coins of all types, slugs, fused material, etc. The Cashier estimates that 10% of this residue comes from uncurrent coin shipments from Federal Reserve banks and 90% from unfit lots forwarded by miscellaneous depositors. The volume of this unacceptable material has increased rapidly over the past few years.

For at least the last six years this residue from the return of coins to the Mint has been delivered to the Melting and Refining Division for whatever recovery might be made. This procedure is in line with the provision in the Mint Regulations which states that contaminated coin shall be delivered to the Melting and Refining Division and melted and cast into recovery bars.

Enclosed are memoranda from the Melting and Refining and Cashier divisions bearing on this problem. The Melting and Refining Division's position is that the material is unsuitable for processing in the Refinery. They wish to return to the Cashier a considerable amount of it that is still on hand. The Cashier requests instruction as to what to do with this material. ✓

The lot of unacceptable material which has been rejected by the Melting and Refining Division has been melted and cast into a bar. The assay shows a silver fineness of 120; also that the bar contains 74.3% copper and a trace of lead. Presumably the silver content comes from foreign silver coins and mutilated coins which are fused or otherwise unacceptable for redemption or purchase. The bar weighs 1258.29 ounces and contains silver worth approximately \$137.40.

There is considerable doubt as to whether we can find a purchaser interested in material so low in silver, with a large and probably undesirable base content.

We should very much appreciate your consideration of this problem and then your counsel and advice.

Very truly yours,

Superintendent

Office Memorandum • UNITED STATES GOVERNMENT

TO : Mrs. Alma K. Schneider, Superintendent
: Mr. Marshall M. Reddish, Asst. Superintendent DATE: March 8, 1957

FROM : A. L. Philippas, Cashier

SUBJECT: Residue from unfit lots.

As you know, this division accumulates quantities of residue, i.e., mutilated coins of all types, both United States and foreign, slugs, base metal, aluminum, cans to which coins are fused, etc. etc., from unfit lots. This material is not acceptable for purchase by the Mint. The depositors do not wish to pay for return of this material since it has no value.

With the steady increase of unfit lots of coins, both from individuals and banks, this residue has accumulated in proportionate volume.

Since 1951, when a gradual increase in this material began, we have turned over all such accumulations from time to time to the Melting & Refining Division, for disposal, since we have no way of liquidating it here.

Early in 1954, Mr. Miller requested us to melt all this mixture into bar form and then deliver same to that division. This was done, but the experiment dissatisfied them and we were then requested to leave it in its original form. Since then we have delivered lots upwards of 300 ounces to that division.

Last August, Mr. Miller objected to the inclusion of the wording "silver and nickel coins", stating that he did not actually know that coins which appeared to be silver, including United States coins, might not be counterfeits. A form was then agreed upon which eliminated the words objected to.

I called Mr. Miller this morning and asked him if he was willing to accept another lot of this material and he said he would. We then sacked 1,388.80 ounces and when I offered it to him this afternoon, he said he had changed his mind and refused it.

Since Mr. Miller indicated that he would write the Bureau for specific instructions, he not being able to process these lots, I am outlining the procedure which has been followed in the past. I would like to have a regular way of disposing of this material from time to time.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Mrs. Alma K. Schneider, Sup't.

DATE: March 8, 1957

FROM : Chas. M. Miller

SUBJECT: Disposition of metals accumulated by the Cashier.

The Cashier periodically accumulates various metals, including foreign coins and domestic coins which have been partly melted or otherwise so mutilated that payment can not be made therefor, which have not been taken into the Mint accounts. In the past, this metal has been delivered to the M & R Division without charge, presumably with the belief that it could be advantageously processed in the refinery. This metal, consisting of lead, zinc, tin, magnesium, aluminum, copper, nickel and other base metals, together with a very little silver, is wholly unsuited for processing in the refinery. It is, therefore, recommended that all such metal now in the custody of the M & R Division be returned to the Cashier for melting with subsequent accumulations in to bars for eventual disposal to the highest bidder.

3/8/57

Memo.

I called Mr. C. Miller this morning and asked him if he would take another lot of misc. material resulting from the purchase and rejection of unfit lots. He said he would.

When Berner and I weighed it up this afternoon (1,388.80 oz) he said he had changed his mind and would not take it. Said he would write the Bureau suggesting we melt it up and sell it ourselves.

He then said this residue might salt his sweeps, and wanted to know why I accused the M&R of coomingling their sweeps with ours. I told him I had made no such accusation; that Messrs. Wiggin and Schierke had indicated that the sweeps had been coommingled.

He then said that my men had done the commingling, that he had found crushed cupels from us in his sweeps.

I asked him how the large gold nuggets had gotten into our sweeps on the third floor, and he said we had put them into his sweeps.

When I asked him how our sweeps could have gotten so much gold into them, he said we were cheating the depositors.

Said that Mrs. Schneider had told him that I said the M & R had commingled the sweeps with ours.

3/9 - Talked to RTM abt this. Said pay no attention to him. He quarrels with everyone.

TREASURY DEPARTMENT

WASHINGTON 25

April 29, 1955

Superintendent
United States Mint
Denver, Colorado

Dear Madam:

Reference is made to your letter of April 18, 1955, regarding the purchase of mutilated minor coins.

The prices established for the purchase of mutilated minor coins are intended to apply to the weight and actual content of the coins.

Since the one-cent coins contain 95% copper, the price to be paid for each pound of coins would be 95% of 30 cents or 28 cents per pound.

The five-cent coins contain 75% copper and 25% nickel and the price per pound of coins would be computed as follows:

Copper:	75% of 30¢ or 22¢
Nickel:	25% of 60¢ or 15¢
Price per pound	37¢

The instructions issued under date of April 27, 1954, with reference to the purchase of mixed lots of silver-manganese and cupro-nickel one-cent coins, and mixed lots of bronze and steel one-cent coins remain in effect.

In reply to the last paragraph of your letter, all fused minor coins purchased will be delivered to the melting and refining division. The superintendent of that division will determine the disposition of the metal from such coins.

Very truly yours,

Director of the Mint

CONTRACT TERMS AND CONDITIONS

- Sec. 1. (a) The carrier or party in possession of any of the property herein described shall be liable as at common law for any loss thereof or damage thereto, except as hereinafter provided.
- (b) No carrier or party in possession of all or any of the property herein described shall be liable for any loss thereof or damage thereto or delay caused by the Act of God, the public enemy, the authority of law, or the act or default of the shipper or owner, or for natural shrinkage. The carrier's liability shall be that of warehouseman, only, for loss, damage, or delay caused by fire occurring after the expiration of the free time (if any) allowed by tariffs lawfully on file (such free time to be computed as therein provided) after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination, or tender of delivery of the property to the party entitled to receive it, has been made. Except in case of negligence of the carrier or party in possession (and the burden to prove freedom from such negligence shall be on the carrier or party in possession), the carrier or party in possession shall not be liable for loss, damage, or delay occurring while the property is stopped and held in transit upon the request of the shipper, owner, or party, entitled to make such request, or resulting from a defect or vice in the property, or for country damage to cotton, or from riots or strikes. Except in case of carrier's negligence, no carrier or party in possession of all or any of the property herein described shall be liable for delay caused by highway obstruction, faulty or impassable highway, or lack of capacity of any highway, bridge or ferry, and the burden to prove freedom from such negligence shall be on the carrier or party in possession.
- (c) In case of quarantine the property may be discharged at risk and expense of owners into quarantine depot or elsewhere, as required by quarantine regulations or authorities, or for the carrier's dispatch at nearest available point in carrier's judgment, and in any such case carrier's responsibility shall cease when property is so discharged, or property may be returned by carrier at owner's expense to shipping point, earning freight both ways. Quarantine expenses of whatever nature or kind upon or in respect to property shall be borne by the owners of the property or be a lien thereon. The carrier shall not be liable for loss or damage occasioned by fumigation or other acts required or done by quarantine regulations or authorities even though the same may have been done by carrier's officers, agents, or employees, nor for detention, loss, or damage of any kind occasioned by quarantine or the enforcement thereof. No carrier shall be liable, except in case of negligence, for any mistake or inaccuracy in any information furnished by the carrier, its agents, or officers, as to quarantine laws or regulations. The shipper shall hold the carriers harmless from any expense they may incur, or damages they may be required to pay, by reason of the introduction of the property covered by this contract into any place against the quarantine laws or regulations in effect at such place.
- Sec. 2. (a) No carrier is bound to transport said property by any particular schedule, train, vehicle or vessel, or in time for any particular market or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination. In all cases not prohibited by law where a lower value than actual value has been represented in writing by the shipper or has been agreed upon in writing as the released value of the property as determined by the classification or tariffs upon which the rate is based, such lower value plus freight charges if paid shall be the maximum amount to be recovered, whether or not such loss or damage occurs from negligence.
- (b) As a condition precedent to recovery, claims must be filed in writing with the receiving or delivering carrier, or carrier issuing this bill of lading, or carrier on whose line the loss, damage, injury or delay occurred, or carrier in possession of the property when the loss, damage, injury or delay occurred, within nine months after delivery of the property (or, in the case of export traffic, within nine months after delivery at port of export) or, in case of failure to make delivery, then within nine months after a reasonable time for delivery has elapsed; and suits shall be instituted against any carrier only within two years and one day from the day when notice in writing is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, no carrier hereunder shall be liable, and such claims will not be paid.
- (c) Any carrier or party liable on account of loss of or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property, so far as this shall not avoid the policies or contracts of insurance. PROVIDED, That the carrier reimburse the claimant for the premium paid thereon.
- Sec. 3. Except where such service is required as the result of carrier's negligence, all property shall be subject to necessary co-operation and baling at owner's cost. Each carrier over whose route cotton or cotton linters is to be transported hereunder shall have the privilege, at its own cost and risk, of compressing the same or forwarding, and shall not be held responsible for deviation or unavoidable delays in procuring such compression. Grain in bulk consigned to a point where there is a railroad, public or licensed elevator, may (unless otherwise expressly noted herein, and then if it is not promptly unloaded) be there delivered and placed with other grain of the same kind and grade without respect to ownership (and prompt notice thereof shall be given to the consignor), and if so delivered shall be subject to a lien for elevator charges in addition to all other charges hereunder.
- Sec. 4. (a) Property not removed by the party entitled to receive it within the free time (if any) allowed by tariffs, lawfully on file (such free time to be computed as therein provided), after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination has been made, or property not received, at time tender of delivery of the property to the party entitled to receive it has been made, may be kept in vessel, vehicle, car, depot, warehouse or place of business of the carrier, subject to the tariff charge for storage and to carrier's responsibility as warehouseman, only, or at the option of the carrier, may be removed to and stored in a public or licensed warehouse at the point of delivery or other available point, or if no such warehouse is available at point of delivery or at other available point, then in other available storage facility, at the cost of the owner and there held without liability on the part of the carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage. In the event consignee cannot be found at address given for delivery, then in that event, notice of the placing of such goods in warehouse shall be mailed to the address given for delivery and mailed to any other address given on the bill of lading for notification, showing the warehouse in which such property has been placed, subject to the provisions of this paragraph.
- (b) Where nonperishable property which has been transported to destination hereunder is refused by consignee or the party entitled to receive it upon tender of delivery, or said consignee or party entitled to receive it fails to receive or claim it within 15 days after notice of arrival shall have been duly sent or given, the carrier may sell the same at public auction to the highest bidder, at such place as may be designated by the carrier:
- PROVIDED, That the carrier shall have first mailed, sent, or given to the consignor notice that the property has been refused or remains unclaimed, as the case may be, and that it will be subject to sale under the terms of the bill of lading if disposition be not arranged for, and shall have published notice containing a description of the property, the name of the party to whom consigned, or, if shipped order notify, the name of the party to be notified, and the time and place of sale, once in a week for two successive weeks, in a newspaper of general circulation at the place of sale or nearest place where such newspaper is published. PROVIDED, That 30 days shall have elapsed before publication of notice of sale after said notice that the property was refused or remains unclaimed was mailed, sent or given.
- (c) Where perishable property which has been transported hereunder to destination is refused by consignee or party entitled to receive it, or said consignee or party entitled to receive it shall fail to receive it promptly, the carrier may, in its discretion, to prevent deterioration or further deterioration, sell the same to the best advantage at private or public sale: PROVIDED, That if time serves for notification to the consignor or owner of the refusal of the property or the failure to receive it and request for disposition of the property, such notification shall be given, in such manner as the exercise of due diligence requires, before the property is sold. Where the property is sold, the proceeds of such sale shall be applied to the payment of freight, demurrage, storage, and any other lawful charges and the expense of notice, advertisement, sale, and other necessary expense and of caring for and maintaining the property, if proper care of same requires special expense, and should there be a balance it shall be paid to the owner of the property sold hereunder.
- (d) Where the procedure provided for in the two paragraphs last preceding is not possible, it is agreed that nothing contained in said paragraphs shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law.
- (e) The proceeds of any sale made under this section shall be applied by the carrier to the payment of freight, demurrage, storage, and any other lawful charges and the expense of notice, advertisement, sale, and other necessary expense and of caring for and maintaining the property, if proper care of same requires special expense, and should there be a balance it shall be paid to the owner of the property sold hereunder.
- (f) Property destined to or taken from a station, wharf, landing or other place at which there is no regularly appointed freight agent shall be entirely at risk of owner after unloaded from cars, vehicles or vessels or until loaded into cars, vehicles or vessels, and, except in case of carrier's negligence, when received from or delivered to such stations, wharves, landings, or other places, shall be at owner's risk until the cars are attached to and after they are detached from locomotive or train or until loaded into and after unloaded from vessels, or if property is transported in motor vehicle trailers or semi-trailers, until such trailers or semi-trailers are attached to and after they are detached from power units. Where a carrier is directed to unload or deliver property transported by motor vehicle at a particular location where consignee or consignee's agent is not regularly located, the risk after unloading, or delivery, shall be that of the owner.
- Sec. 5. No carrier hereunder will carry or be liable in any way for any documents, specie, or for any articles of extraordinary value not specifically rated in the published classification or tariffs unless a special agreement to do so and a stipulated value of the articles are endorsed hereon.
- Sec. 6. Every party, whether principal or agent, shipping explosives or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for and indemnify the carrier against all loss or damage caused by such goods, and such goods may be warehoused at owner's risk and expense or destroyed without compensation.
- Sec. 7. The owner or consignee shall pay the freight and average, if any, and all other lawful charges accruing on said property; but, except in those instances where it may lawfully be authorized to do so, no carrier shall deliver or relinquish possession at destination of the property covered by this bill of lading until all tariff rates and charges thereon have been paid. The consignor shall be liable for the freight and all other lawful charges, except that if the consignor stipulates, by signature, in the space provided for that purpose on the face of this bill of lading that the carrier shall not make delivery without requiring payment of such charges and the carrier, contrary to such stipulation shall make delivery without requiring such payment, the consignor (except as hereinafter provided) shall not be liable for such charges. PROVIDED, That, where the carrier has been instructed by the shipper or consignor to deliver said property to a consignee other than the shipper or consignor, such consignee shall not be legally liable for transportation charges in respect of the transportation of said property beyond those billed against him at the time of delivery for which he is otherwise liable (which may be found to be due after the property has been delivered to him, if the consignee (a) is an agent only and has no beneficial title in said property, and (b) prior to delivery of said property has notified the delivering carrier in writing of the fact of such agency and absence of beneficial title, and, in the case of a shipment reconsigned or diverted to a point other than that specified in the original bill of lading, has also notified the delivering carrier in writing of the name and address of the beneficial owner of said property; and, in such cases the shipper or consignor, or, in the case of a shipment so reconsigned or diverted, the beneficial owner shall be liable for such additional charges. Nothing herein shall limit the right of the carrier to require at time of shipment the prepayment or guarantee of the charges. If upon inspection it is ascertained that the articles shipped are not those described in this bill of lading, the freight charges must be paid upon the articles actually shipped.
- Sec. 8. If this bill of lading is issued on the order of the shipper, or his agent, in exchange or in substitution for another bill of lading, the shipper's signature to the prior bill of lading as to the statement of value or otherwise, or election of common law or bill of lading liability, in or in connection with such prior bill of lading, shall be considered a part of this bill of lading as fully as if the same were written or made in or in connection with this bill of lading.
- Sec. 9. (a) If all or any part of said property is carried by water over any part of said route, such water carriage shall be performed subject to all the terms and provisions of, and all the exemptions from liability contained in, the Act of the Congress of the United States, approved on February 13, 1893, and entitled "An act relating to the navigation of vessels, etc.," and of other statutes of the United States according carriers by water the protection of limited liability, and to the conditions contained in the bills of lading not inconsistent therewith or with this section.
- (b) No such carrier by water shall be liable for any loss or damage resulting from any fire happening to or on board the vessel, or from explosion, bursting of boilers or breakage of shafts, unless caused by the design or neglect of such carrier.
- (c) If the owner shall have exercised due diligence in making the vessel in all respects seaworthy and properly manned, equipped and supplied, no such carrier shall be liable for any loss or damage resulting from the perils of the lakes, seas, or other waters, or from latent defects in hull, machinery, or appurtenances whether existing prior to, at the time of, or after sailing, or from collision, stranding, or other accidents of navigation, or from prolongation of the voyage. And, when for any reason it is necessary, any vessel carrying any or all of the property herein described shall be at liberty to call at any port or ports, in or out of the customary route, to tow and be towed, to transfer, trans-ship, or lighten, to load and discharge goods at any time, to assist vessels in distress, to deviate for the purpose of saving life or property, and for docking and repairs. Except in case of negligence such carrier shall not be responsible for any loss or damage to property if it be necessary or is usual to carry the same upon deck.
- (d) General Average shall be payable according to the York-Antwerp Rules of 1924, Sections 1 to 15, inclusive, and Sections 17 to 22, inclusive, and as to matters not covered thereby according to the laws and usages of the Port of New York. If the owners shall have exercised due diligence to make the vessel in all respects seaworthy and properly manned, equipped and supplied, it is hereby agreed that in case of danger, damage or disaster resulting from faults or errors in navigation, or in the management of the vessel, or from any latent or other defects in the vessel, her machinery or appurtenances, or from unseaworthiness, whether existing at the time of shipment or at the beginning of the voyage (provided the latent or other defects or the unseaworthiness was not discoverable by the exercise of due diligence), the shipper, consignees and/or owners of the cargo shall nevertheless pay salvage and any special charges incurred in respect of the cargo, and shall contribute with the shipowner in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred for the common benefit or to relieve the adventure from any common peril.
- (e) If the property is being carried under a tariff which provides that any carrier or carriers party thereto shall be liable for loss from perils of the sea, then as to such carrier or carriers the provisions of this section shall be modified in accordance with the tariff provisions.
- (f) The term "water carriage" in this section shall not be construed as including lighterage in or across rivers, harbors, or lakes, when performed by or on behalf of carriers other than water.
- Sec. 10. Any alteration, addition, or erasure in this bill of lading which shall be made without the special notation hereon of the agent of the carrier issuing this bill of lading, shall be without effect, and this bill of lading shall be enforceable according to its original tenor.

RECEIVED, subject to the classifications and tariffs in effect on the date of the issue of this Shipping Order.

From UNITED STATES MINT, Date JUNE 9, 1960, 195

At DENVER Street, City, COLORADO County, State

the property described below, in apparent good order, except as noted, (contents and condition of contents of packages unknown), marked, consigned, and destined as shown below, which said company (the word company being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its own railroad, water line, highway route or routes, or within the territory of its highway operations, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any back hereof, which are hereby agreed to by the shipper and accepted for himself and his assigns.

CONTRACT TERMS AND CONDITIONS

MOTOR CARRIER

Sec. 1. (a) The carrier or party in possession of any of the property herein described shall be liable as at common law for any loss thereof or damage thereto, except as hereinafter provided.

(b) No carrier or party in possession of all or any of the property herein described shall be liable for any loss thereof or damage thereto or delay caused by the Act of God, the public enemy, the authority of law, or the act or default of the shipper or owner, or for natural shrinkage. The carrier's liability shall be that of warehouseman, only, for loss, damage, or delay caused by fire occurring after the expiration of the free time (if any) allowed by tariffs lawfully on file (such free time to be computed as therein provided) after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination, or tender of delivery of the property to the party entitled to receive it, has been made. Except in case of negligence of the carrier or party in possession (and the burden to prove freedom from such negligence shall be on the carrier or party in possession), the carrier or party in possession shall not be liable for loss, damage, or delay occurring while the property is stopped and held in transit upon the request of the shipper, owner, or party, entitled to make such request, or resulting from a defect or vice in the property, or for country damage to cotton, or from riots or strikes. Except in case of carrier's negligence, no carrier or party in possession of all or any of the property herein described shall be liable for delay caused by highway obstruction, fault or impassable highway, or lack of capacity of any highway, bridge or ferry, and the burden to prove freedom from such negligence shall be on the carrier or party in possession.

(c) In case of quarantine the property may be discharged at risk and expense of owners into quarantine depot or elsewhere, as required by quarantine regulations or authorities, or for the carrier's dispatch at nearest available point in carrier's judgment, and in any such case carrier's responsibility shall cease when property is so discharged, or property may be returned by carrier at owner's expense to shipping point, earning freight both ways. Quarantine expenses of whatever nature or kind upon or in respect to property shall be borne by the owners of the property or be a lien thereon. The carrier shall not be liable for loss or damage occasioned by fumigation or disinfection or other acts required or done by quarantine regulations or authorities even though the same may have been done by carrier's officers, agents, or employees, nor for detention, loss, or damage of any kind occasioned by quarantine or the enforcement thereof. No carrier shall be liable, except in case of negligence, for any mistake or inaccuracy in any information furnished by the carrier, its agents, or officers, as to quarantine laws or regulations. The shipper shall hold the carriers harmless from any expense they may incur, or damages they may be required to pay, by reason of the introduction of the property covered by this contract into any place against the quarantine laws or regulations in effect at such place.

Sec. 2. (a) No carrier is bound to transport said property by any particular schedule, train, vehicle or vessel, or in time for any particular market or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination. In all cases not prohibited by law, where a lower value than actual value has been represented in writing by the shipper or has been agreed upon in writing as the released value of the property as determined by the classification or tariffs upon which the rate is based, such lower value plus freight charges if paid shall be the maximum amount to be recovered, whether or not such loss or damage occurs from negligence.

(b) As a condition precedent to recovery, claims must be filed in writing with the receiving or delivering carrier, or carrier issuing this bill of lading, or carrier on whose line the loss, damage, injury or delay occurred, or carrier in possession of the property when the loss, damage, injury or delay occurred, within nine months after delivery of the property (or, in the case of export traffic, within nine months after delivery at port of export) or, in case of failure to make delivery, then within nine months after a reasonable time for delivery has elapsed; and suits shall be instituted against any carrier only within two years and one day from the day when notice in writing is given by the claimant to the carrier that the carrier has disallowed the claim or any part or parts thereof specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, no carrier hereunder shall be liable, and such claims will not be paid.

(c) Any carrier or party liable on account of loss or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property, so far as this shall not avoid the policies or contracts of insurance: PROVIDED, That the carrier reimburse the claimant for the premium paid thereon.

Sec. 3. Except where such service is required as the result of carrier's negligence, all property shall be subject to necessary coopersage and baling at owner's cost. Each carrier over whose route cotton or cotton lint is to be transported hereunder shall have the privilege, at its own cost and risk, of compressing the same for greater convenience in handling or forwarding, and shall not be held responsible for deviation or unavoidable delays in procuring such compression. Grain in bulk consigned to a public warehouse, public or licensed elevator, may (unless otherwise expressly noted herein, and then if it is not promptly unloaded) be there delivered and placed with other grain of the same kind and grade without respect to ownership (and prompt notice thereof shall be given to the consignor), and if so delivered shall be subject to a lien for elevator charges in addition to all other charges hereunder.

Sec. 4. (a) Property not removed by the party entitled to receive it within the free time (if any) allowed by tariffs, lawfully on file (such free time to be computed as therein provided), after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination has been made, or property not received, at time tender of delivery of the property to the party entitled to receive it and stored in a public or licensed warehouse at the point of delivery or other available point, or if no such warehouse is available at point of delivery or at other available point, then in other available storage facility, at the cost of the owner and there held without liability on the part of the carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage. In the event consignee cannot be found at address given for delivery, then in that event, notice of the placing of such goods in warehouse shall be mailed to the address given for delivery and mailed to any other address given on the bill of lading for notification, showing the warehouse in which such property has been placed, subject to the provisions of this paragraph.

(b) Where nonperishable property which has been transported to destination hereunder is refused by consignee or the party entitled to receive it upon tender of delivery, or said consignee or party entitled to receive it fails to receive or claim it within 15 days after notice of arrival shall have been duly sent or given, the carrier may sell the same at public auction to the highest bidder, at such place as may be designated by the carrier:

PROVIDED, That the carrier shall have first mailed, sent, or given to the consignor notice that the property has been refused or remains unclaimed, as the case may be, and that it will be subject to sale under the terms of the bill of lading if disposition be not arranged for, and shall have published notice containing a description of the property, the name of the party to whom consigned, or, if shipped order notify, the name of the party to be notified, and the time and place of sale, once a week for two successive weeks, in a newspaper of general circulation at the place of sale or nearest place where such newspaper is published. PROVIDED, That 30 days shall have elapsed before publication of notice of sale after said notice that the property was refused or remains unclaimed was mailed, sent or given.

(c) Where perishable property which has been transported hereunder to destination is refused by consignee or party entitled to receive it, or said consignee or party entitled to receive it shall fail to receive it promptly, the carrier may, in its discretion, to prevent deterioration or further deterioration, sell the same to the best advantage at private or public sale: PROVIDED, That if time serves for notification to the consignor or owner of the refusal of the property or the failure to receive it and request for disposition of the property, such notification shall be given, in such manner as the exercise of due diligence requires, before the property is sold.

(d) Where the procedure provided for in the two paragraphs last preceding is not possible, it is agreed that nothing contained in said paragraphs shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law.

(e) The proceeds of any sale made under this section shall be applied by the carrier to the payment of freight, demurrage, storage, and any other lawful charges and the expense of notice, advertisement, sale, and other necessary expense and of spring for and maintaining the property, if proper care of same requires special expense, and should there be a balance it shall be paid to the owner of the property sold hereunder.

(f) Property destined to or taken from a station, wharf, landing or other place at which there is no regularly appointed freight agent shall be entirely at risk of owner after unloaded from cars, vehicles or vessels or until loaded into cars, vehicles or vessels, and in case of carrier's negligence, when received from or delivered to such stations, wharves, landings, or other places, shall be at owner's risk until the cars are attached to and after they are detached from locomotive or train or until loaded into and after unloaded from vessels, or if property is transported in motor vehicle trailers or semi-trailers, until such trailers or semi-trailers are attached to and after they are detached from power units. Where a carrier is directed to unload or deliver property transported by motor vehicle at a particular location where consignee or consignee's agent is not regularly located, the risk after unloading, or delivery, shall be that of the owner.

Sec. 5. No carrier hereunder will carry or be liable in any way for any documents, specie, or for any articles of extraordinary value not specifically rated in the published classification or tariffs unless a special agreement to do so and a stipulation of value of the articles are endorsed hereon.

Sec. 6. Every party, whether principal or agent, shipping explosives or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for and indemnify the carrier against all loss or damage caused by such goods, and such goods may be warehoused at owner's risk and expense or destroyed without compensation.

Sec. 7. The owner or consignee shall pay the freight and average, if any, and all other lawful charges accruing on said property; but, except in those instances where it may lawfully be authorized to do so, no carrier shall deliver or relinquish possession at destination of the property covered by this bill of lading until all tariff rates and charges thereon have been paid. The consignor shall be liable for the freight and all other lawful charges, except that if the consignor stipulates, by signature in the space provided for that purpose on the face of this bill of lading that the carrier shall not make delivery without requiring payment of such charges and the carrier, contrary to such stipulation shall make delivery without requiring such payment, the consignor (except as hereinafter provided) shall not be liable for such charges. PROVIDED, That, where the carrier has been instructed by the shipper or consignor to deliver said property to a consignee other than the shipper or consignor, such consignee shall not be legally liable for transportation charges in respect of the transportation of said property (beyond those billed against him at the time of delivery for which he is otherwise liable) which may be found to be due after the property has been delivered to him. If the consignee (a) is an agent only and has no beneficial title in said property, and (b) prior to delivery of said property has notified the delivering carrier in writing of the fact of such agency and absence of beneficial title, and, in the case of a shipment reconsigned or diverted to a point other than that specified in the original bill of lading, has also notified the delivering carrier in writing of the name and address of the beneficial owner of said property; and, in such cases the shipper or consignor, or, in the case of a shipment so reconsigned or diverted, the beneficial owner shall be liable for such additional charges. If the consignee has given to the carrier erroneous information as to who the beneficial owner is, such consignee shall himself be liable for such additional charges. Nothing herein shall limit the right of the carrier to require at time of shipment the prepayment or guarantee of the charges. If upon inspection it is ascertained that the articles shipped are not those described in this bill of lading, the freight charges must be paid upon the articles actually shipped.

Sec. 8. If this bill of lading is issued on the order of the shipper, or his agent, in exchange or in substitution for another bill of lading, the shipper's signature to the prior bill of lading as to the statement of value or otherwise, or election of common law or bill of lading liability, in or in connection with such prior bill of lading, shall be considered a part of this bill of lading as fully as if the same were written or made in or in connection with this bill of lading.

Sec. 9. (a) If all or any part of said property is carried by water over any part of said route, such water carriage shall be performed subject to all the terms and provisions of, and all the exemptions from liability contained in, the Act of the Congress of the United States, approved on February 13, 1893, and entitled "An act relating to the navigation of vessels, etc.," and of other statutes of the United States according carriers by water the protection of limited liability, and to the conditions contained in this bill of lading not inconsistent therewith or with this section.

(b) No such carrier by water shall be liable for any loss or damage resulting from any fire happening to or on board the vessel, or from explosion, bursting of boilers or breakage of shafts, unless caused by the design or neglect of such carrier.

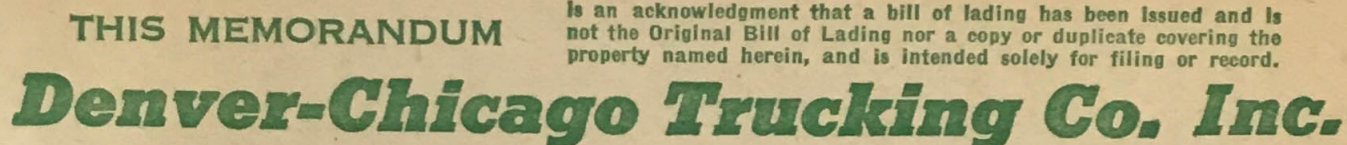

(c) If the owner shall have exercised due diligence in making the vessel in all respects seaworthy and properly manned, equipped and supplied, no such carrier shall be liable for any loss or damage resulting from the perils of the lakes, seas, or other waters, or from latent defects in hull, machinery, or appurtenances whether existing prior to, at the time of, or after sailing, or from collision, stranding, or other accidents of navigation, or from prolongation of the voyage. And, when for any reason it is necessary to assist vessels in distress, to deviate for the purpose of saving life or property, and for docking and repairs. Except in case of negligence such carrier shall not be responsible for any loss or damage to property if it be necessary or is usual to carry the same upon deck.

(d) General Average shall be payable according to the York-Antwerp Rules of 1924, Sections 1 to 15, inclusive, and Sections 17 to 22, inclusive, and as to matters not covered thereby according to the laws and usages of the Port of New York. If the owners shall have exercised due diligence to make the vessel in all respects seaworthy and properly manned, equipped and supplied, it is hereby agreed that in case of danger, damage or disaster resulting from faults or errors in navigation, or in the management of the vessel, or from any latent or other defects in the vessel, her machinery or appurtenances, or from unseaworthiness, whether existing at the time of shipment or at the beginning of the voyage (provided the intent or other defects or the unseaworthiness was not discoverable by the exercise of due diligence), the shippers, consignees and/or owners of the cargo shall nevertheless pay salvage and any special charges incurred in respect of the cargo, and shall contribute with the shipowner in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred for the common benefit or to relieve the adventure from any common peril.

(e) If the property is being carried under a tariff which provides that any carrier or carriers party thereto shall be liable for loss from perils of the sea, then as to such carrier or carriers, the provisions of this section shall be modified in accordance with the tariff provisions, which shall be regarded as incorporated into the conditions of this bill of lading.

(f) The term "water carriage" in this section shall not be construed as including lighterage in or across rivers, harbors, or lakes, when performed by or on behalf of carriers other than water.

Sec. 10. Any alteration, addition, or erasure in this bill of lading which shall be made without the special notation hereon of the agent of the carrier issuing this bill of lading, shall be without effect, and this bill of lading shall be enforceable according to its original tenor.

is an acknowledgment that a bill of lading has been issued and is not the Original Bill of Lading nor a copy or duplicate covering the property named herein, and is intended solely for filing or record.

CONTRACT TERMS AND CONDITIONS

MOTOR CARRIER

Sec. 1. (a) The carrier or party in possession of any of the property herein described shall be liable as at common law for any loss thereof or damage thereto, except as hereinafter provided.

(b) No carrier or party in possession of all or any of the property herein described shall be liable for any loss thereof or damage thereto or delay caused by the Act of God, the public enemy, the authority of law, or the act or default of the shipper or owner, or for natural shrinkage. The carrier's liability shall be that of warehouseman, only, for loss, damage, or delay caused by fire occurring after the expiration of the free time (if any) allowed by tariffs lawfully on file (such free time to be computed as therein provided) after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination, or tender of delivery of the property to the party entitled to receive it, has been made. Except in case of negligence of the carrier or party in possession (and the burden to prove freedom from such negligence shall be on the carrier or party in possession), the carrier or party in possession shall not be liable for loss, damage, or delay occurring while the property is stopped and held in transit upon the request of the shipper, owner, or party, entitled to make such request, or resulting from a defect or vice in the property, or for counter damage to cotton, or from riots or strikes. Except in case of carrier's negligence, no carrier or party in possession of all or any of the property herein described shall be liable for delay caused by highway obstruction, faulty or impassable highway, or lack of capacity of any highway, bridge or ferry, and the burden to prove freedom from such negligence shall be on the carrier or party in possession.

(c) In case of quarantine the property may be discharged at risk and expense of owners into quarantine depot or elsewhere, as required by quarantine regulations or authorities, or for the carrier's dispatch at nearest available point in carrier's judgment, and in any such case carrier's responsibility shall cease when property is so discharged, or property may be returned by carrier at owner's expense to shipping point, earning freight both ways. Quarantine expenses of whatever nature or kind upon or in respect to property shall be borne by the owners of the property or be a lien thereon. The carrier shall not be liable for loss or damage occasioned by fumigation or disinsection or other acts required or done by quarantine regulations or authorities even though the same may have been done by carrier's agents, officers, or employees, or for detention, loss, or damage of any kind occasioned by quarantine or the enforcement thereof. No carrier shall be liable, except in case of negligence, for any mistake or inaccuracy in any information furnished by the carrier, its agents, or officers, as to quarantine laws or regulations. The shipper shall hold the carriers harmless from any expense they may incur, or damages they may be required to pay, by reason of the introduction of the property covered by this contract into any place against the quarantine laws or regulations in effect at such place.

Sec. 2. (a) No carrier is bound to transport said property by any particular schedule, train, vehicle or vessel, or in time for any particular market or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination. In all cases not prohibited by law where a lower value than actual value has been represented in writing by the shipper or has been agreed upon in writing as the released value of the property as determined by the classification or tariffs upon which the rate is based, such lower value plus freight charges if paid shall be the maximum amount to be recovered, whether or not such loss or damage occurs from negligence.

(b) As a condition precedent to recovery, claims must be filed in writing with the receiving or delivering carrier, or carrier issuing this bill of lading, or carrier on whose line the loss, damage, injury or delay occurred, or carrier in possession of the property when the loss, damage, injury or delay occurred, within nine months after delivery of the property (or, in the case of export traffic, within nine months after delivery at port of export) or, in case of failure to make delivery, then within nine months after a reasonable time for delivery has elapsed; and suits shall be instituted against any carrier only within two years and one day from the day when notice in writing is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, no carrier hereunder shall be liable, and such claims will not be paid.

(c) Any carrier or party liable on account of loss or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property, so far as this shall not avoid the policies or contracts of insurance: PROVIDED, That the carrier reimburse the claimant for the premium paid thereon.

Sec. 3. Except where such service is required as the result of carrier's negligence, all property shall be subject to necessary coopersage and baling at owner's cost. Each carrier over whose route cotton or cotton linters is to be transported hereunder shall have the privilege, at its own cost and risk, of compressing the same for greater convenience in handling or forwarding, and shall not be held responsible for deviation or untimely delays in procuring such compression. Grain in bulk consigned to a point where there is a railroad, public or licensed warehouse, or other available point, or if no such warehouse is available at point of delivery or at other available point, then in other available storage facility, at the cost of the owner and subject to ownership (and prompt notice thereof shall be given to the consignee), and if so delivered shall be subject to a lien for elevator charges in addition to all other charges hereunder.

Sec. 4. (a) Property not removed by the party entitled to receive it within the free time (if any) allowed by tariffs lawfully on file (such free time to be computed as therein provided), after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination has been made, or property not received, at time tender of delivery of the property to the party entitled to receive it and stored in a public or licensed warehouse at the point of delivery or other available point, or if no such warehouse is available at point of delivery or at other available point, then in other available storage facility, at the cost of the owner and there held without liability on the part of the carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage. In the event consignee cannot be found at address given for delivery, then in that event, notice of the placing of such goods in warehouse shall be mailed to the address given for delivery and mailed to any other address given on the bill of lading for notification, showing the warehouse in which such property has been placed, subject to the provisions of this paragraph.

(b) Where nonperishable property which has been transported to destination hereunder is refused by consignee or the party entitled to receive it upon tender of delivery, or said consignee or party entitled to receive it fails to receive or claim it within 15 days after notice of arrival shall have been duly sent or given, the carrier may sell the same at public auction to the highest bidder, at such place as may be designated by the carrier:

PROVIDED, That the carrier shall have first mailed, sent, or given to the consignee notice that the property has been refused or remains unclaimed, as the case may be, and that it will be subject to sale under the terms of the bill of lading if a week for two successive weeks, in a newspaper of general circulation at the place of sale or nearest place where such newspaper is published. **PROVIDED,** That 30 days shall have elapsed before publication of notice of sale after said notice that the property was refused or remains unclaimed.

(c) Where perishable property which has been transported hereunder to destination is refused by consignee or party entitled to receive it, or said consignee or party entitled to receive it shall fail to receive it promptly, the carrier may, in its discretion, to prevent deterioration or further deterioration, sell the same to the best advantage at private or public sale. **PROVIDED,** That if time serves for notification to the consignee or owner of the refusal of the property or the failure to receive it and circumstances and in such manner as may be authorized by law.

(d) The proceeds of any sale made under this section shall be applied by the carrier to the payment of freight, demurrage, storage, and any other lawful charges and the expense of notice, advertisement, sale, and other necessary expense and of caring for and maintaining the property, if proper care of same requires special expense, and should there be a balance it shall be paid to the owner of the property sold hereunder.

(e) Property destined to or taken from a station, wharf, landing or other place at which there is no regularly appointed freight agent shall be entirely at risk of owner after unloaded from cars, vehicles or vessels or until loaded into cars, vehicles or vessels, and, except in case of carrier's negligence, when received from or delivered to such stations, wharves, landings, or other places, shall be at owner's risk until the cars are attached to and after they are detached from locomotive or train or until loaded into and after unloaded from vessels, or if property is transported in motor vehicle trailers or semi-trailers, until such trailers or semi-trailers are attached to and after they are detached from power units. Where a carrier is directed to load or deliver property transported by motor vehicle at a particular location where consignee or consignee's agent is not regularly located, the risk after unloading, or delivery, shall be that of the owner.

Sec. 5. No carrier hereunder will carry or be liable in any way for any documents, specie, or for any articles of extraordinary value not specifically rated in the published classification or tariffs unless a special agreement to do so and a stipulated value of the articles are endorsed hereon.

Sec. 6. Every party, whether principal or agent, shipping explosives or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for and indemnify the carrier against all loss or damage caused by such goods, and such goods may be warehoused at owner's risk and expense or destroyed without compensation.

Sec. 7. The owner or consignee shall pay the freight and average, if any, and all other lawful charges accruing on said property; but, except in those instances where it may lawfully be authorized to do so, no carrier shall deliver or relinquish possession at destination of the property covered by this bill of lading until all tariff rates and charges thereon have been paid. The consignee shall be liable for the freight and all other lawful charges, except that if the consignee stipulates, by signature, that payment, the consignee (except as hereinafter provided) shall not be liable for such charges. **PROVIDED,** That, where the carrier has been instructed by the shipper or consignee to deliver said property to a consignee other than the shipper or consignee, such consignee shall not be legally liable for transportation charges in respect of the transportation of said property (beyond those billed against him at the time of delivery of the property) which may be found to be due after the property has been delivered to him, if the consignee (a) is an agent only and has no beneficial title in the property, and (b) prior to delivery of said property has notified the delivering carrier in writing of the fact of such agency and absence of beneficial title, and, in the case of a shipment reconsignee or diverted to a point other than that specified in this bill of lading, has also notified the delivering carrier in writing of the name and address of the beneficial owner of said property. If the property is being carried under any tariff which provides that any carrier or carriers party thereto shall be liable for loss from perils of the sea, then as to such carrier or carriers the provisions of this section shall be modified in accordance with the tariff provisions, which shall be regarded as incorporated into the conditions of this bill of lading.

Sec. 8. If this bill of lading is issued on the order of the shipper, or his agent, in exchange or in substitution for another bill of lading, the shipper's signature to the prior bill of lading as to the statement of value or otherwise, or election of common law or bill of lading liability, in or in connection with such prior bill of lading, shall be considered a part of this bill of lading as fully as if the same were written or made in or in connection with this bill of lading.

Sec. 9. (a) If all or any part of said property is carried by water over any part of said route, such water carriage shall be performed subject to all the terms and provisions of, and all the exemptions from liability contained in, the Act of the Congress of the United States, approved on February 13, 1893, and entitled "An act relating to the navigation of vessels, etc.," and of other statutes of the United States according carriers by water the protection of limited liability, and to the conditions contained in this bill of lading not inconsistent therewith or with this section.

(b) No such carrier by water shall be liable for any loss or damage resulting from any fire happening to or on board the vessel, or from explosion, bursting of boilers or breakage of shafts, unless caused by the design or neglect of such carrier, or from latent defects in hull, machinery, or appurtenances whether existing prior to, at the time of, or after sailing, or from collision, stranding, or other accidents of navigation, or from prolongation of the voyage. And, when for any reason it is necessary, any vessel carrying any or all of the property herein described shall be at liberty to call at any port or ports, in or out of the customary route, to tow and be towed, to transfer, trans-ship, or lighter, to load and discharge goods at any time, to assist vessels in distress, to deviate for the purpose of saving life or property, and for docking and repairs. Except in case of negligence such carrier shall not be responsible for any loss or damage to property if it be necessary or is usual to carry the same upon deck.

(c) General Average shall be payable according to the York-Antwerp Rules of 1924, Sections 1 to 15, inclusive, and Sections 17 to 22, inclusive, and as to matters not covered thereby according to the laws and usages of the Port of New York. If the owners shall have exercised due diligence in making the vessel in all respects seaworthy and properly manned, equipped and supplied, no such carrier shall be liable for any loss or damage resulting from the perils of the lakes, seas, or other waters, or from latent defects in hull, machinery, or appurtenances whether existing prior to, at the time of, or after sailing, or from collision, stranding, or other accidents of navigation, or from prolongation of the voyage. And, when for any reason it is necessary, any vessel carrying any or all of the property herein described shall be at liberty to call at any port or ports, in or out of the customary route, to tow and be towed, to transfer, trans-ship, or lighter, to load and discharge goods at any time, to assist vessels in distress, to deviate for the purpose of saving life or property, and for docking and repairs. Except in case of negligence such carrier shall not be responsible for any loss or damage to property if it be necessary or is usual to carry the same upon deck.

(d) The term "water carriage" in this section shall not be construed as including navigation in or across rivers, harbors, or lakes, when performed by or on behalf of carriers other than water.

Sec. 10. Any alteration, addition, or erasure in this bill of lading which shall be made without the special notation hereon of the agent of the carrier issuing this bill of lading, shall be without effect, and this bill of lading shall be enforceable according to its original tenor.

STRAIGHT BILL OF LADING—SHORT FORM—Original—Not Negotiable

Illinois California Express

Shipper's No.

(Name of Carrier)

(Town and State)

Carrier's No.

RECEIVED, subject to the classifications and tariffs in effect on the date of the issue of this Original Bill of Lading.

Date June 7, 1967

From United States Mint

At 320 West Colfax Ave Street, Denver

City, Denver

County, Colorado State,

The property described below, in apparent good order, except as noted (contents and conditions of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Official, Southern, Western and Illinois Freight Classifications in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

(3) Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

Consigned To Handy & Harman

SALE OF GOVERNMENT PROPERTY BID AND AWARD

BID

(This Section to be completed by the Bidder)

DATE OF BID

5-12-67

In compliance with the Invitation identified on the cover page hereof, and subject to all the General Sale Terms and Conditions (Standard Form 114-C, March 1960 Edition), and any Special Conditions contained in the Invitation, all of which are incorporated as a part of this Bid, the undersigned offers and agrees (as set forth in Condition No. 3 of Standard Form 114-C), if this Bid be accepted within _____ calendar days (60 calendar days if no period be specified by the Government or by the Bidder, but not less than 10 calendar days in any case) after date of Bid opening, to purchase and pay for any or all of the items or lots of property listed on the attached Item Bid page(s) _____ (and, if a detailed description of property is furnished with this Invitation, as more particularly set forth therein) upon which prices are bid, at the price set opposite each item or lot, and unless otherwise specified in the description or in any Special Conditions, to remove the property within _____ calendar days (10 calendar days if no period specified) after notice of acceptance by the Government. The total amount bid is \$ _____ and attached is the required bid deposit in the form of _____, in the amount of \$ _____.

(Envelopes containing bids must be sealed and marked on the face with the name and address of the Bidder, the Invitation number and the date and hour of opening.)

BIDDER REPRESENTS: (Check appropriate boxes)

1. That he ☐ is, ☒ is not, a small business concern. (See Standard Form 114-C for definition of small business and small business classifications referred to in 2, hereinbelow.)
2. If Bidder represents he is a small business concern, he further represents his applicable classification as:
(Check one) ☒ (a); ☐ (b); ☐ (c); ☐ (d).
3. (a) That he ☐ has, ☒ has not, employed or retained any company or person (other than a full-time bona fide employee working solely for the Bidder) to solicit or secure this contract, and (b) that he ☐ has, ☒ has not, paid or agreed to pay any company or person (other than a full-time bona fide employee working solely for the Bidder) any fee, commission, percentage or brokerage fee, contingent upon or resulting from the award of this contract; and agrees to furnish information relating to (a) and (b) above as requested by the Contracting Officer. (For interpretation of the representation, including the term "bona fide employee," see Code of Federal Regulations, Title 44, Part 150.)

GENERAL SALE TERMS AND CONDITIONS

1. INSPECTION.—Bidders are invited and urged to inspect the property to be sold prior to submitting bids. Property will be available for inspection at the places and times specified in the Invitation. The Government will not be obliged to furnish any labor for such purpose. In no case will failure to inspect constitute grounds for a claim or for the withdrawal of a bid after opening.

2. CONDITION OF PROPERTY.—All property listed herein is offered for sale "as is" and "where is," and without recourse against the Government. If it is provided herein that the Government shall load, then "where is" means f. o. b. conveyance at the point specified in the Invitation. The description is based on the best available information, but the Government makes no guaranty, warranty, or representation, expressed or implied, as to quantity, kind, character, quality, weight, size, or description of any of the property, or its fitness for any use or purpose, and no claim will be considered for allowance or adjustment or for rescission of the sale based upon failure of the property to correspond with the standard expected; this is not a sale by sample.

3. CONSIDERATION OF BIDS.—The Government reserves the right to reject any or all bids, to waive any technical defects in bids, and, unless otherwise specified by the Government or by the bidder, to accept any one item or group of items in the bid, as may be in the best interest of the Government. Unless otherwise specified, bids must be submitted on the basis of the unit specified for the item in the Invitation, and bids may be submitted on any or all items. In case of error in the extension of prices in the bid, the unit prices will govern.

4. BID GUARANTEE.—The bidder agrees that (1) the bid will not be withdrawn within the time specified for acceptance after the opening of bids (60 calendar days if no period be specified by the bidder), and will during that time remain firm and irrevocable, and that (2) the bidder will pay to the Government the purchase price of the property in accordance with the bid if accepted. If a bid deposit is required, the bid must be accompanied by said bid deposit. In the event of any default by the bidder or any failure by the bidder to comply with all terms and conditions of this contract, any deposit made by the bidder may be applied by the Government to any loss, cost, and expense occasioned to the Government thereby, including any loss, cost, and expense incurred in selling the property and including any difference between the amount specified in the bid and the amount for which the Government may sell the property, if the latter amount be less than the former. Deposits accompanying bids which are not accepted will be returned. Deposits of successful bidders may be applied against the contract price, and upon completion of the contract, any excess of the deposit will be returned to the bidder.

5. PAYMENT.—Payment of the balance of the purchase price, if a deposit has been made, or otherwise of the full purchase price, shall be made by cash, or by certified check, cashier's check, bank draft, postal or express money order, payable to the Treasurer of the United States. Unless otherwise specified by the Government, payment of the full purchase price, subject to any adjustment for variation in quantity or weight pursuant to Condition No. 8, must be made prior to the date specified for removal and prior to delivery of any property. If any such adjustment is necessary, then payment must be completed, unless otherwise specified by the Government, immediately subsequent to adjustment. If the successful bidder fails to make full and final payment as herein provided, the Government reserves the right, upon written notice to the successful bidder, to sell or otherwise dispose of any or all of such property in the Government's possession and to charge the loss, if any, to the account of the defaulting bidder. The original Purchaser will in no way be released from full compliance with the terms and conditions of the sale by his resale of the property.

6. TITLE.—Title to the items of property sold hereunder shall vest in the Purchaser as and when full and final payment is made, unless otherwise specified by the Government, and except that if the contract provides that loading will be performed by the Government, title shall not vest until such loading and such payment are completed. On all motor vehicles and motor-propelled or motor-drawn equipment requiring licensing, a certificate of release, Standard Form 97 (or a State certificate of title, if such a certificate of title has been issued to the Government), will be furnished for each such vehicle and piece of equipment.

7. DELIVERY AND REMOVAL OF PROPERTY.—The Purchaser shall be entitled to obtain the property upon vesting of title of the property in him, unless otherwise specified in the Invitation to Bid. Delivery shall be at the designated location, and the Purchaser shall remove the property at his expense. The Purchaser shall reimburse the Government for any damage to Government property caused by the removal operations of the Purchaser. If the Purchaser fails to remove the property within the specified time, the Government shall have the right to charge the Purchaser and collect upon demand a reasonable storage charge if the property is stored on premises owned or controlled by the Government, or store the property elsewhere for the Purchaser's account, and all costs incident to such storing, including handling and moving charges, shall be borne and paid by the Purchaser; in addition to the foregoing rights, the Government may, after the expiration of thirty (30) days after the date specified for removal, and upon ten (10) days' written notice (calculated from the date of mailing) to the Purchaser (which ten (10) days' written notice may, at the option of the

contracting officer, be included either partly or wholly in the thirty (30) days specified above or may be in addition thereto), resell the property, applying the proceeds therefrom against the storage and any other costs incurred for Purchaser's account. Any details regarding removal of the property as may not be provided for herein, shall be arranged with the contracting officer, which arrangement shall be reduced to writing.

8. ADJUSTMENT FOR VARIATION IN QUANTITY OR WEIGHT.—Any variation between the quantity or weight listed for any item and the quantity or weight of such item tendered or delivered to the Purchaser will be adjusted on the basis of the unit price quoted for such item; but no adjustment for such variation will be made where an award is made on a "price for the lot" basis.

9. WEIGHING.—Where weighing is necessary to determine price hereunder, the Purchaser, unless otherwise provided, shall arrange for, and pay all expenses of weighing material, including all switching charges incurred. In case of removal by truck, weighing shall be under the supervision of the Government and, at its option, on (a) Government scales, or (b) certified scales in the vicinity of the location of the property, or (c) certified scales in the vicinity of the Purchaser's establishment, or (d) other scales acceptable to both parties. When removal is by rail, weighing shall be on railroad track scales, or by other means acceptable to the railroad for freight charge purposes. Government-approved weighing shall govern payment.

10. RISK OF LOSS.—(1) After mailing notice of award, and prior to passage of title to the Purchaser, the Government will be responsible for the care and protection of the property and any loss, damage, or destruction occurring during such period will be adjusted by the contracting officer. (2) After passage of title to the Purchaser, and prior to the date specified for removal, the Government's responsibility will be limited to the exercise of reasonable care for the protection of the property. (3) After the date specified for removal of the property, all risk of loss, damage, or destruction from any cause whatsoever shall be borne by the Purchaser.

11. LIMITATION ON GOVERNMENT'S LIABILITY.—In any case where liability of the Government to the Purchaser has been established, the extreme measure of the Government's liability shall not, in any event, exceed refund of the purchase price or such portion thereof as the Government may have received.

12. VERBAL MODIFICATIONS.—Any oral statement by any representative of the Government, modifying or changing any conditions of this contract, is an expression of opinion only and confers no right upon the Purchaser.

13. COVENANT AGAINST CONTINGENT FEES.—Purchaser warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Purchaser for the purpose of doing business. For breach of this warranty, the Government shall have the right to annul this contract without liability or at its option, to recover from the Purchaser the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth.

14. OFFICIALS NOT TO BENEFIT.—No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, unless it be made with a corporation for its general benefit.

15. DISPUTES.—Except as otherwise specifically provided in this contract, all questions of fact involved in disputes arising under this contract shall be decided by the contracting officer, whose decision upon said facts shall be final and conclusive upon the parties, subject to written appeal by the Purchaser within thirty (30) days to the head of the department or his duly authorized representative, whose decision on said facts shall be final and conclusive upon the parties hereto. In the meantime, the Purchaser shall diligently proceed with performance.

16. DEFINITIONS.—(a) The term "head of the department" as used herein shall mean the head or any assistant head of the executive department or independent establishment involved, and the term "his duly authorized representative" shall mean any person or persons, other than the contracting officer, authorized to act for him, or any board set up in accordance with regulations.

(b) The term "contracting officer" as used herein shall include his duly appointed successor and his duly authorized representative.

INSTRUCTIONS TO BIDDERS

Envelopes containing bids must be sealed and marked in the upper left-hand corner with the name and address of the bidder, identification of the invitation, and the date and hour of opening.

Bids should be filled out in ink, indelible pencil, or typewriter.

Bidder must show total amount bid on last sheet on which a bid is entered.

THIS MEMORANDUM—SHORT FORM

Is an acknowledgement that a Bill of Lading has been issued and is not the Original Bill of Lading nor a duplicate, covering the property named herein, and is intended solely for filing or record.

DC International

Denver, Colorado

Shipper's No. 866-7

(Name of Carrier)

(Town and State)

RECEIVED, subject to the classification and tariffs in effect on the date of the receipt by the Carrier of the property described in the Original Bill of Lading.

Carrier's No.

From United States Mint

Date July 21, 1961

At 320 West Colfax Ave Street,

Denver

City,

Denver

County, Colorado

The property described below, in apparent good order, except as noted (contents and conditions of contents of packages unknown), marked, consigned, and destined as indicated below, which said (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of the route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Freight Bill of Lading set forth (1) in Official, Southern, Western and Illinois Freight Classifications in effect on the date hereof, if this is a rail or a rail-water shipment; (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which govern the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

Consigned To Handy & Harman

1900 Estes Ave.

SALE OF GOVERNMENT PROPERTY BID AND AWARD

BID (This Section to be completed by the Bidder)

DATE OF BID _____ 19____

In compliance with the Invitation identified on the cover page hereof, and subject to all the General Sale Terms and Conditions (Standard Form 114-C, March 1960 Edition), and any Special Conditions contained in the Invitation, all of which are incorporated as a part of this Bid, the undersigned offers and agrees (as set forth in Condition No. 3 of Standard Form 114-C), if this Bid be accepted within _____ calendar days (60 calendar days if no period be specified by the Government or by the Bidder, but not less than 10 calendar days in any case) after date of Bid opening, to purchase and pay for any or all of the items or lots of property listed on the attached Item Bid page(s) _____ (and, if a detailed description of property is furnished with this Invitation, as more particularly set forth therein) upon which prices are bid, at the price set opposite each item or lot, and unless otherwise specified in the description or in any Special Conditions, to remove the property within _____ calendar days (10 calendar days if no period specified) after notice of acceptance by the Government. The total amount bid is \$ _____ and attached is the required bid deposit in the form of _____, in the amount of \$ _____.

(Envelopes containing bids must be sealed and marked on the face with the name and address of the Bidder, the Invitation number and the date and hour of opening.)

BIDDER REPRESENTS: (Check appropriate boxes)

1. That he ☐ is, ☐ is not, a small business concern. (See Standard Form 114-C for definition of small business and small business classifications referred to in 2, hereinbelow.)
2. If Bidder represents he is a small business concern, he further represents his applicable classification as:
(Check one) ☐ (a); ☐ (b); ☐ (c); ☐ (d).
3. (a) That he ☐ has, ☐ has not, employed or retained any company or person (other than a full-time bona fide employee working solely for the Bidder) to solicit or secure this contract, and (b) that he ☐ has, ☐ has not, paid or agreed to pay any company or person (other than a full-time bona fide employee working solely for the Bidder) any fee, commission, percentage or brokerage fee, contingent upon or resulting from the award of this contract; and agrees to furnish information relating to (a) and (b) above as requested by the Contracting Officer. (For interpretation of the representation, including the term "bona fide employee," see Code of Federal Regulations, Title 44, Part 150.)

					DOLLARS	CENTS
1.	27 bars of metal weighing 17,123.58 gross troy ounces (approx. 1,174.18 Lbs. Avd.) of the following approximate composition: Silver 35% Copper 56% Manganese 9% Each bar has been assayed and the total lot contains 5,765.39 troy ounces silver content. Approximate copper content 9,589.18 troy ozs. Approximate manganese content 1,541.12 troy ozs.					

BIDDER IS CAUTIONED TO INSPECT THE PROPERTY

NAME OF BIDDER (Type or print)

BIDDER'S NAME SHOULD APPEAR ON EACH ITEM BID PAGE CONTAINING A BID.

SALE OF GOVERNMENT PROPERTY GENERAL SALE TERMS AND CONDITIONS

1. **INSPECTION.** The Bidder is invited, urged, and cautioned to inspect the property to be sold prior to submitting a bid. Property will be available for inspection at the places and times specified in the Invitation. In no case will failure to inspect constitute grounds for the withdrawal of a bid after opening.

2. **CONDITION AND LOCATION OF PROPERTY.** Unless otherwise specifically provided in the Invitation, all property listed therein is offered for sale "as is" and "where is." If it is provided therein that the Government shall load, then "where is" means f.o.b. conveyance at the point specified in the Invitation. The description is based on the best available information. However, the Government makes no warranty, express or implied, as to quantity, kind, character, quality, weight, size, or description of any of the property, or its fitness for any use or purpose. Except as provided in Conditions No. 8 and 10, no request for adjustment in price or for rescission of the sale will be considered. This is not a sale by sample.

3. **CONSIDERATION OF BIDS.** The Bidder agrees that his bid will not be withdrawn within the period of time specified for the acceptance thereof following the opening of bids (sixty (60) calendar days if no period be specified by the Government or by the Bidder but not less than ten (10) calendar days in any case) and that during such period his bid will remain firm and irrevocable. The Government reserves the right to reject any or all bids, to waive any technical defects in bids, and, unless otherwise specified by the Government or by the Bidder, to accept any one item or group of items in the bid, as may be in the best interest of the Government. Unless the Invitation otherwise provides, bids may be submitted on any or all items. However, unless the Invitation otherwise provides, a bid covering any listed item must be submitted on the basis of the unit specified for that item and must cover the total number of units designated for that item. In case of error in the extension of prices, unit prices will govern.

4. **PAYMENT.** The Purchaser agrees to pay for property awarded to him in accordance with the prices quoted in his bid. Payment of the full purchase price, subject to any adjustment pursuant to Condition No. 8, must be made within the time specified for removal and prior to delivery of any of the property. In the event, however, any adjustment is made pursuant to Condition No. 8, then payment must be completed immediately subsequent to such adjustment. The balance of the purchase price after applying the total bid deposit made by the Purchaser under the Invitation (or otherwise the full purchase price) shall be paid to the Contracting Officer in cash, or by certified check, cashier's check, traveler's check, bank draft, or postal or express money order, made payable to the Treasurer of the United States (or, if so specified in the Invitation made payable either to the Government agency conducting the sale or as directed by that agency). The Government reserves the right to apply any bid deposits made under the Invitation by a Bidder against any amounts due to the Government under a contract awarded to him thereunder. In those instances where the total sum becoming due to the Government from the Purchaser on a contract awarded to him under the Invitation is less than the total amount deposited with his bid, the difference will be promptly refunded to him. Also, deposits accompanying bids which are not accepted will be promptly returned to him.

5. **TITLE.** Unless otherwise specified in the Invitation, title to the items of property sold hereunder shall vest in the Purchaser as and when full and final payment is made, except that if the Invitation provides that loading will be performed by the Government, title shall not vest until such payment and loading are completed. On all motor vehicles and motor-propelled or motor-drawn equipment requiring licensing, a certificate of release, Standard Form 97 (or a State certificate of title if such a certificate of title has been issued to the Government), will be furnished for each vehicle and piece of equipment.

6. **DELIVERY AND REMOVAL OF PROPERTY.** Unless otherwise specified in the Invitation, the Purchaser shall be entitled to obtain the property upon vesting of title of the property in him. Delivery shall be made at the designated location, and the Purchaser shall remove the property at his expense within the period of time originally specified in the Invitation or within such additional time as may be allowed by the Contracting Officer. The Purchaser shall reimburse the Government for any damage to Government property caused by the removal operations of the Purchaser. If the Purchaser is permitted by the Government to remove the property after the expiration of the period prescribed or allowed for removal, the Government, without limiting any other rights which it may have, may require Purchaser to pay a reasonable storage charge.

7. **DEFAULT.** If, after the award, the Purchaser breaches the contract by failing to make payment as required by Condition No. 4, or by failing to remove the property as required by Condition No. 6, then the Government may send the Purchaser a fifteen-day written notice of default (calculated from date of mailing), and upon Purchaser's failure to cure such default within that period (or such further period as the Contracting Officer may allow), the Purchaser shall lose all the right, title and interest which he might otherwise have acquired in and to the property as to which a default has occurred. The Purchaser agrees that in the event he fails to pay for the property or remove the same within the prescribed time, the Government at its election and upon notice of default shall be entitled to retain (or collect) as liquidated damages a sum equal to 20% of the purchase price of the item (or items) as to which the default has occurred. Whenever the Government exercises this election, it shall specifically apprise the Purchaser either in its original notice of default (or in separate subsequent written notice) that upon the expiration of the period prescribed for curing the default the formula amount will be retained (or collected) by the Government as liquidated damages. The maximum sum, moreover, which may be recovered by the Government as damages for failure of the Purchaser to remove the property and pay for the same shall be such formula amount. If the Purchaser otherwise fails in the performance of his obligations thereunder, the Government may exercise such rights and may pursue such remedies as are provided by law or under the contract.

8. **ADJUSTMENT FOR VARIATION IN QUANTITY OR WEIGHT.** When property is sold on a "unit price" basis, the Government reserves the right to vary the quantity or weight delivered by 10% from the quantity or weight listed in the Invitation; and the Purchaser agrees to accept delivery of any quantity or weight within these limits. The purchase price will be adjusted upwards or downwards in accordance with the unit price and on the basis of the quantity or weight actually delivered. No adjustment for variation will be made where property is sold on a "price for the lot" basis.

9. **WEIGHING.** Where weighing is necessary to determine the exact purchase price hereunder, the Purchaser shall arrange for and pay all expenses of weighing material (unless Government scales are available on the premises). All switching charges shall be paid by the Purchaser. When removal is by truck, weighing shall be under the supervision of the Government and at its option on: (a) Government scales, (b) certified scales, or (c) other scales acceptable to both parties. When removal is by rail, weighing shall be on railroad track scales, or by other means acceptable to the railroad for freight purposes. Government-approved weighing shall establish the exact purchase price and govern the making of full payment thereon.

10. **RISK OF LOSS.** (1) After mailing notice of award, and prior to passage of title to the Purchaser, the Government will be responsible for the care and protection of the property and any loss, damage, or destruction occurring during such period will be adjusted by the Contracting Officer. (2) After passage of title to the Purchaser, and prior to the date specified for removal, the Government shall be responsible only for the exercise of reasonable care for the protection of the property. (3) After passage of title and after the date specified for removal of the property, or any extension approved in writing by the Contracting Officer, all risk of loss, damage, or destruction from any cause whatsoever shall be borne by the Purchaser.

11. **LIMITATION ON GOVERNMENT'S LIABILITY.** Except for transportation charges when a return of property at Government cost is authorized by the Government, the measure of the Government's liability in any case where liability of the Government to the Purchaser has been established shall not exceed refund of such portion of the purchase price as the Government may have received.

12. **ORAL STATEMENTS AND MODIFICATIONS.** Any oral statement or representation by any representative of the Government, changing or supplementing this contract or any Condition thereof, is unauthorized and shall confer no right upon the Purchaser.

13. **COVENANT AGAINST CONTINGENT FEES.** Purchaser warrants that no person or agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial agencies maintained by the Purchaser for the purpose of doing business. For breach of this warranty, the Government shall have the right to annul this contract without liability or at its option, to recover from the Purchaser the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth.

14. **OFFICIALS NOT TO BENEFIT.** No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, unless it be made with a corporation for its general benefit.

15. **DISPUTES.** Except as otherwise provided in this contract, any dispute concerning a question of fact arising under this contract which is not disposed of by agreement shall be decided by the Contracting Officer, who shall reduce his decision to writing and mail or otherwise furnish a copy thereof to the Purchaser. The decision of the Contracting Officer shall be final and conclusive unless, within thirty (30) days from the date of receipt of such copy, the Purchaser mails or otherwise furnishes to the Contracting Officer a written appeal addressed to the Secretary. The decision of the Secretary or his duly authorized representative for the determination of such appeals shall be final and conclusive unless determined to have been fraudulent, or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith, or not supported by substantial evidence. In connection with any appeal proceeding under this clause, the Purchaser shall be afforded an opportunity to be heard and to offer evidence in support of his appeal. Pending final decision of a dispute hereunder, the Purchaser shall proceed diligently with the performance of the contract and in accordance with the Contracting Officer's decision.

16. **DEFINITIONS.** As used throughout this contract, the following terms shall have the meaning set forth below:

(a) The term "Secretary" means the Secretary, the Under Secretary, or any Assistant Secretary of the Department, and the head or any assistant head of the Federal agency; and the term "his duly authorized representative" means any person or persons or board (other than the Contracting Officer) authorized to act for the Secretary.

(b) The term "Contracting Officer" means the person accepting the bid in whole or in part on behalf of the Government, and any other officer or civilian employee who is a properly designated Contracting Officer; and the term includes, except as otherwise provided in this contract, the authorized representative of a Contracting Officer acting within the limits of the representative's authority.

INSTRUCTIONS TO BIDDERS

1. **BID DEPOSIT.** Where a bid deposit is required by the Invitation, such deposit must accompany the bid and be furnished in cash, or by postal or express money order; cashier's, certified, or traveler's check; or a combination thereof; made payable to the Government agency conducting the sale unless otherwise directed in the Invitation. An irrevocable commercial letter of credit may be used to cover the bid deposit or the balance of the purchase price should an award be made unless otherwise directed in the Invitation.

2. **PREPARATION OF BIDS.** Bids shall be filled out in ink, indelible pencil, or type-writer, with all erasures, strike overs, and corrections initialed in ink or indelible pencil.

DEFINITION OF SMALL BUSINESS

1. For this purpose, a small business concern is a concern which, together with its affiliates, falls within one of the classifications set forth in 2 below; is independently owned and operated; and is not dominant in its field of operation. (See Code of Federal Regulations, Title 13, Part 121, as amended, if additional information is desired.)

2. Small Business Classifications.

(a) Primarily engaged in manufacturing and employs not more than 500 persons.
(b) Primarily engaged as a nonmanufacturer, except as specified in (c) below, and had an average annual sales volume or receipts, less returns and allowances, of \$5,000,000 or less for its preceding three fiscal years.

(c) Primarily engaged in the purchase of materials not domestically produced and had an average sales volume or receipts, less returns and allowances, of \$25,000,000 or less for its preceding three fiscal years.

(d) Certified as a small business concern by the Small Business Administration.

OFFICE OF
DIRECTOR OF THE MINT

TREASURY DEPARTMENT
WASHINGTON, D.C. 20220

January 24, 1966

RECEIVED

JAN 27 1966

OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER

Mrs. Fern V. Miller
Superintendent
United States Mint
Denver, Colorado 80204

Dear Mrs. Miller:

In view of the passage of the Coinage Act of 1965, the prohibition against the sale of copper-silver-manganese coin bars is rescinded.

You are authorized to resume the practice of selling such bars to the highest bidder, each year, prior to settlement. If the amount accumulated is not enough to be of interest to prospective bidders, the bars should be retained until a sufficient amount is accumulated.

Sincerely,

Eva Adams
Director of the Mint

Gentlemen:

Confirming the telephone conversation today between Miss Armbruster of this Mint and Mr. Coats' secretary, this is to advise you that your offer to purchase from this Mint thirty-two (32) bars of metal at a cost of \$9,833.00 is hereby accepted. We would like to submit a bid in the amount of \$9,833.00 for the thirty-two (32) bars of metal, weighing 20,980.70 troy ounces and containing silver, copper and manganese, covered in your invitation to Bid 507-6. Please forward your certified check as soon as possible in the above amount made payable to Superintendent, United States Mint, Denver, Colorado. We note that the bids will be opened at 10:00 AM, MDT, on June 16th and would appreciate learning the outcome of this bid at that time. Also, please advise when you plan to take delivery of the above bars. We appreciate the opportunity to bid on this material and your many courtesies. Thank you for your cooperation in this matter.

Very truly yours,

CONTRACT TERMS AND CONDITIONS

MOTOR CARRIER

Sec. 1. (a) The carrier or party in possession of any of the property herein described shall be liable as at common law for any loss thereof or damage thereto, except as hereinafter provided.

(b) No carrier or party in possession of all or any of the property herein described shall be liable for any loss thereof or damage thereto or delay caused by the Act of God, the public enemy, the authority of law, or the act or default of the shipper or owner, or for natural shrinkage. The carrier's liability shall be that of warehouseman, only, for loss, damage, or delay caused by fire occurring after the expiration of the free time (if any) allowed by tariffs lawfully on file (such free time to be computed as therein provided) after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination, or tender of delivery of the property to the party entitled to receive it, has been made. Except in case of negligence of the carrier or party in possession (and the burden to prove freedom from such negligence shall be on the carrier or party in possession), the carrier or party in possession shall not be liable for loss, damage, or delay occurring while the property is stopped and held in transit upon the request of the shipper, owner, or party, entitled to make such request, or resulting from a defect or vice in the property, or for country damage to cotton, or from riots or strikes. Except in case of carrier's negligence, no carrier or party in possession of all or any of the property herein described shall be liable for delay caused by highway obstruction, faulty or impassable highway, or lack of capacity of any highway, bridge or ferry, and the burden to prove freedom from such negligence shall be on the carrier or party in possession.

(c) In case of quarantine the property may be discharged at risk and expense of owners of property is so discharged, or property may be returned by carrier at owner's expense to shipping point, earning freight both ways. Quarantine expenses of whatever nature or kind upon or in respect to property shall be borne by the owners of the property or be a lien thereon. The carrier shall not be liable for loss or damage occasioned by fumigation or disinfection or other acts required or done by quarantine regulations or by authorities even though the same may have been done by carrier's officers, agents, or employees, nor for detention, loss, or damage of any kind occasioned by quarantine or the enforcement thereof. No carrier shall be liable, except in case of negligence, for any mistake or inaccuracy in any information furnished by the carrier, its agents, or officers, as to quarantine laws or regulations. The shipper shall hold the carriers harmless from any expense they may incur, or damages they may be required to pay, by reason of the introduction of the property covered by this contract into any place against the quarantine laws or regulations in effect at such place.

Sec. 2. (a) No carrier is bound to transport said property by any particular schedule, train, vehicle or vessel, or in time for any particular market or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination. In all cases not prohibited by law, where a lower value than actual value has been represented in writing by the shipper or has been agreed upon in writing as the released value of the property as determined by the classification or tariffs upon which the rate is based, such lower value plus freight charges if paid shall be the maximum amount to be recovered, whether or not such loss or damage occurs from negligence.

(b) As a condition precedent to recovery, claims must be filed in writing with the receiving or delivering carrier, or carrier issuing this bill of lading, or carrier on whose line the loss, damage, injury or delay occurred, or carrier in possession of the property when the loss, damage, injury or delay occurred, within nine months after delivery of the property for, in the case of export traffic, within nine months after delivery at port of export or, in case of failure to make delivery, then within nine months after a reasonable time for delivery has elapsed; and suits shall be instituted against any carrier only within two years and one day from the day when notice in writing is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, no carrier hereunder shall be liable, and such claims will not be paid.

(c) Any carrier or party liable on account of loss of or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property, so far as this shall not avoid the policies or contracts of insurance: PROVIDED, That the carrier reimburse the claimant for the premium paid thereon.

Sec. 3. Except where such service is required as the result of carrier's negligence, all property shall be subject to necessary coopersage and baling at owner's cost. Each carrier over whose route cotton or cotton linters is to be transported hereunder shall have the privilege, at its own cost and risk, of compressing the same for greater convenience in handling or forwarding, and shall not be held responsible for deviation or unavoidable delays in procuring such compression. Grain in bulk consigned to a point where there is a railroad, public or licensed elevator, may unless otherwise expressly noted herein, and then if it is not promptly unloaded, be there delivered and placed with other grain of the same kind and grade without respect to ownership (and prompt notice thereof shall be given to the consignor), and if so delivered shall be subject to a lien for elevator charges in addition to all other charges hereunder.

Sec. 4. (a) Property not removed by the party entitled to receive it within the free time (if any) allowed by tariffs, lawfully on file (such free time to be computed as therein provided), after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination has been made, or property not received, at time tender of delivery of the property to the party entitled to receive it has been made, may be kept in vessel, vehicle, car, depot, warehouse or place of business of the carrier, subject to the tariff charge for storage and to carrier's responsibility as warehouseman, only, or at the option of the carrier, may be removed to and stored in a public or licensed warehouse at the point of delivery or other available point, or if no such warehouse is available at point of delivery or at other available point, then in other available storage facility, at the cost of the owner and there held without liability on the part of the carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage. In the event consignee cannot be found at address given for delivery, then in that event, notice of the placing of such goods in warehouse shall be mailed to the address given for delivery and mailed to any other address given on the bill of lading for notification, showing the warehouse in which such property has been placed, subject to the provisions of this paragraph.

(b) Where nonperishable property which has been transported to destination hereunder is refused by consignee or the party entitled to receive it upon tender of delivery, or said consignee or party entitled to receive it fails to receive or claim it within 15 days after notice of arrival shall have been duly sent or given, the carrier may sell the same at public auction to the highest bidder, at such place as may be designated by the carrier:

PROVIDED, That the carrier shall have first mailed, sent, or given to the consignor notice that the property has been refused or remains unclaimed, as the case may be, and that it will be subject to sale under the terms of the bill of lading if disposition be not arranged for, and shall have published notice containing a description of the property, the name of the party to whom consigned, or, if shipped order notify, the name of the party to be notified, and the time and place of sale, once a week for two successive weeks, in a newspaper of general circulation at the place of sale or nearest place where such newspaper is published. PROVIDED, That 30 days shall have elapsed before publication of notice of sale after said notice that the property was refused or remains unclaimed was mailed, sent or given.

(c) Where perishable property which has been transported hereunder to destination is refused by consignee or party entitled to receive it, or said consignee or party entitled to receive it shall fail to receive it promptly, the carrier may, in its discretion, to prevent deterioration or further deterioration, sell the same to the best advantage at private or public sale: PROVIDED, That if time serves for notification to the consignor or owner of the refusal of the property or the failure to receive it and request for disposition of the property, such notification shall be given, in such manner as the exercise of due diligence requires, before the property is sold.

(d) Where the procedure provided for in the two paragraphs last preceding is not possible, it is agreed that nothing contained in said paragraphs shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law.

(e) The proceeds of any sale made under this section shall be applied by the carrier to the payment of freight, demurrage, storage, and any other lawful charges and the expense of notice, advertisement, sale, and other necessary expense and of caring for and maintaining the property, if proper care of same requires special expense, and should there be a balance it shall be paid to the owner of the property sold hereunder.

(f) Property destined to or taken from a station, wharf, landing or other place at which there is no regularly appointed freight agent shall be entirely at risk of owner after unloaded from cars, vehicles or vessels or until loaded into cars, vehicles or vessels, and, except in case of carrier's negligence, when received from or delivered to such stations, wharfs, landings, or other places, shall be at owner's risk until the cars are attached to and after they are detached from locomotive or train or until loaded into and after unloaded from vessels, or if property is transported in motor vehicle trailers or semi-trailers, until such trailers or semi-trailers are attached to and after they are detached from power units. Where a carrier is directed to unload or deliver property transported by motor vehicle at a particular location where consignee or consignee's agent is not regularly located, the risk after unloading, or delivery, shall be that of the owner.

Sec. 5. No carrier hereunder will carry or be liable in any way for any documents, specie, or for any articles of extraordinary value not specifically rated in the published classification or tariffs unless a special agreement to do so and a stipulated value of the articles are endorsed hereon.

Sec. 6. Every party, whether principal or agent, shipping explosives or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for and indemnify the carrier against all loss or damage caused by such goods, and such goods may be warehoused at owner's risk and expense or destroyed without compensation.

Sec. 7. The owner or consignee shall pay the freight and average, if any, and all other lawful charges accruing on said property; but, except in those instances where it may lawfully be authorized to do so, no carrier shall deliver or relinquish possession at destination of the property covered by this bill of lading until all tariff rates and charges thereon have been paid. The consignor shall be liable for the freight and all other lawful charges, except that if the consignor stipulates, by signature, in the space provided for that purpose on the face of this bill of lading that the carrier shall not make delivery without requiring payment of such charges and the carrier, contrary to such stipulation shall make delivery without requiring such payment, the consignor (except as hereinafter provided) shall not be liable for such charges. PROVIDED, That, where the carrier has been instructed by the shipper or consignor to deliver said property to a consignee other than the shipper or consignor, such consignee shall not be legally liable for transportation charges in respect of the transportation of said property beyond those billed against him at the time of delivery for which he is otherwise liable) which may be found to be due after the property has been delivered to him. If the consignee (a) is an agent only and has no beneficial title in said property, and (b) prior to delivery of said property has notified the delivering carrier in writing of the fact of such agency and absence of beneficial title, and, in the case of a shipment so reconsigned or diverted to a point other than that specified in the original bill of lading, has also notified the delivering carrier in writing of the name and address of the beneficial owner of said property, then the articles shipped are not those described in this bill of lading, the freight charges must be paid upon the articles actually shipped.

Sec. 8. If this bill of lading is issued on the order of the shipper, or his agent, in exchange or in substitution for another bill of lading, the shipper's signature to the prior bill of lading as to the statement of value or otherwise, or election of common law or bill of lading liability, in or in connection with such prior bill of lading, shall be considered a part of this bill of lading as fully as if the same were written or made in or in connection with this bill of lading.

Sec. 9. (a) If all or any part of said property is carried by water over any part of said route, such water carriage shall be performed subject to all the terms and provisions of, and all the exemptions from liability contained in, the Act of the Congress of the United States, approved on February 13, 1893, and entitled "An act relating to the navigation of vessels, etc.," and of other statutes of the United States according carriers by water the protection of limited liability, and to the conditions contained in this bill of lading not inconsistent therewith or with this section.

(b) No such carrier by water shall be liable for any loss or damage resulting from any fire happening to or on board the vessel, or from explosion, bursting of boilers or breakage of shafts, unless caused by the design or neglect of such carrier. (c) If the owner shall have exercised due diligence in making the vessel in all respects seaworthy and properly manned, equipped and supplied, no such carrier shall be liable for any loss or damage resulting from the perils of the lakes, seas, or other waters, or from latent defects in hull, machinery, or appurtenances whether existing prior to, at the time of, or after sailing, or from collision, stranding, or other accidents of navigation, or from prolongation of the voyage. And, when for any reason it is necessary, any vessel carrying any or all of the property herein described shall be at liberty to call at any port or ports, in or out of the customary route, to tow and be towed, to transfer, trans-ship, or lighter, to load and discharge goods at any time, to assist vessels in distress, to deviate for the purpose of saving life or property, and for docking and repairs. Except in case of negligence such carrier shall not be responsible for any loss or damage to property if it be necessary or is usual to carry the same upon deck.

(d) General Average shall be payable according to the York-Antwerp Rules of 1924, Sections 1 to 15, inclusive, and Sections 17 to 22, inclusive, and as to matters not covered thereby according to the laws and usages of the Port of New York. If the owners shall have exercised due diligence to make the vessel in all respects seaworthy and properly manned, equipped and supplied, it is hereby agreed that in case of danger, damage or disaster resulting from faults or errors in navigation, or in the management of the vessel, or from any latent or other defects in the vessel, her machinery or appurtenances, or from unseaworthiness, whether existing at the time of shipment or at the beginning of the voyage (provided the latent or other defects or the unseaworthiness was not discoverable by the exercise of due diligence), the shippers, consignees and/or owners of the cargo shall nevertheless pay salvage and any special charges incurred in respect of the cargo, and shall contribute with the shipowner in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred for the common benefit or to relieve the adventure from any common peril.

(e) If the property is being carried under a tariff which provides that any carrier or carriers party thereto shall be liable for loss from perils of the sea, then as to such carrier or carriers the provisions of this section shall be modified in accordance with the tariff provisions, which shall be regarded as incorporated into the conditions of this bill of lading.

(f) The term "water carriage" in this section shall not be construed as including lightering in or across rivers, harbors, or lakes, when performed by or on behalf of carriers other than water.

Sec. 10. Any alteration, addition, or erasure in this bill of lading which shall be made without the special notation hereon of the agent of the carrier issuing this bill of lading, shall be without effect, and this bill of lading shall be enforceable according to its original tenor.

Dear Madam:

Reference is made to your letter dated March 26, 1957, concerning disposal of contaminated material received with uncurrent and mutilated coins.

Since this material is not suitable for refinery operations, you are authorized to have the Cash and Deposits Division melt and cast it into recovery bars. This material should be advertised for sale along with deposit melting and weigh room sweeps. Mint regulations are being revised to provide for this procedure.

Very truly yours,

Director of the Mint

JAN 27 1966

U. S. MINT AT DENVER

Mrs. Fern V. Miller
Superintendent
United States Mint
Denver, Colorado 80204

Dear Mrs. Miller:

In view of the passage of the Coinage Act of 1965, the prohibition against the sale of copper-silver-manganese coin bars is rescinded.

You are authorized to resume the practice of selling such bars to the highest bidder, each year, prior to settlement. If the amount accumulated is not enough to be of interest to prospective bidders, the bars should be retained until a sufficient amount is accumulated.

Sincerely,

Eva Adams
Director of the Mint

RECEIVED

JUN 3 1965

Mrs. Fern V. Miller
Superintendent
United States Mint
Denver, Colorado 80204

OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER

Dear Mrs. Miller:

We have your letter of May 21, 1965, about the sale of sweeps bars.

As stated in our letter of March 16, 1965, we do not now have authority to sell any silver and it will, therefore, be necessary to retain the bars in question for the time being.

The bars should be placed under joint seal after verification in settlement.

Sincerely,

Eva Adams

Director of the Mint

Keep Freedom in Your Future With U.S. Savings Bonds

May 21, 1965

DATE: May 21, 1965

Miss Eva B. Adams
Director of the Mint
Washington, D. C. 20220

Dear Miss Adams:

The Cash and Deposits Division accumulates quantities of various material during the year in the form of residue resulting from unacceptable material found in unfit lots of coins, from uncurrent coin received from Federal Reserve Banks, altered coins, etc. These lots are melted into bars from time to time and sold in the form of sweeps prior to annual settlements, in accordance with your letter of April 18, 1957. We now have 11 of these "sweeps" bars containing 514.08 ounces of silver and 5538.48 ounces of copper.

We are wondering if we may sell these as sweeps per your letter or whether they come under a strict interpretation of your letter of March 16, 1965 on the subject of 5¢ copper-silver-manganese coins which are currently being melted into bars and will be placed under joint seal because of their silver content.

If the 11 bars referred to herein are to be retained, they can be stored in the same compartment with the silver nickel bars under joint seal.

Very truly yours,

Superintendent

ALP/cg

U. S. Treasury, Cash & Deposits Division
Recovery Bars on hand from sale May 21, 1965

We have on hand the following bars resulting from residue covered from miscellaneous unfit lots and uncurrent coins should be sold in the form of "sweeps" prior to annual Settlement. These bars were produced during fiscal year 1965.

No. of Bars
Miss Eva B. Adams
Director of the Mint
Washington, D. C. 20220

2 Dear Miss Adams:-

1 The Cash and Deposits Division accumulates quantities of various material during the year in the form of residue resulting from unacceptable material found in unfit lots of coins, from uncurrent coin received from Federal Reserve Banks, altered coins, etc. These lots are melted into bars from time to time and sold in the form of sweeps prior to annual settlements, in accordance with your letter of April 18, 1957. We now have 11 of these "sweeps" bars containing 514.08 ounces of silver and 5538.48 ounces of copper.

2 We are wondering if we may sell these as sweeps per your letter or whether they come under a strict interpretation of your letter of March 16, 1965 on the subject of 5¢ copper-silver-manganese coins which are currently being melted into bars and will be placed under joint seal because of their silver content.

TREASURY DEPARTMENT
WASHINGTON, D.C. 20220

March 16, 1965

OFFICE OF
DIRECTOR OF THE MINT

RECEIVED

MAR 17 1965

OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER

Mrs. Fern V. Miller
Superintendent
United States Mint
Denver, Colorado 80204

Dear Mrs. Miller:

Public Law 88-36, approved June 4, 1963, reads in part as follows: "Unless the market price of silver exceeds its monetary value, the Secretary of the Treasury shall not dispose of any silver held or owned by the United States in excess of that required to be held as reserves against outstanding silver certificates, but any such excess silver may be sold to other departments and agencies of the Government or used for the coinage of standard silver dollars and subsidiary silver coins."

In view of the foregoing provision of law, we do not now have authority to sell any silver.

In the past we have followed the practice of melting uncurrent five cent copper-silver-manganese coins into bars which were then sold to the highest bidder. Since we do not now have authority to sell silver, this practice will have to be discontinued. However, in order to facilitate the annual settlement of accounts, you are requested to melt any uncurrent copper-silver-manganese five cent coins into bars and deliver them in settlement, supported by a schedule showing the face value of the coins represented by such bars. Upon completion of the settlement, the bars will be placed under joint seal, pending later disposition.

Please acknowledge receipt on the enclosed carbon copy of this letter and return it to this office. (Receipt req. by Dept. & ret'd.)

Sincerely,

Eva Adams
Director of the Mint

GENERAL SALE TERMS AND CONDITIONS

1. INSPECTION.—Bidders are invited and urged to inspect the property to be sold prior to submitting bids. Property will be available for inspection at the places and times specified in the Invitation. The Government will not be obliged to furnish any labor for such purpose. In no case will failure to inspect constitute grounds for a claim or for the withdrawal of a bid after opening.

2. CONDITION OF PROPERTY.—All property listed herein is offered for sale "as is" and "where is," and without recourse against the Government. If it is provided herein that the Government shall load, then "where is" means f. o. b. conveyance at the point specified in the Invitation. The description is based on the best available information, but the Government makes no guaranty, warranty, or representation, expressed or implied, as to quantity, kind, character, quality, weight, size, or description of any of the property, or its fitness for any use or purpose, and no claim will be considered for allowance or adjustment or for rescission of the sale based upon failure of the property to correspond with the standard expected; this is not a sale by sample.

3. CONSIDERATION OF BIDS.—The Government reserves the right to reject any or all bids, to waive any technical defects in bids, and, unless otherwise specified by the Government or by the bidder, to accept any one item or group of items in the bid, as may be in the best interest of the Government. Unless otherwise specified, bids must be submitted on the basis of the unit specified for the item in the Invitation, and bids may be submitted on any or all items. In case of error in the extension of prices in the bid, the unit prices will govern.

4. BID GUARANTEE.—The bidder agrees that (1) the bid will not be withdrawn within the time specified for acceptance after the opening of bids (60 calendar days if no period be specified by the bidder), and will during that time remain firm and irrevocable, and that (2) the bidder will pay to the Government the purchase price of the property in accordance with the bid if accepted. If a bid deposit is required, the bid must be accompanied by said bid deposit. In the event of any default by the bidder or any failure by the bidder to comply with all terms and conditions of this contract, any deposit made by the bidder may be applied by the Government to any loss, cost, and expense occasioned to the Government thereby, including any loss, cost, and expense incurred in selling the property and including any difference between the amount specified in the bid and the amount for which the Government may sell the property, if the latter amount be less than the former. Deposits accompanying bids which are not accepted will be returned. Deposits of successful bidders may be applied against the contract price, and upon completion of the contract, any excess of the deposit will be returned to the bidder.

5. PAYMENT.—Payment of the balance of the purchase price, if a deposit has been made, or otherwise of the full purchase price, shall be made by cash, or by certified check, cashier's check, bank draft, postal or express money order, payable to the Treasurer of the United States. Unless otherwise specified by the Government, payment of the full purchase price, subject to any adjustment for variation in quantity or weight pursuant to Condition No. 8, must be made prior to the date specified for removal and prior to delivery of any property. If any such adjustment is necessary, then payment must be completed, unless otherwise specified by the Government, immediately subsequent to adjustment. If the successful bidder fails to make full and final payment as herein provided, the Government reserves the right, upon written notice to the successful bidder, to sell or otherwise dispose of any or all of such property in the Government's possession and to charge the loss, if any, to the account of the defaulting bidder. The original Purchaser will in no way be released from full compliance with the terms and conditions of the sale by his resale of the property.

6. TITLE.—Title to the items of property sold hereunder shall vest in the Purchaser as and when full and final payment is made, unless otherwise specified by the Government, and except that if the contract provides that loading will be performed by the Government, title shall not vest until such loading and such payment are completed. On all motor vehicles and motor-propelled or motor-drawn equipment requiring licensing, a certificate of release, Standard Form 97 (or a State certificate of title, if such a certificate of title has been issued to the Government), will be furnished for each such vehicle and piece of equipment.

7. DELIVERY AND REMOVAL OF PROPERTY.—The Purchaser shall be entitled to obtain the property upon vesting of title of the property in him, unless otherwise specified in the Invitation to Bid. Delivery shall be at the designated location, and the Purchaser shall remove the property at his expense. The Purchaser shall reimburse the Government for any damage to Government property caused by the removal operations of the Purchaser. If the Purchaser fails to remove the property within the specified time, the Government shall have the right to charge the Purchaser and collect upon demand a reasonable storage charge if the property is stored on premises owned or controlled by the Government, or store the property elsewhere for the Purchaser's account, and all costs incident to such storing, including handling and moving charges, shall be borne and paid by the Purchaser; in addition to the foregoing rights, the Government may, after the expiration of thirty (30) days after the date specified for removal, and upon ten (10) days' written notice (calculated from the date of mailing) to the Purchaser (which ten (10) days' written notice may, at the option of the

contracting officer, be included either partly or wholly in the thirty (30) days specified above or may be in addition thereto), resell the property, applying the proceeds therefrom against the storage and any other costs incurred for Purchaser's account. Any details regarding removal of the property as may not be provided for herein, shall be arranged with the contracting officer, which arrangement shall be reduced to writing.

8. ADJUSTMENT FOR VARIATION IN QUANTITY OR WEIGHT.—Any variation between the quantity or weight listed for any item and the quantity or weight of such item tendered or delivered to the Purchaser will be adjusted on the basis of the unit price quoted for such item; but no adjustment for such variation will be made where an award is made on a "price for the lot" basis.

9. WEIGHING.—Where weighing is necessary to determine price hereunder, the Purchaser, unless otherwise provided, shall arrange for, and pay all expenses of weighing material, including all switching charges incurred. In case of removal by truck, weighing shall be under the supervision of the Government and, at its option, on (a) Government scales, or (b) certified scales in the vicinity of the location of the property, or (c) certified scales in the vicinity of the Purchaser's establishment, or (d) other scales acceptable to both parties. When removal is by rail, weighing shall be on railroad track scales, or by other means acceptable to the railroad for freight charge purposes. Government-approved weighing shall govern payment.

10. RISK OF LOSS.—(1) After mailing notice of award, and prior to passage of title to the Purchaser, the Government will be responsible for the care and protection of the property and any loss, damage, or destruction occurring during such period will be adjusted by the contracting officer. (2) After passage of title to the Purchaser, and prior to the date specified for removal, the Government's responsibility will be limited to the exercise of reasonable care for the protection of the property. (3) After the date specified for removal of the property, all risk of loss, damage, or destruction from any cause whatsoever shall be borne by the Purchaser.

11. LIMITATION ON GOVERNMENT'S LIABILITY.—In any case where liability of the Government to the Purchaser has been established, the extreme measure of the Government's liability shall not, in any event, exceed refund of the purchase price or such portion thereof as the Government may have received.

12. VERBAL MODIFICATIONS.—Any oral statement by any representative of the Government, modifying or changing any conditions of this contract, is an expression of opinion only and confers no right upon the Purchaser.

13. COVENANT AGAINST CONTINGENT FEES.—Purchaser warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Purchaser for the purpose of doing business. For breach of this warranty, the Government shall have the right to annul this contract without liability or at its option, to recover from the Purchaser the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth.

14. OFFICIALS NOT TO BENEFIT.—No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, unless it be made with a corporation for its general benefit.

15. DISPUTES.—Except as otherwise specifically provided in this contract, all questions of fact involved in disputes arising under this contract shall be decided by the contracting officer, whose decision upon said facts shall be final and conclusive upon the parties, subject to written appeal by the Purchaser within thirty (30) days to the head of the department or his duly authorized representative, whose decision on said facts shall be final and conclusive upon the parties hereto. In the meantime, the Purchaser shall diligently proceed with performance.

16. DEFINITIONS.—(a) The term "head of the department" as used herein shall mean the head or any assistant head of the executive department or independent establishment involved, and the term "his duly authorized representative" shall mean any person or persons, other than the contracting officer, authorized to act for him, or any board set up in accordance with regulations.

(b) The term "contracting officer" as used herein shall include his duly appointed successor and his duly authorized representative.

INSTRUCTIONS TO BIDDERS

Envelopes containing bids must be sealed and marked in the upper left-hand corner with the name and address of the bidder, identification of the invitation, and the date and hour of opening.

Bids should be filled out in ink, indelible pencil, or typewriter.

Bidder must show total amount bid on last sheet on which a bid is entered.

FEB 27 1963

TITLE OF CONTRACTING OFFICER

SIGNATURE OF CONTRACTING OFFICER

GENERAL SALE TERMS AND CONDITIONS

1. INSPECTION.—Bidders are invited and urged to inspect the property to be sold prior to submitting bids. Property will be available for inspection at the places and times specified in the Invitation. The Government will not be obliged to furnish any labor for such purpose. In no case will failure to inspect constitute grounds for a claim or for the withdrawal of a bid after opening.

2. CONDITION OF PROPERTY.—All property listed herein is offered for sale "as is" and "where is," and without recourse against the Government. If it is provided herein that the Government shall load, then "where is" means f. o. b. conveyance at the point specified in the Invitation. The description is based on the best available information, but the Government makes no guaranty, warranty, or representation, expressed or implied, as to quantity, kind, character, quality, weight, size, or description of any of the property, or its fitness for any use or purpose, and no claim will be considered for allowance or adjustment or for rescission of the sale based upon failure of the property to correspond with the standard expected; this is not a sale by sample.

3. CONSIDERATION OF BIDS.—The Government reserves the right to reject any or all bids, to waive any technical defects in bids, and, unless otherwise specified by the Government or by the bidder, to accept any one item or group of items in the bid, as may be in the best interest of the Government. Unless otherwise specified, bids must be submitted on the basis of the unit specified for the item in the Invitation, and bids may be submitted on any or all items. In case of error in the extension of prices in the bid, the unit prices will govern.

4. BID GUARANTEE.—The bidder agrees that (1) the bid will not be withdrawn within the time specified for acceptance after the opening of bids (60 calendar days if no period be specified by the bidder), and will during that time remain firm and irrevocable, and that (2) the bidder will pay to the Government the purchase price of the property in accordance with the bid if accepted. If a bid deposit is required, the bid must be accompanied by said bid deposit. In the event of any default by the bidder or any failure by the bidder to comply with all terms and conditions of this contract, any deposit made by the bidder may be applied by the Government to any loss, cost, and expense occasioned to the Government thereby, including any loss, cost, and expense incurred in selling the property and including any difference between the amount specified in the bid and the amount for which the Government may sell the property, if the latter amount be less than the former. Deposits accompanying bids which are not accepted will be returned. Deposits of successful bidders may be applied against the contract price, and upon completion of the contract, any excess of the deposit will be returned to the bidder.

5. PAYMENT.—Payment of the balance of the purchase price, if a deposit has been made, or otherwise of the full purchase price, shall be made by cash, or by certified check, cashier's check, bank draft, postal or express money order, payable to the Treasurer of the United States. Unless otherwise specified by the Government, payment of the full purchase price, subject to any adjustment for variation in quantity or weight pursuant to Condition No. 8, must be made prior to the date specified for removal and prior to delivery of any property. If any such adjustment is necessary, then payment must be completed, unless otherwise specified by the Government, immediately subsequent to adjustment. If the successful bidder fails to make full and final payment as herein provided, the Government reserves the right, upon written notice to the successful bidder, to sell or otherwise dispose of any or all of such property in the Government's possession and to charge the loss, if any, to the account of the defaulting bidder. The original Purchaser will in no way be released from full compliance with the terms and conditions of the sale by his resale of the property.

6. TITLE.—Title to the items of property sold hereunder shall vest in the Purchaser as and when full and final payment is made, unless otherwise specified by the Government, and except that if the contract provides that loading will be performed by the Government, title shall not vest until such loading and such payment are completed. On all motor vehicles and motor-propelled or motor-drawn equipment requiring licensing, a certificate of release, Standard Form 97 (or a State certificate of title, if such a certificate of title has been issued to the Government), will be furnished for each such vehicle and piece of equipment.

7. DELIVERY AND REMOVAL OF PROPERTY.—The Purchaser shall be entitled to obtain the property upon vesting of title of the property in him, unless otherwise specified in the Invitation to Bid. Delivery shall be at the designated location, and the Purchaser shall remove the property at his expense. The Purchaser shall reimburse the Government for any damage to Government property caused by the removal operations of the Purchaser. If the Purchaser fails to remove the property within the specified time, the Government shall have the right to charge the Purchaser and collect upon demand a reasonable storage charge if the property is stored on premises owned or controlled by the Government, or store the property elsewhere for the Purchaser's account, and all costs incident to such storing, including handling and moving charges, shall be borne and paid by the Purchaser; in addition to the foregoing rights, the Government may, after the expiration of thirty (30) days after the date specified for removal, and upon ten (10) days' written notice (calculated from the date of mailing) to the Purchaser (which ten (10) days' written notice may, at the option of the

contracting officer, be included either partly or wholly in the thirty (30) days specified above or may be in addition thereto), resell the property, applying the proceeds therefrom against the storage and any other costs incurred for Purchaser's account. Any details regarding removal of the property as may not be provided for herein, shall be arranged with the contracting officer, which arrangement shall be reduced to writing.

8. ADJUSTMENT FOR VARIATION IN QUANTITY OR WEIGHT.—Any variation between the quantity or weight listed for any item and the quantity or weight of such item tendered or delivered to the Purchaser will be adjusted on the basis of the unit price quoted for such item; but no adjustment for such variation will be made where an award is made on a "price for the lot" basis.

9. WEIGHING.—Where weighing is necessary to determine price hereunder, the Purchaser, unless otherwise provided, shall arrange for, and pay all expenses of weighing material, including all switching charges incurred. In case of removal by truck, weighing shall be under the supervision of the Government and, at its option, on (a) Government scales, or (b) certified scales in the vicinity of the location of the property, or (c) certified scales in the vicinity of the Purchaser's establishment, or (d) other scales acceptable to both parties. When removal is by rail, weighing shall be on railroad track scales, or by other means acceptable to the railroad for freight charge purposes. Government-approved weighing shall govern payment.

10. RISK OF LOSS.—(1) After mailing notice of award, and prior to passage of title to the Purchaser, the Government will be responsible for the care and protection of the property and any loss, damage, or destruction occurring during such period will be adjusted by the contracting officer. (2) After passage of title to the Purchaser, and prior to the date specified for removal, the Government's responsibility will be limited to the exercise of reasonable care for the protection of the property. (3) After the date specified for removal of the property, all risk of loss, damage, or destruction from any cause whatsoever shall be borne by the Purchaser.

11. LIMITATION ON GOVERNMENT'S LIABILITY.—In any case where liability of the Government to the Purchaser has been established, the extreme measure of the Government's liability shall not, in any event, exceed refund of the purchase price or such portion thereof as the Government may have received.

12. VERBAL MODIFICATIONS.—Any oral statement by any representative of the Government, modifying or changing any conditions of this contract, is an expression of opinion only and confers no right upon the Purchaser.

13. COVENANT AGAINST CONTINGENT FEES.—Purchaser warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Purchaser for the purpose of doing business. For breach of this warranty, the Government shall have the right to annul this contract without liability or at its option, to recover from the Purchaser the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth.

14. OFFICIALS NOT TO BENEFIT.—No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, unless it be made with a corporation for its general benefit.

15. DISPUTES.—Except as otherwise specifically provided in this contract, all questions of fact involved in disputes arising under this contract shall be decided by the contracting officer, whose decision upon said facts shall be final and conclusive upon the parties, subject to written appeal by the Purchaser within thirty (30) days to the head of the department or his duly authorized representative, whose decision on said facts shall be final and conclusive upon the parties hereto. In the meantime, the Purchaser shall diligently proceed with performance.

16. DEFINITIONS.—(a) The term "head of the department" as used herein shall mean the head or any assistant head of the executive department or independent establishment involved, and the term "his duly authorized representative" shall mean any person or persons, other than the contracting officer, authorized to act for him, or any board set up in accordance with regulations.

(b) The term "contracting officer" as used herein shall include his duly appointed successor and his duly authorized representative.

INSTRUCTIONS TO BIDDERS

Envelopes containing bids must be sealed and marked in the upper left-hand corner with the name and address of the bidder, identification of the invitation, and the date and hour of opening.

Bids should be filled out in ink, indelible pencil, or typewriter.

Bidder must show total amount bid on last sheet on which a bid is entered.

PLEASE STATE ON YOUR BID METHOD OF SHIPMENT

A bid deposit of no percent of the total amount bid, in the form of postal or express money order, or cashier's or certified check, or such other form of security as may be acceptable to the contracting officer, made payable to the Treasurer of the United States, must accompany the bid.

Property must be removed by the successful bidder within _____ calendar days after notice of award, unless otherwise specified in the description or in any special condition, time to be computed from the date of mailing or otherwise furnishing said notice.

BID

DATE OF BID

In compliance with the above invitation, and subject to all the General Sale Terms and Conditions and any special conditions, the undersigned offers and agrees, if this bid be accepted within _____ calendar days (60 calendar days if no period be specified by the bidder) after date of the opening, to purchase any or all of the items described herein upon which prices are quoted, at the price set opposite each item. Bid deposit in the amount of \$ _____ is enclosed.

BIDDER REPRESENTS: (1) That the aggregate number of employees of the bidder and its affiliates is (Check appropriate boxes) ☐ 500 or more, ☐ less than 500. (2) That he ☐ has, ☐ has not, employed or retained a company or person (other than a full-time employee) to solicit or secure this contract, and agrees to furnish information relating thereto as requested by the contracting officer.

GENERAL SALE TERMS AND CONDITIONS

1. INSPECTION.—Bidders are invited and urged to inspect the property to be sold prior to submitting bids. Property will be available for inspection at the places and times specified in the Invitation. The Government will not be obliged to furnish any labor for such purpose. In no case will failure to inspect constitute grounds for a claim or for the withdrawal of a bid after opening.

2. CONDITION OF PROPERTY.—All property listed herein is offered for sale "as is" and "where is," and without recourse against the Government. If it is provided herein that the Government shall load, then "where is" means f. o. b. conveyance at the point specified in the Invitation. The description is based on the best available information, but the Government makes no guaranty, warranty, or representation, expressed or implied, as to quantity, kind, character, quality, weight, size, or description of any of the property, or its fitness for any use or purpose, and no claim will be considered for allowance or adjustment or for rescission of the sale based upon failure of the property to correspond with the standard expected; this is not a sale by sample.

3. CONSIDERATION OF BIDS.—The Government reserves the right to reject any or all bids, to waive any technical defects in bids, and, unless otherwise specified by the Government or by the bidder, to accept any one item or group of items in the bid, as may be in the best interest of the Government. Unless otherwise specified, bids must be submitted on the basis of the unit specified for the item in the Invitation, and bids may be submitted on any or all items. In case of error in the extension of prices in the bid, the unit prices will govern.

4. BID GUARANTEE.—The bidder agrees that (1) the bid will not be withdrawn within the time specified for acceptance after the opening of bids (60 calendar days if no period be specified by the bidder), and will during that time remain firm and irrevocable, and that (2) the bidder will pay to the Government the purchase price of the property in accordance with the bid if accepted. If a bid deposit is required, the bid must be accompanied by said bid deposit. In the event of any default by the bidder or any failure by the bidder to comply with all terms and conditions of this contract, any deposit made by the bidder may be applied by the Government to any loss, cost, and expense occasioned to the Government thereby, including any loss, cost, and expense incurred in selling the property and including any difference between the amount specified in the bid and the amount for which the Government may sell the property, if the latter amount be less than the former. Deposits accompanying bids which are not accepted will be returned. Deposits of successful bidders may be applied against the contract price, and upon completion of the contract, any excess of the deposit will be returned to the bidder.

5. PAYMENT.—Payment of the balance of the purchase price, if a deposit has been made, or otherwise of the full purchase price, shall be made by cash, or by certified check, cashier's check, bank draft, postal or express money order, payable to the Treasurer of the United States. Unless otherwise specified by the Government, payment of the full purchase price, subject to any adjustment for variation in quantity or weight pursuant to Condition No. 8, must be made prior to the date specified for removal and prior to delivery of any property. If any such adjustment is necessary, then payment must be completed, unless otherwise specified by the Government, immediately subsequent to adjustment. If the successful bidder fails to make full and final payment as herein provided, the Government reserves the right, upon written notice to the successful bidder, to sell or otherwise dispose of any or all of such property in the Government's possession and to charge the loss, if any, to the account of the defaulting bidder. The original Purchaser will in no way be released from full compliance with the terms and conditions of the sale by his resale of the property.

6. TITLE.—Title to the items of property sold hereunder shall vest in the Purchaser as and when full and final payment is made, unless otherwise specified by the Government, and except that if the contract provides that loading will be performed by the Government, title shall not vest until such loading and such payment are completed. On all motor vehicles and motor-propelled or motor-drawn equipment requiring licensing, a certificate of release, Standard Form 97 (or a State certificate of title, if such a certificate of title has been issued to the Government), will be furnished for each such vehicle and piece of equipment.

7. DELIVERY AND REMOVAL OF PROPERTY.—The Purchaser shall be entitled to obtain the property upon vesting of title of the property in him, unless otherwise specified in the Invitation to Bid. Delivery shall be at the designated location, and the Purchaser shall remove the property at his expense. The Purchaser shall reimburse the Government for any damage to Government property caused by the removal operations of the Purchaser. If the Purchaser fails to remove the property within the specified time, the Government shall have the right to charge the Purchaser and collect upon demand a reasonable storage charge if the property is stored on premises owned or controlled by the Government, or store the property elsewhere for the Purchaser's account, and all costs incident to such storing, including handling and moving charges, shall be borne and paid by the Purchaser; in addition to the foregoing rights, the Government may, after the expiration of thirty (30) days after the date specified for removal, and upon ten (10) days' written notice (calculated from the date of mailing) to the Purchaser (which ten (10) days' written notice may, at the option of the

contracting officer, be included either partly or wholly in the thirty (30) days specified above or may be in addition thereto), resell the property, applying the proceeds therefrom against the storage and any other costs incurred for Purchaser's account. Any details regarding removal of the property as may not be provided for herein, shall be arranged with the contracting officer, which arrangement shall be reduced to writing.

8. ADJUSTMENT FOR VARIATION IN QUANTITY OR WEIGHT.—Any variation between the quantity or weight listed for any item and the quantity or weight of such item tendered or delivered to the Purchaser will be adjusted on the basis of the unit price quoted for such item; but no adjustment for such variation will be made where an award is made on a "price for the lot" basis.

9. WEIGHING.—Where weighing is necessary to determine price hereunder, the Purchaser, unless otherwise provided, shall arrange for, and pay all expenses of weighing material, including all switching charges incurred. In case of removal by truck, weighing shall be under the supervision of the Government and, at its option, on (a) Government scales, or (b) certified scales in the vicinity of the location of the property, or (c) certified scales in the vicinity of the Purchaser's establishment, or (d) other scales acceptable to both parties. When removal is by rail, weighing shall be on railroad track scales, or by other means acceptable to the railroad for freight charge purposes. Government-approved weighing shall govern payment.

10. RISK OF LOSS.—(1) After mailing notice of award, and prior to passage of title to the Purchaser, the Government will be responsible for the care and protection of the property and any loss, damage, or destruction occurring during such period will be adjusted by the contracting officer. (2) After passage of title to the Purchaser, and prior to the date specified for removal, the Government's responsibility will be limited to the exercise of reasonable care for the protection of the property. (3) After the date specified for removal of the property, all risk of loss, damage, or destruction from any cause whatsoever shall be borne by the Purchaser.

11. LIMITATION ON GOVERNMENT'S LIABILITY.—In any case where liability of the Government to the Purchaser has been established, the extreme measure of the Government's liability shall not, in any event, exceed refund of the purchase price or such portion thereof as the Government may have received.

12. VERBAL MODIFICATIONS.—Any oral statement by any representative of the Government, modifying or changing any conditions of this contract, is an expression of opinion only and confers no right upon the Purchaser.

13. COVENANT AGAINST CONTINGENT FEES.—Purchaser warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Purchaser for the purpose of doing business. For breach of this warranty, the Government shall have the right to annul this contract without liability or at its option, to recover from the Purchaser the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth.

14. OFFICIALS NOT TO BENEFIT.—No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, unless it be made with a corporation for its general benefit.

15. DISPUTES.—Except as otherwise specifically provided in this contract, all questions of fact involved in disputes arising under this contract shall be decided by the contracting officer, whose decision upon said facts shall be final and conclusive upon the parties, subject to written appeal by the Purchaser within thirty (30) days to the head of the department or his duly authorized representative, whose decision on said facts shall be final and conclusive upon the parties hereto. In the meantime, the Purchaser shall diligently proceed with performance.

16. DEFINITIONS.—(a) The term "head of the department" as used herein shall mean the head or any assistant head of the executive department or independent establishment involved, and the term "his duly authorized representative" shall mean any person or persons, other than the contracting officer, authorized to act for him, or any board set up in accordance with regulations.

(b) The term "contracting officer" as used herein shall include his duly appointed successor and his duly authorized representative.

INSTRUCTIONS TO BIDDERS

Envelopes containing bids must be sealed and marked in the upper left-hand corner with the name and address of the bidder, identification of the invitation, and the date and hour of opening.

Bids should be filled out in ink, indelible pencil, or typewriter.

Bidder must show total amount bid on last sheet on which a bid is entered.

GENERAL SALE TERMS AND CONDITIONS

1. **INSPECTION.**—Bidders are invited and urged to inspect the property to be sold prior to submitting bids. Property will be available for inspection at the places and times specified in the Invitation. The Government will not be obliged to furnish any labor for such purpose. In no case will failure to inspect constitute grounds for a claim or for the withdrawal of a bid after opening.

2. **CONDITION OF PROPERTY.**—All property listed herein is offered for sale "as is" and "where is," and without recourse against the Government. If it is provided herein that the Government shall load, then "where is" means f. o. b. conveyance at the point specified in the Invitation. The description is based on the best available information, but the Government makes no guaranty, warranty, or representation, expressed or implied, as to quantity, kind, character, quality, weight, size, or description of any of the property, or its fitness for any use or purpose, and no claim will be considered for allowance or adjustment or for rescission of the sale based upon failure of the property to correspond with the standard expected; this is not a sale by sample.

3. **CONSIDERATION OF BIDS.**—The Government reserves the right to reject any or all bids, to waive any technical defects in bids, and, unless otherwise specified by the Government or by the bidder, to accept any one item or group of items in the bid, as may be in the best interest of the Government. Unless otherwise specified, bids must be submitted on the basis of the unit specified for the item in the Invitation, and bids may be submitted on any or all items. In case of error in the extension of prices in the bid, the unit prices will govern.

4. **BID GUARANTEE.**—The bidder agrees that (1) the bid will not be withdrawn within the time specified for acceptance after the opening of bids (60 calendar days if no period be specified by the bidder), and will during that time remain firm and irrevocable, and that (2) the bidder will pay to the Government the purchase price of the property in accordance with the bid if accepted. If a bid deposit is required, the bid must be accompanied by said bid deposit. In the event of any default by the bidder or any failure by the bidder to comply with all terms and conditions of this contract, any deposit made by the bidder may be applied by the Government to any loss, cost, and expense occasioned to the Government thereby, including any loss, cost, and expense incurred in selling the property and including any difference between the amount specified in the bid and the amount for which the Government may sell the property, if the latter amount be less than the former. Deposits accompanying bids which are not accepted will be returned. Deposits of successful bidders may be applied against the contract price, and upon completion of the contract, any excess of the deposit will be returned to the bidder.

5. **PAYMENT.**—Payment of the balance of the purchase price, if a deposit has been made, or otherwise of the full purchase price, shall be made by cash, or by certified check, cashier's check, bank draft, postal or express money order, payable to the Treasurer of the United States. Unless otherwise specified by the Government, payment of the full purchase price, subject to any adjustment for variation in quantity or weight pursuant to Condition No. 8, must be made prior to the date specified for removal and prior to delivery of any property. If any such adjustment is necessary, then payment must be completed, unless otherwise specified by the Government, immediately subsequent to adjustment. If the successful bidder fails to make full and final payment as herein provided, the Government reserves the right, upon written notice to the successful bidder, to sell or otherwise dispose of any or all of such property in the Government's possession and to charge the loss, if any, to the account of the defaulting bidder. The original Purchaser will in no way be released from full compliance with the terms and conditions of the sale by his resale of the property.

6. **TITLE.**—Title to the items of property sold hereunder shall vest in the Purchaser as and when full and final payment is made, unless otherwise specified by the Government, and except that if the contract provides that loading will be performed by the Government, title shall not vest until such loading and such payment are completed. On all motor vehicles and motor-propelled or motor-drawn equipment requiring licensing, a certificate of release, Standard Form 97 (or a State certificate of title, if such a certificate of title has been issued to the Government), will be furnished for each such vehicle and piece of equipment.

7. **DELIVERY AND REMOVAL OF PROPERTY.**—The Purchaser shall be entitled to obtain the property upon vesting of title of the property in him, unless otherwise specified in the Invitation to Bid. Delivery shall be at the designated location, and the Purchaser shall remove the property at his expense. The Purchaser shall reimburse the Government for any damage to Government property caused by the removal operations of the Purchaser. If the Purchaser fails to remove the property within the specified time, the Government shall have the right to charge the Purchaser and collect upon demand a reasonable storage charge if the property is stored on premises owned or controlled by the Government, or store the property elsewhere for the Purchaser's account, and all costs incident to such storing, including handling and moving charges, shall be borne and paid by the Purchaser; in addition to the foregoing rights, the Government may, after the expiration of the thirty (30) days after the date specified for removal, and upon ten (10) days' written notice (calculated from the date of mailing) to the Purchaser (which ten (10) days' written notice may, at the option of the

contracting officer, be included either partly or wholly in the thirty (30) days specified above or may be in addition thereto), resell the property, applying the proceeds therefrom against the storage and any other costs incurred for Purchaser's account. Any details regarding removal of the property as may not be provided for herein, shall be arranged with the contracting officer, which arrangement shall be reduced to writing.

8. **ADJUSTMENT FOR VARIATION IN QUANTITY OR WEIGHT.**—Any variation between the quantity or weight listed for any item and the quantity or weight of such item tendered or delivered to the Purchaser will be adjusted on the basis of the unit price quoted for such item; but no adjustment for such variation will be made where an award is made on a "price for the lot" basis.

9. **WEIGHING.**—Where weighing is necessary to determine price hereunder, the Purchaser, unless otherwise provided, shall arrange for, and pay all expenses of weighing material, including all switching charges incurred. In case of removal by truck, weighing shall be under the supervision of the Government and, at its option, on (a) Government scales, or (b) certified scales in the vicinity of the location of the property, or (c) certified scales in the vicinity of the Purchaser's establishment, or (d) other scales acceptable to both parties. When removal is by rail, weighing shall be on railroad track scales, or by other means acceptable to the railroad for freight charge purposes. Government-approved weighing shall govern payment.

10. **RISK OF LOSS.**—(1) After mailing notice of award, and prior to passage of title to the Purchaser, the Government will be responsible for the care and protection of the property and any loss, damage, or destruction occurring during such period will be adjusted by the contracting officer. (2) After passage of title to the Purchaser, and prior to the date specified for removal, the Government's responsibility will be limited to the exercise of reasonable care for the protection of the property. (3) After the date specified for removal of the property, all risk of loss, damage, or destruction from any cause whatsoever shall be borne by the Purchaser.

11. **LIMITATION ON GOVERNMENT'S LIABILITY.**—In any case where liability of the Government to the Purchaser has been established, the extreme measure of the Government's liability shall not, in any event, exceed refund of the purchase price or such portion thereof as the Government may have received.

12. **VERBAL MODIFICATIONS.**—Any oral statement by any representative of the Government, modifying or changing any conditions of this contract, is an expression of opinion only and confers no right upon the Purchaser.

13. **COVENANT AGAINST CONTINGENT FEES.**—Purchaser warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Purchaser for the purpose of doing business. For breach of this warranty, the Government shall have the right to annul this contract without liability or at its option, to recover from the Purchaser the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth.

14. **OFFICIALS NOT TO BENEFIT.**—No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, unless it be made with a corporation for its general benefit.

15. **DISPUTES.**—Except as otherwise specifically provided in this contract, all questions of fact involved in disputes arising under this contract shall be decided by the contracting officer, whose decision upon said facts shall be final and conclusive upon the parties, subject to written appeal by the Purchaser within thirty (30) days to the head of the department or his duly authorized representative, whose decision on said facts shall be final and conclusive upon the parties hereto. In the meantime, the Purchaser shall diligently proceed with performance.

16. **DEFINITIONS.**—(a) The term "head of the department" as used herein shall mean the head or any assistant head of the executive department or independent establishment involved, and the term "his duly authorized representative" shall mean any person or persons, other than the contracting officer, authorized to act for him, or any board set up in accordance with regulations.

(b) The term "contracting officer" as used herein shall include his duly appointed successor and his duly authorized representative.

INSTRUCTIONS TO BIDDERS

Envelopes containing bids must be sealed and marked in the upper left-hand corner with the name and address of the bidder, identification of the invitation, and the date and hour of opening.

Bids should be filled out in ink, indelible pencil, or typewriter.

Bidder must show total amount bid on last sheet on which a bid is entered.

SIGNATURE OF CONTRACTING OFFICER

GENERAL SALE TERMS AND CONDITIONS

1. **INSPECTION.**—Bidders are invited and urged to inspect the property to be sold prior to submitting bids. Property will be available for inspection at the places and times specified in the Invitation. The Government will not be obliged to furnish any labor for such purpose. In no case will failure to inspect constitute grounds for a claim or for the withdrawal of a bid after opening.

2. **CONDITION OF PROPERTY.**—All property listed herein is offered for sale "as is" and "where is," and without recourse against the Government. If it is provided herein that the Government shall load, then "where is" means f. o. b. conveyance at the point specified in the Invitation. The description is based on the best available information, but the Government makes no guaranty, warranty, or representation, expressed or implied, as to quantity, kind, character, quality, weight, size, or description of any of the property, or its fitness for any use or purpose, and no claim will be considered for allowance or adjustment or for rescission of the sale based upon failure of the property to correspond with the standard expected; this is not a sale by sample.

3. **CONSIDERATION OF BIDS.**—The Government reserves the right to reject any or all bids, to waive any technical defects in bids, and, unless otherwise specified by the Government or by the bidder, to accept any one item or group of items in the bid, as may be in the best interest of the Government. Unless otherwise specified, bids must be submitted on the basis of the unit specified for the item in the Invitation, and bids may be submitted on any or all items. In case of error in the extension of prices in the bid, the unit prices will govern.

4. **BID GUARANTEE.**—The bidder agrees that (1) the bid will not be withdrawn within the time specified for acceptance after the opening of bids (60 calendar days if no period be specified by the bidder), and will during that time remain firm and irrevocable, and that (2) the bidder will pay to the Government the purchase price of the property in accordance with the bid if accepted. If a bid deposit is required, the bid must be accompanied by said bid deposit. In the event of any default by the bidder or any failure by the bidder to comply with all terms and conditions of this contract, any deposit made by the bidder may be applied by the Government to any loss, cost, and expense occasioned to the Government thereby, including any loss, cost, and expense incurred in selling the property and including any difference between the amount specified in the bid and the amount for which the Government may sell the property, if the latter amount be less than the former. Deposits accompanying bids which are not accepted will be returned. Deposits of successful bidders may be applied against the contract price, and upon completion of the contract, any excess of the deposit will be returned to the bidder.

5. **PAYMENT.**—Payment of the balance of the purchase price, if a deposit has been made, or otherwise of the full purchase price, shall be made by cash, or by certified check, cashier's check, bank draft, postal or express money order, payable to the Treasurer of the United States. Unless otherwise specified by the Government, payment of the full purchase price, subject to any adjustment for variation in quantity or weight pursuant to Condition No. 8, must be made prior to the date specified for removal and prior to delivery of any property. If any such adjustment is necessary, then payment must be completed, unless otherwise specified by the Government, immediately subsequent to adjustment. If the successful bidder fails to make full and final payment as herein provided, the Government reserves the right, upon written notice to the successful bidder, to sell or otherwise dispose of any or all of such property in the Government's possession and to charge the loss, if any, to the account of the defaulting bidder. The original Purchaser will in no way be released from full compliance with the terms and conditions of the sale by his resale of the property.

6. **TITLE.**—Title to the items of property sold hereunder shall vest in the Purchaser as and when full and final payment is made, unless otherwise specified by the Government, and except that if the contract provides that loading will be performed by the Government, title shall not vest until such loading and such payment are completed. On all motor vehicles and motor-propelled or motor-drawn equipment requiring licensing, a certificate of release, Standard Form 97 (or a State certificate of title, if such a certificate of title has been issued to the Government), will be furnished for each such vehicle and piece of equipment.

7. **DELIVERY AND REMOVAL OF PROPERTY.**—The Purchaser shall be entitled to obtain the property upon vesting of title of the property in him, unless otherwise specified in the Invitation to Bid. Delivery shall be at the designated location, and the Purchaser shall remove the property at his expense. The Purchaser shall reimburse the Government for any damage to Government property caused by the removal operations of the Purchaser. If the Purchaser fails to remove the property within the specified time, the Government shall have the right to charge the Purchaser and collect upon demand a reasonable storage charge if the property is stored on premises owned or controlled by the Government, or store the property elsewhere for the Purchaser's account, and all costs incident to such storing, including handling and moving charges, shall be borne and paid by the Purchaser; in addition to the foregoing rights, the Government may, after the expiration of thirty (30) days after the date specified for removal, and upon ten (10) days' written notice (calculated from the date of mailing) to the Purchaser (which ten (10) days' written notice may, at the option of the

contracting officer, be included either partly or wholly in the thirty (30) days specified above or may be in addition thereto), resell the property, applying the proceeds therefrom against the storage and any other costs incurred for Purchaser's account. Any details regarding removal of the property as may not be provided for herein, shall be arranged with the contracting officer, which arrangement shall be reduced to writing.

8. **ADJUSTMENT FOR VARIATION IN QUANTITY OR WEIGHT.**—Any variation between the quantity or weight listed for any item and the quantity or weight of such item tendered or delivered to the Purchaser will be adjusted on the basis of the unit price quoted for such item; but no adjustment for such variation will be made where an award is made on a "price for the lot" basis.

9. **WEIGHING.**—Where weighing is necessary to determine price hereunder, the Purchaser, unless otherwise provided, shall arrange for, and pay all expenses of weighing material, including all switching charges incurred. In case of removal by truck, weighing shall be under the supervision of the Government and, at its option, on (a) Government scales, or (b) certified scales in the vicinity of the location of the property, or (c) certified scales in the vicinity of the Purchaser's establishment, or (d) other scales acceptable to both parties. When removal is by rail, weighing shall be on railroad track scales, or by other means acceptable to the railroad for freight charge purposes. Government-approved weighing shall govern payment.

10. **RISK OF LOSS.**—(1) After mailing notice of award, and prior to passage of title to the Purchaser, the Government will be responsible for the care and protection of the property and any loss, damage, or destruction occurring during such period will be adjusted by the contracting officer. (2) After passage of title to the Purchaser, and prior to the date specified for removal, the Government's responsibility will be limited to the exercise of reasonable care for the protection of the property. (3) After the date specified for removal of the property, all risk of loss, damage, or destruction from any cause whatsoever shall be borne by the Purchaser.

11. **LIMITATION ON GOVERNMENT'S LIABILITY.**—In any case where liability of the Government to the Purchaser has been established, the extreme measure of the Government's liability shall not, in any event, exceed refund of the purchase price or such portion thereof as the Government may have received.

12. **VERBAL MODIFICATIONS.**—Any oral statement by any representative of the Government, modifying or changing any conditions of this contract, is an expression of opinion only and confers no right upon the Purchaser.

13. **COVENANT AGAINST CONTINGENT FEES.**—Purchaser warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Purchaser for the purpose of doing business. For breach of this warranty, the Government shall have the right to annul this contract without liability or at its option, to recover from the Purchaser the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth.

14. **OFFICIALS NOT TO BENEFIT.**—No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, unless it be made with a corporation for its general benefit.

15. **DISPUTES.**—Except as otherwise specifically provided in this contract, all questions of fact involved in disputes arising under this contract shall be decided by the contracting officer, whose decision upon said facts shall be final and conclusive upon the parties, subject to written appeal by the Purchaser within thirty (30) days to the head of the department or his duly authorized representative, whose decision on said facts shall be final and conclusive upon the parties hereto. In the meantime, the Purchaser shall diligently proceed with performance.

16. **DEFINITIONS.**—(a) The term "head of the department" as used herein shall mean the head or any assistant head of the executive department or independent establishment involved, and the term "his duly authorized representative" shall mean any person or persons, other than the contracting officer, authorized to act for him, or any board set up in accordance with regulations.

(b) The term "contracting officer" as used herein shall include his duly appointed successor and his duly authorized representative.

INSTRUCTIONS TO BIDDERS

Envelopes containing bids must be sealed and marked in the upper left-hand corner with the name and address of the bidder, identification of the invitation, and the date and hour of opening.

Bids should be filled out in ink, indelible pencil, or typewriter.

Bidder must show total amount bid on last sheet on which a bid is entered.

				160 " "	3532 " "		163.20

163.20 Tr.Oz. Nickel x .0685714 - - 11.19 Av. Lb. x 79¢ per lb. - \$8.84
Val.of Nickel

Agreed with Mr. Heffey, the Assayer, that not profitable either from assaying standpoint, nor from monetary return, as there may be a penalty in bidding for the presence of nickel.
